

2022-2023 TTC Catalog - Science and Mathematics

TTC's Division of Science and Mathematics provides the first two years of a four-year degree as well as general education and support courses for TTC programs. Students who plan to earn a degree from a four-year college or university can take freshman- and sophomore-level transfer courses through the Associate in Science degree program or through one of the specialty 2+2 programs.

Students who are fulfilling requirements for admission into one of TTC's Health Sciences or Nursing programs should work closely with their Pre-Nursing or Pre-Health Sciences advisor before selecting courses.

For more information, call the Division of Science and Mathematics at 843.574.6015.
