Answers provided here do not substitute for a site visit or remove the contractor's responsibility for estimating properly the difficulty and cost of successfully performing the work, or for proceeding to successfully perform the work without additional expense to the State. The State assumes no responsibility for any conclusions or interpretations made by the Contractor based on the information made available herein. Nor does the State assume responsibility for any understanding reached or representation made concerning conditions which can affect the work by any of its officers or agents before the execution of this contract, unless that understanding or representation is expressly stated in this contract.

Following are questions received and answers to those questions.

Question 1: What is the estimated construction budget?

State's Response: NO CHANGE. The maximum budget is set at $25,000.

Question 2: Can I get a copy of the planholders list and addenda, if available?

State's Response: NO CHANGE.
a) A Plan Holder list is not available.
b) All addenda are posted directly on Trident Technical College's (TTC) solicitation website.

Question 3: What type of space will we be working in?

State's Response: NO CHANGE. The space where the work will be conducted is a backroom warehouse/storage area approximately 30ft x 30ft and 12 feet off the ground.

Question 4: Will it be a cubicle area, storage, open, or multiple walls to go through?

State's Response: NO CHANGE: The workspace is a storage area, and the contractor will need to penetrate one wall at a junction box to transition from Metal-Clad (MC) cable to the conduit. The contractor will route the MC cable from the electrical panel above the drop ceiling to the side of the junction box.

Question 5: If you could, provide a few details as far as general conditions in the path of the conduit to be installed.

State's Response: NO CHANGE. The conduit path runs through an open, unobstructed warehouse area. All installation work along this path can be completed using a 12-foot ladder.

Question 6: Will the space be occupied, and what are the hours of work?

State's Response: NO CHANGE.

a) Occupancy: The primary warehouse workspace will be unoccupied. Minimal work is required on the electrical room side, which is located in a hallway with occasional light foot traffic.
(b) Hours of Work: Monday through Thursday from 8:00 a.m. to 4:00 p.m., and Friday from 8:00 a.m. to 1:00 p.m.
