TTC's Summer Camp Schedule
June 8 - July 31, 2020
We are pleased to offer a variety of educational opportunities to build on your children’s imagination, creativity and talent as they experience Trident Technical College’s (TTC) Summer Camps. Kids’ College programs are geared towards children ages 7-11 and Teen University is programmed specifically for teens and preteens ages 12-17.

Summer camps open for registration on Feb. 15, 2020. www.tridenttech.edu/ce

Spotlight On: The South Carolina Aeronautical Training Center

Many campers can get their first glimpse inside the brand new South Carolina Aeronautical Training Center (SCATC) on Trident Tech’s Thornley Campus this summer. This high-tech facility is filled with state-of-the-art equipment that students get to use in many of our STEM (Science Technology Engineering and Math) focused summer camps, which may inspire them to consider a future in a technological field.

2020 Summer Camps in the SCATC include:

- Aviation Adventures (Ages 9-11), see pg. 27
- Design Engineering: 3D Printing (Ages 12-17), see pg. 51
- Fun with Composites (Ages 12-17), see pg. 35
- Manufacturing Robots (Ages 12-17), see pg. 51
- VEX Robotics Team A/B (Ages 12-17), see pg. 48

“I’ve often said, South Carolina has a decade to do what Washington state had a century to do – create an aeronautical culture,” Trident Tech President, Dr. Mary Thornley said. “To do this requires more than education: it requires inspiration. The South Carolina Aeronautical Training Center will be that place of inspiration! Consider a summer learning experience in this world class facility. Be inspired to explore.”

The SCATC is also playing host to a brand new scholarship program, the Lowcountry Advanced Manufacturing Institute (LAMI) that launches this summer (see pg. 62). Running concurrently with our summer camps LAMI is intended to give students an overarching view of the many career paths encompassed in the world of advanced manufacturing and includes tours of area facilities as well as hands-on learning with SCATC equipment.
# 2020 Summer Camps

## Table of Contents

### General Information
- Spotlight On: The South Carolina Aeronautical Training Center ....... 2
- Registration Information ............. 4
- Camp Policies .......................... 60

- Nature and Outdoors .................. 49
- Young Professionals ................... 50
Registration

Don’t wait until the last minute to register. Make sure your child has a summer to remember! Summer camps open for registration on Feb. 15, 2020.

• Visit www.tridenttech.edu/ce/programs/summer-camps to browse program information and links to the registration page.

• Provide the camper’s information and date of birth – not the parent’s information.

• Payment must be made at the time of registration. You can sign up for a payment plan through April 30, 2020 when purchasing three or more camps. There is a $30 sign-up processing fee due when registering for the plan. All purchases made using a payment plan must be done in person at the Thornley Campus registration desk, Bldg. 910.

• Make sure the college has your correct email and telephone number on file when you register.

• When registering online, you can register all of your children on one “household” account.

• No seats available in the camp you want? Place your child on the waiting list. The “waiting list” option appears in lieu of the “add to cart” option when a class is at capacity.

Camp Times:

Sessions are available from 8:30 a.m.-noon and 1-4:30 p.m. But any camper can stay all day by signing up for both a morning camp and afternoon camp. Camp Sunrise Early Drop-Off and/or Extended Day Late Pick Up options are also available for Thornley Campus registrations allowing students the option of being in camp from 7:30 a.m.-5:30 p.m. Campers attending all day must bring a lunch and eat in a supervised area. Microwave/refrigeration access is not available. Campers changing building locations during the day are escorted by a TTC staff member.

Camp Sunrise Early Drop-Off $35

Students arrive at 7:30 a.m. and participate in a variety of engaging wake-up activities like brain teasers, games, stretches and light exercises to get ready for the day. Drop-off prior to 8:15 a.m. is for Camp Sunrise students only. If you need to drop your child off prior to 8:15 a.m., please register him/her for the program.

ID# 13562 June 8-12 M-F 7:30-8:30 a.m. TC
ID# 13563 June 15-19 M-F 7:30-8:30 a.m. TC
ID# 13564 June 22-26 M-F 7:30-8:30 a.m. TC
ID# 13565 July 6-10 M-F 7:30-8:30 a.m. TC
ID# 13566 July 13-17 M-F 7:30-8:30 a.m. TC

Learn... and play!

