

2024-2025 TTC Catalog

Commercial Graphics - Photography

Associate in Applied Science in Commercial Graphics

Photography Career Path

60 Credit Hours

The Photography program prepares students for a wide range of careers in the field of professional photography. Employment opportunities include event, portrait, product and food photography as well as positions in studios, magazines, ad agencies or stock photo houses. Students in this career path will study various types of cameras, composition, lighting, darkroom processes and digital imaging. The program will emphasize both the artistry and technical requirements necessary to be successful in this highly creative and competitive field.

Students can earn only one Commercial Graphics degree in a single career path.
