Welcome to Kids’ College and Teen University at Trident Technical College!

We are pleased to offer a variety of educational opportunities to build on your children’s imagination, creativity and talent as they experience Trident Technical College’s (TTC) 19th year of providing summer camps for students ages 7-17. Kids’ College programs are geared towards children ages 7-11 and Teen University is programmed specifically for teens and preteens ages 12-17.

Camps are divided into the following subject areas:
- College Prep
- Computer Technology
- Creative Arts
- Culinary, Baking and Pastry
- Leadership Skills
- Math and Science
- Young Professionals

Camps will be offered at:
- Berkeley Campus in Moncks Corner
- Dorchester County QuickJobs Training Center in St. George
- Main Campus in North Charleston
- Mount Pleasant Campus in Mount Pleasant
- St. Paul’s Parish Site in Hollywood

Registration
- Don’t wait until the last minute to register. Make sure your child has a summer to remember!
- Visit http://www.tridenttech.edu/ce/programs/summer-camps/index.htm to browse program information and links to the registration page.
- Please provide the camper’s information and Social Security number - not the parent’s information.
- Payment must be made at the time of registration.
- Please make sure the college has your correct email and telephone number on file when you register.

When using our online registration system, you may now register all of your children or teens on one “household” account!

Waiting List
No seats in the camp you are interested in? Place your child on the Summer Camps Waiting List at http://www.tridenttech.edu/ce/programs/summer-camps/index.htm.

Contact Information
Contact Erika Legendre at 843.574.6663 or Dr. Daphne Holland at 843.574.6655.

Location
The location is designated in the course code/date line underneath each course description (see bottom of pages of this publication for the key).

Snack
A 15-minute break is scheduled every day, morning and afternoon. Campers are asked to bring a snack and drink except for those attending the culinary and pastry camps.

Drop-Off
Parents must escort their children to and from the classroom and sign them in and out each day. Please drop off your child at the site of his/her first camp. Campers should arrive on campus no earlier than 15 minutes prior to the start of the camp. Campers arriving earlier will not be supervised, and parents must accept full responsibility for their behavior and safety. Students changing building locations during the day will be escorted by a TTC staff member. Children driving themselves to camp will be required to sign in and out. If the child does not sign in, TTC will make every effort to notify the parent listed as the emergency contact.

Pick-Up
Parents must pick up children from the classroom and sign them out. Campers should be picked up promptly at noon for the 8:30 a.m.-noon classes and 4:30 p.m. for the 1:40 p.m. classes. If campers are not picked up within 15 minutes after their class has ended, they will be escorted to the supervised lunchroom. A late fee of $15 for each 15 minutes will be charged for campers remaining more than 15 minutes after their class has ended. Please allow ample time for traffic and weather, and if you’re going to be late, call 843.574.6152.

Early Pick-Up
Please notify staff during check in.

Dress Code
Please dress children appropriately; no flip-flops allowed.

Safety and Security
Please do not call or text your children during camp hours because this may disrupt the class or cause an accident. Trident Technical College cannot be responsible for the loss of personal items such as video games and cell phones.

Disruptive Behavior
Campers engaging in disruptive behavior will be sent home. This includes inappropriate behavior, fighting, shoving and inappropriate language.

Special Needs
If a student has any physical, emotional, or educational special needs that would require special accommodations by camp staff, it is the responsibility of the legal guardian to disclose that information at the time of enrollment in order for camp staff to be aware. Please note that TTC does not guarantee all special accommodations will be met, but will do all that is possible to provide reasonable accommodations to campers.

Allergies
If a student has food allergies, please be aware that TTC does not guarantee an allergen-free environment. Recipes may contain nuts, nut oils, shellfish, gluten, dairy, produce and other food allergens.

Instructors
Summer camp instructors are qualified educators from our local area who are selected for their abilities and expertise. They have years of experience and are excited about working with children and teens, along with providing a creative and stimulating learning environment.

Cancellation/Refund Policy
Trident Technical College reserves the right to cancel courses due to insufficient enrollment or instructor availability, in which case registrants will receive a full refund. The college gives no refunds after the course starts. No-shows are responsible for the full registration fee. The college grants a full refund to registrants if the cancellation is received eleven (11) or more business days before the course starts, less a $20 processing fee. The college will refund registrants 75 percent of the registration fee if the cancellation is received within ten (10) business days before the course starts, less a $20 processing fee.

