

# 2018-2019 TTC Catalog

## IST 294 IT and Data Assurance II

Lec: 3.0 Lab: 0 Credit: 3.0

This course introduces methods for attacking a network. Concepts, principles, tools and techniques for attacking and disabling a network will be covered in the context of understanding how to properly secure a network as a network administrator. This course will provide coverage of the learning objectives associated with the EC-Council Certified Ethical Hacker certification. Topics such as social engineering, physical security and logistics will also be discussed.
