

THE M.E.N.S. PROGRAM

Mentoring- Empowering -Networking for Success

The goal of this program is to enhance Trident Technical College's commitment to providing support resources outside of the classroom experience to help male students achieve their educational and personal goals.

- *All male students are strongly encouraged to participate.**
- *Workshops, speakers, meetings presentations, and other activities will be held regularly for the mentees according to their interests.**
- * Mentor-matching is available to help ensure the academic and personal success of the students in the program.**

This program serves Trident Technical College's commitment to provide support resources beyond the classroom to help male students achieve their academic and personal goals.