Bring your camper for the day!
Sign up for a morning and afternoon session, pack a lunch and we’ll take care of the rest! All campers attending combined morning and afternoon camps must bring a lunch. Campers will eat in a designated area. Campers changing building locations during the day will be escorted by a TTC staff member. Children are supervised during lunch. Microwave/refrigeration access is not available.

Do you have an appetite for challenges? Do you need to know the secret ingredient, curious about what’s in the mystery basket, fear being chopped or want to be the next top chef? Then this is the class for you. During this exciting week, you participate in daily cooking challenges that are judged on creativity, presentation and taste with minimal time to plan and execute.

XDTU-735 726  July 25-29  MTuWThF 8:30 a.m.-noon  MC

### The Oriental Express (Ages 12-17) $194
Take your taste buds on an adventure through the great lands of Thailand, China, Japan, India and Vietnam. Learn the culture and cuisine of these countries while cooking traditional dishes.

XDTU-546 765  July 11-15  MTuWThF 8:30 a.m.-noon  MC

### Freedom of Speech: My Generation (Ages 12-17) $129
Challenge yourself to use various forms of media to identify and agree on the most interesting topic affecting your generation. This camp prepares you to debate and defend your position on the topic. Learn the art and elements of debating individually and with a team. A debate is conducted on the final day of camp with invited judges to determine the winning team.

XDTU-519 646  July 18-22  MTuWThF 8:30 a.m.-noon  MC

### Future Leaders (Ages 12-17) $129
Build your leadership potential. Discover how to strengthen your interpersonal and communication skills, be a team player, manage your time, plan and set goals, make decisions and solve problems, improve your presentation skills, and network for success. On the final day, you can practice your skills on each other, staff and faculty at the college and your parents.

XDTU-527 653  July 18-22  MTuWThF 1:4-6 p.m.  MC

### Making Adventure Practical (M.A.P.) for Youth (Ages 12-17) $129
Making Adventure Practical (M.A.P.) for Youth demonstrates how learning develops through different mediums including travel. This camp exposes students to new experiences and places and allows them to critically think about career opportunities in science, technology, history and hospitality and tourism. Students visit off-campus sites as well as have guest speakers from local businesses.

XDTU-533 693  July 25-29  MTuWThF 1:43 p.m.  MC

### Not Too Cool for Charm School (Ages 12-17) $129
Learn all the skills you need to feel confident, graceful and informed. Practice proper diction, forms of conversation and introductions, proper table manners (in case you are invited to dine with the president, a king or a queen), proper grooming skills and the correct form of posture (including sitting, modeling and walking.) The camp ends with a modeling show and tea with parents.

XDTU-536 713  June 27-July 1  MTuWThF 1:4-30 p.m.  MC

### Outdoor Adventures (Ages 12-17) $129
Do you want to be prepared in case of a natural disaster or do you just enjoy the great outdoors, weekend camping trips or afternoons on a hiking trail? Learn survival skills to stay safe and become first aid/CPR-certified through the American Red Cross as well as learn how to read a compass and what to do when you encounter wild animals. *$104 for four-day camp the week of July 5-8.

XDTU-709 715  July 5-8*  MTuWThF 8:30 a.m.-noon  MC
XDTU-709 714  July 11-15  MTuWThF 8:30 a.m.-noon  MC

### Presenting the Best You (Ages 12-17) $129
Present the best you by gaining confidence and learning the art of presentation through public speaking, résumé writing, dressing for success, and social media. Understand the importance of good credit, college readiness and career development.

XDTU-538 728  July 11-15  MTuWThF 8:30 a.m.-noon  MC

### Math and Science

#### Algebra (Ages 13-17) $139

This camp prepares students to have a stronger background in algebraic concepts and processes. Topics include the concept of a variable, algebraic expressions and equations; representations of situation and number patterns with tables, graphs, verbal rules and equations; use of matrices to solve linear systems; and applications of methods to solve a variety of real-world and mathematical problems.

**XDTU-504 712** June 13-17 MTuWThF 8:30 a.m.-noon MC

#### Pre-algebra (Ages 12-14) $139

This camp is a good review for Algebra I students. Topics include order of operations, the real number system, translating words into symbols, translating problems into equations, properties of equality, solving equations and problems, factoring polynomials, and solving inequalities.

