- University Transfer

**MAINTENANCE AND TECHNICAL TRADES**
- Aeronautical Technologies
- Air Conditioning/Refrigeration
- Automotive
- Electrician
- Horticulture
- Industrial Maintenance
- Machining
- Mechatronics
- Welding

**TTC Graduates**

**Melissa Davis**
Criminal Justice Associate Degree, Trident Technical College
Correctional Officer

“I’m pretty amazed and proud of myself. I’ve been able to achieve a lot of the things I’ve wanted and deserve. I’ve worked hard—very hard—to get where I’m at, and I’m very excited to see what the future is going to bring for me. I have to say that Trident did definitely set that off for me. Trident is definitely a good starting point for a new life.”

**Nick Gorman**
Engineering Design Graphics Associate Degree, Trident Technical College
Mechanical Designer, Scientific Research Corporation
Enrolled in Mechanical Engineering Transfer program, Trident Technical College

“Trident Tech has definitely laid the groundwork for me and helped me get in front of the people I need to get in front of. From there, it was on me to do the work. But before that, Trident Tech gave me all the tools that I needed to be able to do what I needed to do when it was time to do it. And I couldn’t be more appreciative of that.

With Trident Tech and other colleges like this, you get a very specific education on what it is you’re doing because you’re also working with people who have been in the field.”

**Katrina Roman**
Associate in Arts, Trident Technical College
Bachelor’s Degree, Elementary Education, South Carolina State University
Master’s Degree, Reading, Grand Canyon University
Fifth Grade Teacher, Charleston Progressive Academy
2020 Teacher of the Year

“Trident Tech was the start of me fulfilling my dreams to become a teacher. And now, I am the 2020 Teacher of the Year.”

**Joseph Powe**
Associate in Science, Trident Technical College
Bachelor of Science, Kinesiology, Charleston Southern University
Master of Health Administration, Webster University
Supervisor, Pathology and Laboratory Medicine, Medical University of South Carolina

“After graduating here at Trident Tech back in 2013, I continued my education at Charleston Southern University as a bachelor of kinesiology. From there, when I graduated in 2015, I got accepted into Webster University, where I obtained my master’s degree in health care administration in 2017. Today, I’m a supervisor in the department of pathology and laboratory medicine at the Medical University of South Carolina. Trident Tech played an important role in my education and especially in my career. Even today, I still have relationships with my professors who taught me and even those who tutored me.”
Explore your areas of interest and other tables at the Academic Fair. Then visit classroom and/or lab area locations to speak with instructors and watch demonstrations for the programs listed in each building.

1. Academic Fair
   b. High School Programs (Dual Credit, Youth Apprenticeships)
   c. Areas of Interest

2. Programs located in Bldg. 920:
   a. Accounting (500 and 600 hallways)
   b. Business Technology (500 and 600 hallways)
   c. Computer Technology (500 and 600 hallways)
   d. Electrician: Construction and Industrial (Room 614)
   e. Industrial Maintenance Mechanic (Room 624)
   f. Information Systems Programming (Room 503)
   g. Networking Systems Management (Rooms 603, 505)

3. Food Court (outside) and T-shirt prize pickup area (inside) with completed passport card

4. Programs located in Bldg. 700 and 800 Lobby Area:
   a. Air Conditioning and Refrigeration Mechanics
   b. Automotive Technology
   c. Electrician: Automated and Industrial
   d. Engineering Technology and Engineering Transfer
   e. Machine Tool Technology
   f. Civil And Electronic Engineering Technology

5. The Hub – The first stop where all new students get help with the college process.

6. Programs located in Bldg. 300:
   a. Early Care and Education (Room 157)
   b. Human Services (Room 148)

7. Program located in Bldg. 400:
   a. Welding

   d. Fitness Specialist
   e. Graphic Design
   f. Photography
   g. Radio and Television
   h. Web Design

13. Programs located in Bldg. 1000:
   a. Mechatronics
   b. Engineering Transfer
   c. Mechanical Engineering Technology
   d. Machine Tool Technology
   e. Aeronautical Studies
2020 Scholarships

South Carolina LIFE Scholarship
For students to qualify for the scholarship under the current and/or renewal requirements, they must meet certain criteria.

