

Trident Technical College (TTC) is conducting market research to gather information for a hosted Integrated Planning and Advising Service (IPAS) to assist with the onboarding, academic planning, advising, registration, and early alert of applicants and students. The college's ERP system is Ellucian Colleague.

TTC is a public, two-year, multicampus community college that provides quality education and promotes economic development in Berkeley, Charleston and Dorchester counties. TTC is one of the largest institutions in the state, enrolling approximately 12,000 students in credit programs and additional students in multiple non-credit courses. These students have a wide variety of educational goals, including university transfer. TTC further promotes economic development through customized education and training for business, industry and government and a variety of employment training programs. Learn more at [www.tridenttech.edu](http://www.tridenttech.edu).

If you wish to provide information regarding a hosted IPAS system as a part of this market research, please contact:

Carol A. Belcher, C.P.M., Director of Procurement, Trident Technical College