LOCATIONS: BC = Berkeley Campus; MP = Mount Pleasant Campus; PC = Palmer Campus; TC = Thornley Campus
Alice 3D and Animation (Ages 7-11) $165
Would you like to make animated movies and interactive video games? With just a few clicks, create impressive 3D scenes and moving objects like people, animals and vehicles. Create your own story!
ID# 13578 June 8-12 M-F 1-4:30 p.m. TC

App Design (Ages 7-11) $199
Build your own Android or iOS mobile app game. Practice computational thinking skills like level design, if-then statements, variables, gameplay mechanics, debugging and enhancing the gamer experience. Maybe yours will be the next million-dollar idea!
ID# 13595 June 15-19 M-F 8:30 a.m.-noon PC
ID# 13596 July 20-24 M-F 8:30 a.m.-noon TC

Be a YouTube Influencer (Ages 7-11) $145
Do you have something important to say or something you’d like to teach others? Want to gain followers on YouTube and other social media? Learn how to influence the world by marketing to groups and media outlets. Be the master of your own virtual presence.
ID# 13609 July 6-10 M-F 8:30 a.m.-noon TC
ID# 13608 July 6-10 M-F 1-4:30 p.m. MP

Circuit Makers (Ages 7-11) $165
From buzzers to microcontrollers, see how basic electronics come together to form circuit projects in this hands-on STEM camp! Basic command codes, functions, loops and variables are used to light up LEDs, create sound and drive motion in mini computers and robotics.
ID# 13616 June 15-19 M-F 1-4:30 p.m. TC
ID# 13617 July 13-17 M-F 8:30 a.m.-noon TC

Code Academy (Ages 9-11) $165
Ready for the next step in coding? Learn to code like an expert using HTML and CSS. Work in Code Academy and other coding programs to learn the fundamentals of both languages and create visually exciting web pages.
ID# 13619 July 6-10 M-F 8:30 a.m.-noon PC
ID# 13620 July 13-17 M-F 1-4:30 p.m. TC

Code Breakers (Ages 7-11) $165
Whether you’re a beginner coder or eager to learn new tricks, this camp taps into your creativity to grow a solid foundation for web development. Develop online projects using the simple, block-like interface of Scratch.
ID# 13621 June 15-19 M-F 8:30 a.m.-noon TC
Coding Robots (Ages 7-11) $165
Learn what robots are, how they sense the world around them, and how they are controlled. Discover coding skills that can be used in a variety of programming situations. Teach a robot to operate with code you write. Create models with motors and sensors.

ID# 13624 July 6-10 M-F 1-4:30 p.m. TC
ID# 13625 July 27-31 M-F 1-4:30 p.m. TC

Ethical Code Hacking (Ages 7-11) $159
Develop problem-solving skills by using hacking tools to uncover vulnerabilities in the digital world. Learn the difference between ethical, legal white hat hacking and black hat hacking. Learn how to deal with bullies and keep yourself safe on social media.

ID# 13846 June 22-26 M-F 8:30 a.m.-noon MP
ID# 13847 July 27-31 M-F 1-4:30 p.m. TC

Gamestar Mechanic (Ages 7-11) $165
Learn the basic foundations of coding by going on quests through the world of Gamestar Mechanic. Use technical and digital literacy skills to complete basic code, play games, create amazing aesthetics and earn items to develop your own storylines and video games. Ignite 21st century STEM skills through a fun, entertainment-focused outlet.

ID# 13673 June 22-26 M-F 8:30 a.m.-noon TC

ID# 13675 July 27-31 M-F 8:30 a.m.-noon TC

Jumping into Minecraft (Ages 7-11) $159
New and returning Minecraft players collaborate to unlock independent learning in the educational world of Minecraft. Through instructor-guided challenges, explore building techniques, hone creative skills and practice survival techniques to create an interactive 3D community.

ID# 13689 June 8-12 M-F 1-4:30 p.m. TC
ID# 13690 June 15-19 M-F 1-4:30 p.m. TC
**Minecraft Art and Exploration (Ages 7-11) $159**
(For all levels of Minecraft abilities) In a collaborative, problem-solving setting find your inner artist to create 2D and 3D landscapes, architectural structures and pixel art designs as you work alongside other campers. Watch your ideas take shape as you build and explore. This is a play-based, co-learning camp facilitated through instructor-guided challenges.

ID# 13710  June 15-19  M-F  8:30 a.m.-noon  MP
ID# 13709  June 22-26  M-F  1-4:30 p.m.  TC
ID# 13711  July 13-17  M-F  1-4:30 p.m.  TC

**Minecraft Redstone (Ages 7-11) $159**
Learn the secrets of Minecraft’s Redstone power source to create simple and complex inventions. Activate doors, pistons, dispensers, note blocks and minecart rails with Redstone dust to power your electrical creations. This is a play-based, co-learning camp facilitated through instructor-guided challenges.

ID# 13712  June 22-26  M-F  8:30 a.m.-noon  TC
ID# 13713  July 6-10  M-F  1-4:30 p.m.  TC

**ROBLOX Builders (Ages 7-11) $159**
Unlock the power of ROBLOX® Studio! Learn how to build 3D models and create an adventure in your ROBLOX® world. Bring characters to life with unique animations you design.