Current Requirements

- Enrollment in at least 12 college-level (non-developmental/bridge) credits each semester to meet the full-time enrollment requirement. A student must complete a 30-annual-credit-hour requirement to qualify for renewal.
- Students may only be considered for the S.C. LIFE Scholarship for two years from the date of initial college enrollment when working toward a two-year degree.
- Students who are S.C. LIFE Scholarship recipients are not eligible to receive S.C. Lottery-Funded Tuition Assistance, except during the remediation period.
- Students with disabilities may be approved to take a reduced course load (instead of 12 credit hours) to meet the full-time enrollment requirement and the 30-annual-credit-hour requirement. Please contact TTC’s Counseling Services office for more information at 843.574.6131.

Students may view additional eligibility and renewal requirements on the South Carolina Commission on Higher Education website at www.che.sc.gov.

High School Juniors – Prepare to apply online for TTC scholarships
TTC’s 2021-22 online scholarship application will be available starting January 2021. The college will use your application to determine your eligibility for all TTC scholarships for the 2021-22 academic year.

Before gaining access to the online scholarship application, high school seniors must complete these steps:
1. Submit a TTC-admission application to the TTC Admissions office. You will receive a student ID number and email account once your application is processed.
2. Submit an official high school transcript (through your junior year) to the Admissions office.
3. Submit SAT/ACT scores to the Admissions office OR complete the TTC placement test.

Once you complete these steps you may access the online scholarship application through the my.tridenttech.edu student portal.

Schedule

9-10 a.m.
Welcome/Registration – Bldg. 920
Complex for Economic Development
Meet current students and receive your goody bag with materials to help you get the most out of Trident Technical College Career Day 2020!

9-10:30 a.m.
Orientation – Bldg. 920
Complex for Economic Development
TTC staff explain what to expect throughout the day and offer tips to assist you in mapping out your time with us.

9 a.m.-12:30 p.m.
Academic Fair – Bldg. 920
Complex for Economic Development
Begin your explorations here. Find out what tours are available and gather at designated spots to begin your tour.

9:15 a.m.-noon
Ongoing Tours of Academic Programs
Campus-wide
Once you’ve left from the Academic Fair on your first tour, you can use the map in this handbook to visit other areas for tours, or you can return to the Academic Fair. Don’t forget to get at least three signatures on your passport card to receive your prize!

10 a.m.-12:30 p.m.
Food Court Area—Bldg. 920
(outside Relish Restaurant)
Explore student organizations, purchase food and more! Come inside the glass doors to turn in your completed passport for a prize.

Industry partners are here today to show you what kinds of jobs you could have after graduating from Trident Technical College. Start a conversation by asking the employers some of these questions:

1. What does your company do?
2. What kind of job can someone get with your company?
3. What education is required for employment with your company?
4. What extracurricular activities will help prepare me to get a job with your company?

Ride the Shuttle
The shuttle will leave from the front of Bldg. 920 approximately every 15 minutes. The shuttle’s route is:
- S.C. Aeronautical Training Center (Bldg. 1000)
- Film, Media, and Visual Arts / Wellness Center (Bldg. 950)
- Return to Bldg. 920

S.C. LIFE Scholarship Info Session
Tuesday, April 7, 6 p.m.
Nursing and Science Building (Bldg. 970/Room 108)
For more information, contact Mark Yearty at mark.yearty@tridenttech.edu or 843.574.6340.

High School Juniors – Prepare to apply online for TTC scholarships
TTC’s 2021-22 online scholarship application will be available starting January 2021. The college will use your application to determine your eligibility for all TTC scholarships for the 2021-22 academic year.

Before gaining access to the online scholarship application, high school seniors must complete these steps:
1. Submit a TTC-admission application to the TTC Admissions office. You will receive a student ID number and email account once your application is processed.
2. Submit an official high school transcript (through your junior year) to the Admissions office.
3. Submit SAT/ACT scores to the Admissions office OR complete the TTC placement test.

Once you complete these steps you may access the online scholarship application through the my.tridenttech.edu student portal.
