2025-2026 TTC Catalog

Network Security

Certificate in Applied Science 27 Credit Hours

This program is designed for individuals who have experience or training in network operations. This program prepares you for network security specialist jobs. It is ideal if you are employed or are pursuing employment in a business that uses a LAN and WAN environment to accomplish its business objectives. This program presents the knowledge and skills needed to use the Internet as a secure link between corporate and partner LANs. It is designed to help you prepare for a number of industry certification examinations including CompTIA: A+, Network+, Security+, and Red Hat Certified System Administrator (RHCSA).