ID# 13827  June 8-12  M-F  8:30 a.m.-noon  TC
ID# 13829  June 15-19  M-F  1-4:30 p.m.  MP
ID# 13828  July 13-17  M-F  8:30 a.m.-noon  TC

**Website Design (Ages 7-11) $165**
Design and create your own website through programs like WordPress, Weebly and Squarespace. Using fun pre-prepared content as well as your own ideas, utilize drag-and-drop design tools to create a visually-appealing webpage to share with family and friends!

ID# 13796  July 20-24  M-F  1-4:30 p.m.  TC
Adventures in Drumming (Ages 7-11) $139
Music teacher John Willmarth guides you on drumming basics including grip, stroke types, various rudiments and harnessing the rebound of the drum pad. Learn to count rhythms and interpret basic music notation. Show off your new skills during a showcase on the last day.
ID# 13573 July 27-31 M-F 8:30 a.m.-noon TC

Amazing Miniatures (Ages 7-11) $149
Take a tiny peek into the world of all things miniature. From school dioramas and dollhouse furniture, to architectural models and the Japanese tiny food cooking fad, learn all about scale and design. Hone your fine motor skills while creating your own miniatures from craft materials.
ID# 13581 June 15-19 M-F 8:30 a.m.-noon TC
ID# 13580 July 13-17 M-F 8:30 a.m.-noon BC

Art-rageous! (Ages 7-11) $149
Explore the outrageously creative process of art formation while using high-quality materials and a variety of fun techniques to create a very hands-on art experience.
ID# 13862 June 8-12 M-F 8:30 a.m.-noon TC
ID# 13864 July 13-17 M-F 1-4:30 p.m. TC
ID# 13863 July 20-24 M-F 8:30 a.m.-noon MP

Choral Camp (Ages 7-11) $139
Warm up those vocal chords and get ready for a week of playful choral singing! Through games and exercises for all abilities, learn new songs and practice the basics of performance. Share what you’ve learned during the group concert at the end of the week.
ID# 13615 June 8-12 M-F 1-4:30 p.m. TC

LOCATIONS: BC = Berkeley Campus; MP = Mount Pleasant Campus; PC = Palmer Campus; TC = Thornley Campus
Comic Book Character Drawing and Animation (Ages 9-11) $149
Get started on your first sketch and comic book character. Work on your character’s features and practice the basic skills of comic design. Bring your character to life with story boarding, comic paneling and by designing a cover for their comic book premiere.
ID# 13629  June 22-26  M-F  1-4:30 p.m.  PC
ID# 13630  July 27-31  M-F  8:30 a.m.-noon  TC

Drawing FUNdamentals (Ages 7-11) $149
Study a variety of art techniques to create artworks ranging from still lifes to self-portraits. Use high-quality drawing materials like pastels and shading tortillons in a new sketchpad to practice line, shadow, form, dimension and space.
ID# 13665  June 22-26  M-F  8:30 a.m.-noon  TC
ID# 13666  July 6-10  M-F  1-4:30 p.m.  PC
ID# 13667  July 27-31  M-F  1-4:30 p.m.  TC

Enchanted Fairy Gardens (Ages 7-11) $139
Delve into the world of fairies. Read whimsical stories then envision and draw your own winged characters while imagining what their lives may be like. Using craft and gardening materials, create a fairy garden to take home. Celebrate the end of camp with a fairy tea party.
ID# 13669  June 22-26  M-F  1-4:30 p.m.  TC

Fairy Tales and Fantasies (Ages 7-11) $139
From Jack and the Beanstalk to Briar Rose and other stories, spend a relaxing week reading and listening to the world’s beloved fairy tales. Explore imagined, faraway worlds and mythical creatures through dramatic readings, literary discussions, art, music and craft projects.
ID# 13670  June 15-19  M-F  1-4:30 p.m.  BC
**Greek Mythology (Ages 9-11) $139**
Explore the magical myths and legends of ancient Greek gods and goddesses. Imagine your own Greek gods, myths and symbols to write your own comic legend. Create an artifact that represents the powers you would hold as a Greek god or goddess.

ID# 13677  July 20-24  M-F  1-4:30 p.m.  TC

**Guitar (Ages 7-11) $139**
Are you dreaming of trying out the guitar or are you ready for the next challenge? Develop your musical ear by learning basic chords, strumming, plucking and practicing your favorite tunes. Bring your own guitar or use one provided by our Black Tie Music instructor, Kevin Church.

ID# 13679  June 15-19  M-F  1-4:30 p.m.  TC
ID# 13680  July 13-17  M-F  1-4:30 p.m.  MP

**Hair and Makeup Magic (Ages 7-11) $149**
Learn the latest trends of the beauty industry in a relaxed, age-appropriate setting that focuses on self-care and personal style exploration. Take home a makeup kit and hair styling materials for practicing techniques. You can also bring your own accessories to try.

ID# 13682  July 20-24  M-F  8:30 a.m.-noon  TC
ID# 13681  July 20-24  M-F  1-4:30 p.m.  BC

**Magical Masks (Ages 7-11) $139**
Throughout the ages and across the globe, people have used masks for art, protection, disguise, performance and ceremony. Discover the culture and history behind different types of masks and then create your own.