**XDTU-881 723** July 18-22 MTuWThF 8:30 a.m.-noon MC

#### Geometry (Ages 13-17) $139

This camp prepares students to have a stronger geometry background with the study of visual patterns. Topics include geometric structure, geometric patterns, geometry of location, geometry of size and geometry of shape.

**XDTU-521 656** July 25-29 MTuWThF 1:40 p.m. MC

#### Mindstorms EV3 Robotics – Advanced (Ages 12-17) $149

Take what you know about the LEGO® Mindstorms® EV3 to another level. Assemble more sophisticated devices using components and sensors. Program your robots to do more and bring these devices to life. You are given challenges and will work with partners and teams to develop devices to solve the problem. Note: This camp uses the same software and sensors in the EV3 system from the Mindstorm EV3 Robotics – Intermediate camp.

**XDTU-534 702** June 27-July 1 MTuWThF 1:40 p.m. MP

**XDTU-534 703** July 18-22 MTuWThF 1:40 p.m. MP

### Reading, Writing and Math for English for Speakers of Other Languages (ESOL) (Ages 12-17) $119

Boost your confidence and learn cool strategies in reading and writing skills to improve proficiency in English, while practicing basic math skills by solving math problems. This camp is targeted to students whose first language is not English and who have been learning English for a year or more.

**XDTU-542 730** Aug. 1-5 MTuWThF 8:30 a.m.-noon MC

#### Safe Sitter (Ages 12-16) $129

Do you enjoy being with younger children? Do you want to babysit? Then maybe it’s time for Safe Sitter®. During this camp, you learn babysitting as a business; child care essentials; sitter safety; injury management; preventing problem behavior; care of choking infant or child; first aid; and infant or child CPR.

**XDTU-708 737** June 13-17 MTuWThF 8:30 a.m.-noon MC

**XDTU-708 738** June 20-24 MTuWThF 1:40 p.m. MP

**XDTU-708 739** June 27-July 1 MTuWThF 8:30 a.m.-noon MC

**XDTU-708 740** July 11-15 MTuWThF 1:40 p.m. MC

#### Financially Fit Future (Ages 12-17) $129

Create a financially fit future for yourself and learn the importance of good credit, how to avoid bad credit, how to navigate various types of bank accounts, understanding loans (especially student loans), being financially independent, and receive what you need to know when you begin your work career. Campers participate in a field trip to a local bank.

**XDTU-517 642** July 18-22 MTuWThF 8:30 a.m.-noon MC

#### Pre-calculus (Ages 14-17) $139

This camp provides campers with enhanced mathematical concepts and topics in functions, sequences and series, conic sections, parametric representations, polar representations, and vectors.

**XDTU-537 724** June 27-July 1 MTuWThF 8:30 a.m.-noon MP

**XDTU-537 725** Aug. 1-5 MTuWThF 1:40 p.m. MC

#### Probability and Statistics (Ages 13-17) $139

This camp better prepares students with the study of collecting and representing data, regression analysis, and probability and probability distributions.

**XDTU-539 729** June 20-24 MTuWThF 1:40 p.m. MC

#### Mindstorms EV3 Robotics – Intermediate (Ages 12-17) $139

EV3, which is used in the FIRST® LEGO® League competitions, is the newest robotics system from LEGO® Mindstorms®. Campers assemble devices using components and sensors and learn basic programming to bring these devices to life. Campers are given tasks and develop devices to solve the task. Note: This camp covers the same material as previous camps but uses the new software and sensors in the EV3 system.

**XDTU-872 704** June 20-24 MTuWThF 1:40 p.m. MP

**XDTU-872 705** July 11-15 MTuWThF 1:40 p.m. MP

#### CSI Biomedical Investigator (Ages 12-17) $139

Learn and apply various scientific techniques used in the process of investigating a crime scene. Activities include workshops in fingerprinting, blood splatter, entomology, psychological profiling, cybercrime, arson, DNA analysis, photography, canine assistance, self-defense, forensic anthropology and many more.

**XDTU-513 617** June 27-July 1 MTuWThF 1:40 p.m. MC

**XDTU-513 618** Aug. 1-5 MTuWThF 1:40 p.m. MC

#### Becoming President of the USA (Ages 12-16) $129

So you want to be the president of the United States? This camp better prepares students with the study of politics, the election process, which candidates win, and on the moon, and how humans will live and work on the moon.

