Horticulture Technology

Associate in Applied Science
Credit Requirements: 65-66 Semester
Credit Hours

The Horticulture Technology program prepares students for positions in landscape design and construction, turf supervision, horticultural sales, nursery plant production and landscape maintenance. Students in horticulture must see an advisor for specific scheduling needs. Classes are taught in the Horticulture Technology building, the greenhouse and horticulture gardens. Some courses will transfer to Clemson University’s horticulture program. See your advisor for more information.

For entry into this program, the student must be a high school graduate or possess a GED and take the college’s placement test or meet the college’s SAT or ACT requirements.