ID# 13832  July 20-24  M-F  8:30 a.m.-noon  PC
**Mosaic Tile Art (Ages 9-11) $149**
Step back into ancient Greece where mosaic art began. Learn the history, basic form, patterns and shadow elements of tiling. Use repurposed, colorful tile and other unique materials to craft your own dazzling mosaic displays.

ID# 13716  July 20-24  M-F  8:30 a.m.-noon  BC

**Movement, Yoga and You! (Ages 7-11) $129**
Explore all parts of yoga – not just the poses! Learn about mindfulness, meditation, storytelling, journaling, nutrition, movement and how all these pieces are connected. Practice concepts like peace, respect, gratitude, confidence and wellness.

ID# 13717  July 20-24  M-F  8:30 a.m.-noon  TC

ID# 13613 June 22-26 M-F 8:30 a.m.-noon BC

**Geology Rocks! (Ages 7-11) $139**
Have you ever found a rock with an interesting shape or coloring pattern? Observe different kinds of rocks and learn how each are formed. Hold unique rocks in your hand and learn how the rock cycle changes one rock type into another.
ID# 13853 June 8-12 M-F 1-4:30 p.m. PC
ID# 13852 June 15-19 M-F 1-4:30 p.m. TC

**Junior Forensic Investigators (Ages 9-11) $159**
Learn about forensic science by finding and examining physical evidence like fingerprints, impressions, hair and fiber. Use hands-on labs and your new detective skills to solve the crime. Take home a resource notebook and steps for making your own detective kit.
ID# 13691 July 6-10 M-F 8:30 a.m.-noon TC
LEGO Mechanics in Motion (Ages 7-8) $129
Have fun building with LEGO bricks while learning teamwork and preparing for engineering and problem-solving challenges. Build LEGO models demonstrating physical science and technology concepts including powered forces and motion, simple mechanical machines and more.
ID# 13697  June 8-12  M-F  8:30 a.m.-noon  TC
ID# 13698  July 13-17  M-F  1:4:30 p.m.  TC

LEGO Robotics (Ages 7-11) $139
Use LEGO WeDo 2.0 to program robotics in a collaborative setting. Bring colorful robotic characters to life while sharpening computational and engineering thinking skills like logical reasoning, pattern recognition and modeling simulations.
ID# 13699  June 22-26  M-F  1:4:30 p.m.  TC
ID# 13700  July 20-24  M-F  8:30 a.m.-noon  TC
ID# 13701  July 27-31  M-F  8:30 a.m.-noon  TC

Magical Tricks and Illusions (Ages 7-11) $145
Ever dreamed of being a magician? From street performers to grand illusionists, magicians captivate audiences with mystery, wonder, gadgetry, card tricks and quicker-than-the-eye science. Learn some tricks of the magical trade and practice your own sleight of hand to impress family and friends.
ID# 13702  July 13-17  M-F  8:30 a.m.-noon  TC
Mind-Bending Brain Games (Ages 7-11) $139
Through a fun week of wacky experiments, puzzles, brain teasers and optical illusions, discover how the mind processes information from your environment to form your unique sense of reality. You can even learn how to improve memory and get a better night’s sleep.
ID# 13704 July 27-31 M-F 1-4:30 p.m. PC

Really Weird Science (Ages 7-11) $145
Love all things sticky and slimy, ooey and gooey, strange and spooky? Learn about our world’s weirdest natural phenomena through bizarre science trivia and hands-on experiments to take home.
ID# 13735 July 20-24 M-F 1-4:30 p.m. TC

Science of Toys (Ages 7-11) $159
Do you ever wonder what makes your favorite toys work? Learn about the mechanics and inner workings of classic American toys. You get to take toys apart to see what’s really inside – and even build your own toys to take home!
ID# 13747 June 8-12 M-F 1-4:30 p.m. TC
ID# 13749 July 6-10 M-F 8:30 a.m.-noon MP
ID# 13748 July 6-10 M-F 1-4:30 p.m. TC
Science Whiz Kids (Ages 7-11) $145
Put on your lab coat and goggles and explore exciting science concepts through hands-on experiments. Experience the thrill of science while exploring the world around you and taking home new projects each day.

ID# 13750 June 22-26 M-F 8:30 a.m.-noon TC
ID# 13751 June 22-26 M-F 1-4:30 p.m. BC

Spy Detectives (Ages 7-11) $145
Do you wonder how secret agents and other spies solve mysteries? Learn the art of espionage with strategies like stealth and surveillance, disguises, spy gadgetry and communicating in codes. Discover tricks and tools used by famous spies in history.

