

2020-2021 TTC Catalog

Management - Supply Chain Management

Associate in Applied Science in Management

Supply Chain Management Career Path

60 Credit Hours

The Supply Chain Management career path provides students with the basic concepts of traditional supply chain techniques and the activities involved in sourcing, procurement and manufacturing of the final products or services provided. The Supply Chain career path combines traditional costing methods with a focus on long-term sustainability of the organization and relationships with employees, supplies, vendors, customers and the public.

Students can earn only one Management degree in a single career path.
