

Trident Technical College (TTC) is conducting market research to gather information for SaaS cloud-based College Bookstore Management and Point-of-Sale systems. The systems must include an eCommerce solution, and the Point-of-Sale system must be PCI-DSS compliant. This is being done in accordance with TTC's business continuity plan.

TTC is a public, two-year, multicampus community college that provides quality education and promotes economic development in Berkeley, Charleston and Dorchester counties. TTC is one of the largest institutions in the state, enrolling approximately 12,000 students in credit programs and additional students in multiple non-credit courses. These students have a wide variety of educational goals, including university transfer. TTC further promotes economic development through customized education and training for business, industry and government and a variety of employment training programs. TTC operates College-owned bookstores at its main campus and two of its satellite campuses. Learn more at www.tridenttech.edu.

If you wish to provide information regarding a SaaS cloud-based College Bookstore Management and Point of Sale systems as a part of this market research, please contact:

Carol A. Belcher, C.P.M., Director of Procurement,
Trident Technical College