ID# 13763 June 15-19 M-F 1-4:30 p.m. PC
ID# 13764 July 20-24 M-F 1-4:30 p.m. MP

Space Explorers (Ages 7-11) $145
Want to know how astronauts landed on the moon or how robots travel to Mars? Learn about outer space and interplanetary travel. Dream big and imagine faraway places. Investigate planetary bodies remotely and hear how humans may one day inhabit other worlds.

ID# 13761 June 8-12 M-F 8:30 a.m.-noon TC
ID# 13762 June 22-26 M-F 1-4:30 p.m. MP
Aquatic Adventures  
(Ages 7-11) $159
Learn about ocean waves, tectonic shifting, photic zones, water quality and hurricanes. Discover creatures and study oceanic samples to make predictions about animal physiology and behavior. Camp includes field experiences and opportunities to view sea animals.
ID# 13600  July 13-17  M-F  8:30 a.m.-noon  TC

Junior Wilderness Survival  
(Ages 7-11) $139
Do you like fresh air, hiking, camping and learning about nature? Discover how to use a compass, make fire, identify plants and animals, cook over a fire and more. Take a trip to a local park at the end of the week to explore outside and test your new skills.
ID# 13695  July 6-10  M-F  8:30 a.m.-noon  BC
ID# 13696  July 20-24  M-F  8:30 a.m.-noon  TC

Shark Week (Ages 7-11) $145
Dive into the fearfully fascinating world of sharks! From the great white to the hammerhead, learn to differentiate fact from fiction when it comes to these amazing creatures. Enjoy shark-themed pop culture, games and hands-on science activities.
ID# 13752  July 6-10  M-F  1-4:30 p.m.  BC
ID# 13753  July 20-24  M-F  1-4:30 p.m.  TC

Zany Zoology (Ages 7-11) $159
Discover the majesty of the animal kingdom. Through hands-on experiments, learn about the anatomy, physiology and behaviors of creatures great and small. Discover the flora and fauna of the Lowcountry during field experiences and opportunities to view live animals.
ID# 13801  July 27-31  M-F  8:30 a.m.-noon  TC

ID# 13760 June 22-26 M-F 1-4:30 p.m. TC

Small Bites (Ages 12-17) $215
Small is the new big thing! Join us for a week filled with mini roll ups, pizzas, stuffed chicken, mushrooms, shrimp, veggies and assorted sandwiches. These little treats are big on taste and fun to prepare.
ID# 13822 July 13-17 M-F 8:30 a.m.-noon PC

Summertime Sweets (Ages 12-17) $215
Inspired by the joys of summer, create treats that include ice box cakes and pies, popsicles and ice creams with warm-weather flavor inspirations like s’mores, lemonade and watermelon.
ID# 13770 July 13-17 M-F 1-4:30 p.m. TC
ID# 13771 July 27-31 M-F 1-4:30 p.m. TC

The Cookie Week (Ages 12-17) $215
Satisfy your cookie craving any time during this cookie-filled week. Create many varieties of your favorites and discover wonderful and new possibilities to share with your family and friends – or keep them all for yourself to enjoy!
ID# 13780 June 8-12 M-F 8:30 a.m.-noon TC

The Orient Express (Ages 12-17) $215
Take an imaginary culinary ride on the infamous Orient Express to experience the culinary delights of India, China and Southeast Asia. Enjoy dim sums, spicy stir fry, noodle bowls and sweet treats.
ID# 13815 July 6-10 M-F 1-4:30 p.m. TC
ID# 13816 July 20-24 M-F 8:30 a.m.-noon PC

The Wonderful World of Chocolate (Ages 12-17) $215
Chocoholics rejoice! Discover the art of making specialty chocolate delights – from truffles and candies to baked goods and everything rich and sweet in between.
ID# 13785 July 13-17 M-F 8:30 a.m.-noon TC

LOCATIONS: BC = Berkeley Campus; MP = Mount Pleasant Campus; PC = Palmer Campus; TC = Thornley Campus
Acting for Film (Ages 12-17) $195
Ever dreamed of being in a movie? Practice script analysis, scene work, stage presence, vocal projection and character development. Live under the lights and in front of the camera for a week to overcome acting challenges unique to the filmmaking process.
ID# 13569 June 8-12 M-F 1-4:30 p.m. TC

Film Editing (Ages 12-17) $195
Learn how to edit a story with a pre-written script, adding music and sound effects. Experiment with professional editing software to create a short film from prerecorded footage. Take all of your work with you on a flash drive to continue creating and editing on your own!
ID# 13671 June 22-26 M-F 1-4:30 p.m. TC

Film Production (Ages 12-17) $195
Experience the exciting process of taking a screenplay and making it into a movie. Learn the basics of crew positions on a green screen film set, how to film a scene from different camera angles, techniques for recording sound, and organizing video in Adobe Premiere Pro.
ID# 13672 June 15-19 M-F 1-4:30 p.m. TC

