## Medical Assisting

### Diploma in Applied Science in Medical Assisting

#### 46 Credit Hours

The Medical Assisting program prepares students to help other health care providers examine and treat patients and perform routine tasks needed to keep offices running smoothly. Duties may be administrative, clinical or both. Graduates who work in a small office or health care facility may handle both clinical and clerical duties. Graduates working in larger medical practices will probably specialize in either the clinical or administrative aspects of the job.

Graduates of the program are eligible to take the national AAMA certification examination.
