- Finish your degree faster, for about half of what you'd pay at other online universities.
- Western Governors University is a nonprofit online university. What does this mean for you?
- It means we're driven by a mission, not by shareholders.
- It's part of what enables us to charge half the tuition of most other online universities.
- WGU is also approved to offer federal financial aid to those who qualify.
- Our competency-based approach measures your progress through your successful completion of challenging assessments. If you have existing competencies from prior work and education, you may be able to draw upon this experience to complete your assessments faster and accelerate your degree program; this will save you both time and money.