Movie Masks and Makeup (Ages 12-17) $195
Learn how to apply and design elaborate makeup and masks using special effects techniques from the film industry. Stretch your imagination and experiment with different mediums to transform your peers into monsters, creatures, zombies and vampires.
ID# 13718 June 15-19 M-F 8:30 a.m.-noon TC

Sound for Film (Ages 12-17) $195
Step into our soundproof Foley-audio studio to discover how sound is layered into film and TV. Learn practical tips from the pros for dialogue, narration and sound effects. Record dialogue and postproduction sound effects like footsteps, car doors and other everyday noises.
ID# 13757 June 22-26 M-F 8:30 a.m.-noon TC

Stop Motion and Claymation (Ages 12-17) $195
In this fun and interactive camp, build characters out of clay and bring them to life through stop motion. Tell a story with claymation and film your creations to produce an animated movie. No experience is needed!
ID# 13765 June 8-12 M-F 8:30 a.m.-noon TC
American Sign Language (Ages 12-17) $159
Have a family member or friend who is deaf or hard-of-hearing? Want to help others in your community? Learn how to sign by practicing the alphabet, reading children’s books, playing games and singing songs.
ID# 13586 July 6-10 M-F 1-4:30 p.m. TC

Martial Arts (Ages 12-17) $159
Campers of all abilities practice martial arts and self-defense skills. Experience a rush of confidence as you learn exercises and strength-building skills. Grow your mind by practicing the accompanying values of respect, teamwork, focus and self-discipline.
ID# 13743 June 22-26 M-F 8:30 a.m.-noon TC

Presenting the Best You (Ages 12-17) $139
Ensure that you are putting your best self forward. Understand the value of public speaking, interviewing and dressing for success, managing time, and setting goals as you gain critical personal and communication skills through this confidence-boosting camp.
ID# 13734 July 20-24 M-F 1-4:30 p.m. BC

Safe Sitter (Ages 12-17) $149
Do you want to start a babysitting business? Learn injury prevention, first aid, choking rescue and basic CPR, and manage problem behaviors to become a confident babysitter. Also learn how to keep yourself safe, set babysitting rates, find employers and promote your business.
ID# 13737 July 6-10 M-F 1-4:30 p.m. MP
ID# 13736 July 13-17 M-F 1-4:30 p.m. TC
ID# 13738 July 27-31 M-F 1-4:30 p.m. TC

Yoga Retreat (Ages 12-17) $139
Zen out at our yoga retreat. Learn yoga poses and sequences, practice meditation and mindfulness, and enjoy some of the foods of yogic culture. This self-reflection camp is the perfect spot to grow your mind and improve your strength while making friends.
ID# 13799 June 8-12 M-F 8:30 a.m.-noon TC

LOCATIONS: BC = Berkeley Campus; MP = Mount Pleasant Campus; PC = Palmer Campus; TC = Thornley Campus
Algebra (Ages 13-17) $139
Get a head start on your school year! Learn variables, expressions and equations, representations of situation and number patterns using tables and graphs, and investigate inequalities, nonlinear equations and use matrices to solve linear systems.
ID# 13575  July 13-17  M-F  8:30 a.m.-noon  TC

CSI Forensic Investigators (Ages 12-17) $149
Practice forensic techniques used to investigate a crime scene. Examine simulated evidence like fingerprints, blood splatter, handwriting, DNA and impressions to solve the murder mystery.
ID# 13646  June 15-19  M-F  8:30 a.m.-noon  TC
ID# 13647  June 22-26  M-F  1-4:30 p.m.  BC
ID# 13648  July 27-31  M-F  8:30 a.m.-noon  TC

Mindstorms EV3 Robotics: Level 1 (Ages 12-17) $149
Used in FIRST LEGO League competitions, EV3 is the most current robotics system from LEGO Mindstorms. Learn to assemble devices using components and sensors. Use basic programming to bring the devices to life.
ID# 13705  June 8-12  M-F  8:30 a.m.-noon  TC

Mindstorms EV3 Robotics: Level 2 (Ages 12-17) $149
Take what you know about LEGO Mindstorms EV3 to another level! Assemble more sophisticated devices using components and sensors. Program your robots to do even more challenging skills. Work in teams to develop devices to solve complex problems.
ID# 13706  July 6-10  M-F  8:30 a.m.-noon  TC

Pre-Algebra (Ages 12-14) $139
This is a great review for Algebra I students. Topics cover order of operations, the real number system, translating words into symbols, translating problems into equations, properties of equality, solving equations and problems, factoring polynomials, and solving inequalities.
ID# 13733  June 15-19  M-F  1-4:30 p.m.  TC
Strategic Board Games  
(Ages 12-17) $139
Take your strategic and critical thinking skills to the ultimate level with hands-on group games including Axis and Allies, Settlers of Catan, Agricola, Pandemic and classic Chess. Enjoy playing numerous strategic card games.
ID# 13766  July 6-10  M-F  8:30 a.m.-noon  TC

