2021-2022 TTC Catalog

Landscape Management

Certificate in Applied Science
17 Credit Hours

The Landscape Management certificate is ideal if you want to take courses in a specific area of landscape maintenance and management. The objective of this certificate is to create confidence and professionalism in the landscaper and nursery worker by broadening his or her horticultural knowledge and increasing exposure to modern techniques and materials used in landscape management.

Major Requirement

HRT 101 Introduction to Horticulture 3
