PREFERENCES - A NOTICE TO VENDORS (SEP. 2009): On June 16, 2009, the South Carolina General Assembly rewrote the law governing preferences available to in-state vendors, vendors using in-state subcontractors, and vendors selling in-state or US end products. This law appears in Section 11-35-1524 of the South Carolina Code of Laws. A summary of the new preferences is available at www.procurement.sc.gov/preferences. ALL THE PREFERENCES MUST BE CLAIMED AND ARE APPLIED BY LINE ITEM, REGARDLESS OF WHETHER AWARD IS MADE BY ITEM OR LOT. VENDORS ARE CAUTIONED TO CAREFULLY REVIEW THE STATUTE BEFORE CLAIMING ANY PREFERENCES. THE REQUIREMENTS TO QUALIFY HAVE CHANGED. IF YOU REQUEST A PREFERENCE, YOU ARE CERTIFYING THAT YOUR OFFER QUALIFIES FOR THE PREFERENCE YOU’VE CLAIMED. IMPROPERLY REQUESTING A PREFERENCE CAN HAVE SERIOUS CONSEQUENCES. [11-35-1524(E)(4)&(6)].  

PREFERENCES - ADDRESS AND PHONE OF IN-STATE OFFICE: Please provide the address and phone number for your in-state office in the space provided below. An in-state office is necessary to claim either the Resident Vendor Preference (11-35-1524(C)(1)(i)&(ii)) or the Resident Contractor Preference (11-35-1524(C)(1)(iii)). Accordingly, you must provide this information to qualify for the preference. An in-state office is not required, but can be beneficial, if you are claiming the Resident Subcontractor Preference (11-35-1524(D)).  

___ In-State Office Address same as Home Office Address  
___ In-State Office Address same as Notice Address  

Bidders shall acknowledge receipt of this Amendment prior to date and time specified in the solicitation, or as amended, by one of the following methods: (1) by signing and returning the Amendment, (2) by letter, or (3) by submitting a bid that indicates in some way that the bidder received the amendment. Failure of your acknowledgement to be received at the issuing office prior to date and time specified may result in rejection of your offer. If by virtue of this amendment you desire to change an offer already submitted, such change may be made by telegram or letter, provided such telegram or letter makes reference to the solicitation and this amendment, and is received prior to the opening hour and date specified. **The college will not accept faxed amendments.**

Except as provided herein all terms and conditions of the document referenced as heretofore changed remain unchanged and in full force and effect.

**Solicitation #: 030415-912-35405-04/06/15**

**Title: Directional Boring Services on TTC Main Campus**

This amendment is issued answer questions and to make additions / changes to the scope of work/specifications.

**Part 1:**

**Q-1:** Per the field walk yesterday for the referenced project there was reference to the installation of “hand-holds” for bore location #2, a drawing was to be sent out for the location of these “hand-holds” as well as a traffic rating type. Also at the second bore location the distance of the bores were conflicting between the field measurement and the solicitation. Can you please clarify both of these items?

**A-1:** There will be a total of (5) hand holds, SCE&G minimum size, traffic rated. See attached PDF drawing after bidding schedule. See attached drawing – option II.

**Q-2:** Location 1, Along Wetterau Ave – from rear of B970 towards rear of B920/B630. Scope shows to bore approx. 510 feet…. Please clarify the start and stop point.

**A-2:** Please see change to location 1 distance in part 2 - item 1 below.

**Q-3:** I returned to the site, but did not see where that required asphalt cutting was at the 3-90 bend riser location. Is it in the parking lot next to the SCE&G pole?

**A-3:** The Wetterau Road bore is a total of approximately 1572 feet. It starts in the wooded area at the top of the picture closest to the railroad tracks, crosses under Mabeline Road, runs parallel to the tracks, stops and then goes in two directions, one towards B630 (the short run in the picture), and the other towards B920 building (the longer run in the picture). There are no asphalt cuts associated with this bore.

**Part 2:**

1. On page 13, Section III, Scope of Work/Specifications, Location 1, item 1:

   **Delete:**

   1. Directional bore approximately 510 feet and place (1) 5” Ø HDPE SDR-11 red conduit from transformer to pole.

   **Insert:**

   1. Directional bore approximately 1,572 feet and place (1) 5” Ø HDPE SDR-11 red conduit from transformer to pole.

2. On page 13, Section III, Scope of Work/Specifications, Location 1, item 3:

   **Delete:**

   3. Install 5” Ø riser and (3) 90° bends. Risers will be 7 ft tall and made of standard schedule 40 galvanized steel.

   **Insert:**
3. Install 5” Ø riser and (3) 90° bends. Risers will be 10 ft. tall and made of standard schedule 40 galvanized steel.

3. See attached revised bidding schedule.