Tinkering: Inventions and Repairs (Ages 12-17) $159
This is your week to fix, disassemble, tinker, build and invent! From circuits to gears, hone your fine-motor and mechanical problem-solving skills by playing with tools and a variety of common household electronics and motorized objects. Bring your own fix-it items from home, too!
ID# 13787  June 22-26  M-F  1-4:30 p.m.  TC
ID# 13788  July 20-24  M-F  1-4:30 p.m.  MP

VEX Robotics Team A/B  
(Ages 12-17) $169
Build, program and drive a VEX robot with sensors and controls. Compete in the Swept Away VEX game tournament to find out if you’re fit to be the next VEX champion. This action-packed week is for both beginner and seasoned robotics competitors.
ID# 13792  June 15-19  M-F  8:30 a.m.-noon  TC
ID# 13793  June 15-19  M-F  8:30 a.m.-noon  TC
Drone Piloting (Ages 12-17) $169
Program and pilot drones, plan missions and navigate obstacles with cutting edge technology. Discover recreational, commercial and military applications for drones as well as the onboard sensors and systems that make them fly. Take home your own drone at the end of camp.
ID# 13668  June 22-26  M-F  8:30 a.m.-noon  BC

Wilderness Survival and Archery (Ages 12-17) $159
Learn outdoor survival techniques, tools and gear, cookery, first aid, obtaining food and water, bush craft, fire starting, navigation, and emergency preparedness. Get outside to practice the basics of archery and fishing as strategies for surviving in the wild!
ID# 13797  June 8-12  M-F  8:30 a.m.-noon  TC
ID# 13798  July 13-17  M-F  8:30 a.m.-noon  TC
Aeronautical Training  
(Ages 12-17) $159
Learn the science and art of aviation. This camp not only has you practicing flight skills with simulator software, but also emphasizes other important aspects of aviation such as mathematics, geometry, physics, aerodynamics, weather and emergency procedures.
ID# 13574 July 6-10 M-F 1-4:30 p.m. TC

Animal Health Sciences  
(Ages 12-17) $169
Thinking about a career in marine biology, zookeeping or veterinary medicine? Through hands-on activities and dissections, explore the anatomy and physiology of the major phyla of the animal kingdom and learn about parasitic infections and ecological relationships. Camp includes field experiences and opportunities to view live animals in their natural habitats.
ID# 13589 July 20-24 M-F 8:30 a.m.-noon TC

Art of Design  
(Ages 12-17) $159
Try your hand at professional graphic design techniques like branding, logo creation, visual identity and layout. Establish your unique artistic voice as a designer while learning practical and commercial uses for art.
ID# 13860 July 13-17 M-F 1-4:30 p.m. TC
ID# 13861 July 27-31 M-F 8:30 a.m.-noon TC

Car Mechanics and Repair  
(Ages 12-17) $169
First car need a little work? Or are you interested in an automotive career? Practice repairs on a real car! From oil and brake changes, to reading and diagnosing dash codes, learn all about car mechanics and internal combustion engines from an experienced car repair enthusiast.
ID# 13614 July 6-10 M-F 1-4:30 p.m. TC
Cosmetology Careers  
(Ages 12-17) $159
Learn the latest trends of the beauty industry as we focus on self-care and personal style exploration as well as career options in cosmetology. Take home a makeup kit and hair styling materials for practicing techniques.
ID# 13857    July 20-24 M-F     8:30 a.m.-noon    BC

Criminal Trial Litigation  
(Ages 12-17) $149
Innocent or guilty? Take turns playing prosecutor, judge and jury in this intriguing mock criminal trial. A fun introduction to law and the court system, you get to hear cases, present testimony and decide the verdict.
ID# 13645    July 20-24 M-F     8:30 a.m.-noon    TC

Design Engineering: 3D Printing  
(Ages 12-17) $169
This introduction to high-tech careers in engineering uses industry-leading design software and 3D printing technology. Hone your research and modeling skills while solving design challenges. Bring an object from the virtual world into existence using a 3D printer!
ID# 13659    June 15-19 M-F     1-4:30 p.m.    TC
ID# 13661    July 27-31 M-F     1-4:30 p.m.    TC

Manufacturing Robots  
(Ages 12-17) $159
Learn about the use of robots and automated systems in the field of manufacturing. Experience the different types of robots from simple claw bots and VEX systems all the way up to actual robots used in local industry. Learn how to command robots through computer programming and coding. Please note there is active hands-on experience with the lower level robotics, but the larger industry robots are instructor-led.
ID# 13869    July 13-17 M-F     8:30 a.m.-noon    TC

Moneymakers and Stock Simulators  
(Ages 12-17) $159
Find out how Mark Zuckerberg, Bill Gates and Steve Jobs became some of the richest people in the world. Learn about the economy, stock market and the rich history of American money. Practice purchasing stocks and watching them grow as you build your imaginary portfolio.
ID# 13715    July 20-24 M-F     8:30 a.m.-noon    TC

It is the policy of Trident Technical College that no discrimination on the grounds of race, color, disability, religion, gender, sexual orientation, age, marital status, veteran status, gender identity, pregnancy, or national or ethnic origin will exist in any area of the college.
**Drop-Off**
Parents/guardians must escort their child to and from the classroom and sign them in and out each day. Please drop off your child at the site of his/her first camp. Campers should arrive on campus no earlier than 15 minutes prior to the start of the camp. Campers arriving earlier will not be supervised (unless enrolled in Camp Sunrise), and parents/guardians must accept full responsibility for their behavior and safety. Children driving themselves to camp are required to sign in and out. If the child does not sign in, TTC makes every effort to notify the emergency contact.