**XDTU-507 583** June 27-July 1 MTuWThF 1:40 p.m. MC

#### NASA's B.E.S.T. – Beginning, Engineering, Science and Technology (Ages 12-17) $139

Are you interested in engineering and space exploration? NASA B.E.S.T. activities are designed to teach students the engineering design process. Activities specifically relate to how we investigate the moon remotely, the modes of transportation to and on the moon, and how humans will live and work on the moon.

**XDTU-539 729** June 20-24 MTuWThF 1:40 p.m. MC

#### Advanced (Ages 12-17) $139

This camp prepares students to have a stronger background in algebraic concepts and processes. Topics include the concept of a variable, algebraic expressions and equations; representations of situation and number patterns with tables, graphs, verbal rules and equations; investigating inequalities and nonlinear equations; use of matrices to solve linear systems; and applications of methods to solve a variety of real-world and mathematical problems.

**XDTU-507 583** June 27-July 1 MTuWThF 1:40 p.m. MC

#### Probability and Statistics (Ages 13-17) $139

This camp better prepares students with the study of collecting and representing data, regression analysis, and probability and probability distributions.
Strategic Board Games – Advanced  
(Ages 12-17) $119
Take your critical and strategic thinking to the ultimate level with hands-on group games to include Axis and Allies, Diplomacy, Agricola, Pandemic and classic chess. Also, enjoy playing numerous strategic card games.

Design Engineering – Beginner  
(Ages 12-17) $139
Take a journey in the footsteps of a design engineer by working with industry-leading design software Autodesk Inventor. After achieving a good understanding of the software, we recreate an object into the virtual world during a final reverse engineering project.

Design Engineering – Intermediate  
(Ages 12-17) $139
Investigate engineering and high-tech careers to develop skills and understanding by working with industry-leading design software Autodesk Inventor. Employ engineering and scientific concepts in the solution of engineering design problems to further develop problem-solving skills and apply your knowledge of research and design to create solutions to various challenges.

Aeronautical Science (Ages 12-17) $149
Learn the science and art of aviation from former USAF pilot and airline captain Skip Evans. This camp not only has you up in the air using a flight simulator, but also emphasizes other important aspects of aviation such as mathematics, geometry, physics, aerodynamics, weather and emergency procedures. Camp includes a field trip to the Charleston International Airport.

Drafting (Ages 12-17) $139
CAD software is the greatest tool at an engineer’s disposal. CAD (computer aided design) is the medium through which many of today’s great ideas get their start. Using the professional grade software AutoCAD, we explore what is required to take an idea and make it a reality.

Health Sciences (Ages 12-17) $169
This camp is for youth who want to pursue a career in health care. Hands-on lab experiences are conducted by health care professionals who teach and work in many direct patient care settings. Campers work with simulated patients, participate in team projects and engage in fun, interactive activities.

Real Estate (Ages 12-17) $149
Join Jennifer Davis, realtor for commercial and residential properties, as she guides you through the tricks of the trade in real estate and teaches you how to become a real estate investor. Students participate in a field trip to view three types of local homes and, at the end of the week, give a presentation.

Great Success Story (Ages 12-17) $129
Open up your mind to the next great success story. From corporate fitness to personal training, from plant breeding to genetic engineering, landscape design to horticulture therapy and working in nurseries, this camp is designed to teach you about various career opportunities as well as cover a variety of topics.

Drafting (Ages 12-17) $139
Take turns playing prosecutor, judge and jury in this intriguing introduction to law and the court system. You get to hear cases, present testimony and decide the verdict in a mock trial. Camp is taught by attorneys.

Video Editing (Ages 12-17) $149
During this fun, fast-paced media arts camp, you learn the ins and outs of what it takes to be a video editor. Explore the media arts industry as you learn to edit a music video as well as a documentary-style story. At the end of the week, showcase your editing skills with your swag music video and engaging, educational documentary! No editing experience is necessary.

Why Not You? Become the Next Great Success Story (Ages 12-17) $129
During this week, we explore the areas of passion, vision, money, entrepreneurship and much more. We have you covered with special guests, music, good times, lasting memories and other special surprises as we help you to become the next great success story.

Health, Wellness and Fitness  
(Ages 12-17) $129
From corporate fitness to personal training, club management to corporate health promotions, this camp is designed to teach you about careers in health, wellness and fitness. During this camp, you complete a series of fitness assessments and related games, participate in group fitness activities, and learn strength training and resistance techniques, yoga and cardio conditioning. Required items: sneakers, workout clothing, small towel, water bottle and lock for locker.