**Pick-Up**
Parents/guardians must pick up their child from their classroom and sign them out. Campers should be picked up promptly at noon for the 8:30 a.m.-noon camps and 4:30 p.m. for the 1-4:30 p.m. camps unless that camper has registered for Extended Day Late Pick-up. Campers taking part in the Extended Day Late Pick-up program should be picked up promptly at 5:30 p.m. If campers are not picked up within 15 minutes after their camp has ended, they are escorted to the supervised lunchroom. A late fee of $15 for each 15 minutes is charged for campers remaining more than 15 minutes after their camp has ended. Please allow ample time for traffic and weather, and if you’re going to be late, call 843.574.6152. Also, if you need to pick up your child early, please notify staff during check in.

**Dress Code**
Please dress children appropriately; no flip-flops allowed.

**Snack/Break**
A 15-minute break is scheduled every day, morning and afternoon. Campers are asked to bring a snack and drink except for those attending the culinary and pastry camps.

**Allergies**
If a student has food or other allergies, please be aware that TTC does not guarantee an allergen-free environment. Culinary camp recipes may contain nuts, nut oils, shellfish, gluten, dairy, produce and other food allergens.

**Safety and Security**
Do not call or text your child during camp hours because this may disrupt the class or cause an accident. TTC is not responsible for the loss of personal items such as video games and cell phones.

**Disruptive Behavior**
Campers engaging in disruptive behavior will be sent home after an initial warning. This includes inappropriate behavior, fighting, shoving and inappropriate language.
Special Needs
If a student has any physical, emotional or educational special needs that would require special accommodations by camp staff, it is the responsibility of the legal guardian to disclose that information at the time of enrollment so camp staff is aware. Note: TTC does not guarantee all special accommodations can be met, but will do all that is possible to provide reasonable accommodations.

Instructors
Summer camp instructors are qualified educators from our local area who are selected for their abilities and expertise. They have years of experience and are excited about working with children and teens, along with providing a creative and stimulating learning environment.

Cancellation/Refund Policy
TTC reserves the right to cancel courses due to insufficient enrollment or instructor availability, in which case registrants receive a full refund. If your child cannot attend a class, please call 843.574.6152 or email ce.reg@tridenttech.edu immediately. You receive a full refund if you cancel 11 or more business days before the camp starts. You receive 75% of your registration fee if you cancel within 10 business days before camp starts. No-shows are responsible for the full registration fee. No refunds are given after the class starts.

Questions? Call 843.574.6152.
We are excited to announce that TTC is able to provide scholarships for campers to attend select Teen University summer camps in 2020. Scholarships are made possible by funding provided generously by the Bosch Community Fund.

Campers can attend one of these sponsored camps for only $10. Parents/guardians interested in enrolling their child in one of the scholarship-funded camps should call 843.574.6152 or email our registration office at ce.reg@tridenttech.edu. Scholarships are awarded on a first come, first served basis.

**Design Engineering: 3D Printing (Ages 12-17) $10**

This introduction to high-tech careers in engineering uses industry-leading design software and 3D printing technology. Hone your research and modeling skills while solving design challenges. Bring an object from the virtual world into existence using a 3D printer!

**Lowcountry Advanced Manufacturing Institute (LAMI)**

Trident Tech is now accepting applications for the inaugural Lowcountry Advanced Manufacturing Institute. This weeklong, full-day program for rising high school freshmen, sophomores and juniors is a prestigious opportunity to gain exposure to the extremely diverse world of advanced manufacturing.

Participants hear from industry leaders, tour local facilities, and use state of the art equipment in the new South Carolina Aeronautical Training Center as they learn about the wide variety of positions in manufacturing, from machining and robotics, to marketing and logistics. Monday through Thursday students spend mornings learning about and getting hands-on experience with current trends and practices in high-tech manufacturing and afternoons touring area facilities (boxed lunches are provided). On Friday students present group projects they completed during the week, followed by a catered recognition luncheon.

LAMI is funded through a generous donation from the Bosch Community Fund and is free to participants, however space is limited.

*Apply now at www.tridenttech.edu/ce/programs/catalog/information/LAMI.htm to be considered!*
What did you do last summer?
