2018-2019 TTC Catalog - Computer Technology (CPT)

CPT 001 - Computer Technology Non-Equivalent

Lec: 0 Lab: 0 Credit: *
Indicates credit given for computer course work transferred from another college for which there is no equivalent course at TTC. *Hours vary.

Division: Business Technology

CPT 102 - Basic Computer Concepts

Lec: 3.0 Lab: 0 Credit: 3.0
This course includes the basic use of a computer with an overview of computer terminology and provides a basic foundation in software applications. This course is required for Computer Technology and Network Systems Management majors and is open to any student who desires a more comprehensive computer literacy course.

Prerequisite
MAT 032

Grade Type: Letter Grade
Division: Business Technology

CPT 114 - Computers and Programming

Lec: 3.0 Lab: 0 Credit: 3.0
This course introduces computer concepts and programming. Topics include basic concepts of computer architecture, files, memory and input/output devices. Programming is done in a modern high-level language. The course includes understanding how computer programs work and the role of the programmer in a business environment. The course starts with assembly language, then scripting language, then finishes with object-oriented programming. No previous programming knowledge is needed.

Prerequisite
MAT 032

Grade Type: Letter Grade
Restrictions: Restrictions apply for Programming majors. See advisor.
Division: Business Technology

CPT 162 - Introduction to Web Page Publishing

Lec: 3.0 Lab: 0 Credit: 3.0
This course is a study of the fundamentals of web page design and implementation.
Prerequisite
MAT 032

Grade Type: Letter Grade
Division: Business Technology

CPT 167 - Introduction to Programming Logic

Lec: 3.0 Lab: 0 Credit: 3.0
This course introduces foundation concepts in structured programming. Problem solving and algorithm development through pseudo code and flowcharting is emphasized. Solutions are developed using the basic control structures of sequential, decision and iteration.
Prerequisite
MAT 101

Grade Type: Letter Grade
Division: Business Technology

CPT 172 - Microcomputer Database

Lec: 3.0 Lab: 0 Credit: 3.0
This course introduces microcomputer database concepts, including generating reports from databases and creating, maintaining and modifying databases using Microsoft Access.
Prerequisite
MAT 032

Grade Type: Letter Grade
Division: Business Technology
CPT 174 - Microcomputer Spreadsheets

Lec: 3.0  Lab: 0  Credit: 3.0
This course introduces the use of spreadsheet software on the microcomputer. Topics include creating, editing, using formulas, using functions and producing graphs using Microsoft Excel.

Prerequisite
MAT 032

Grade Type: Letter Grade
Division: Business Technology

CPT 179 - Microcomputer Word Processing

Lec: 3.0  Lab: 0  Credit: 3.0
This course introduces microcomputer word processing. Topics include creating, editing, formatting and printing documents using Microsoft Word.

Grade Type: Letter Grade
Division: Business Technology

CPT 180 - Shell Scripting

Lec: 3.0  Lab: 0  Credit: 3.0
This course is a study of shell scripting and emphasizes the designing, coding, and testing of scripts. This course will cover shell scripting from both the command line and the Graphical User Interface.

Prerequisite
CPT 114
or
CPT 167

Grade Type: Letter Grade
Division: Business Technology

CPT 187 - Object-Oriented Logic and Design

Lec: 3.0  Lab: 0  Credit: 3.0
This is a study in the planning and implementation of object-oriented programs.
Prerequisite
CPT 167
with a minimum grade of C

Grade Type: Letter Grade
Division: Business Technology

CPT 202 - SQL Programming I

Lec: 3.0  Lab: 0  Credit: 3.0
This course is an introduction to the writing of basic Structured Query Language (SQL) used in creating tables, inserting data, retrieving data, and manipulating data from database.

Prerequisite
CPT 242

Grade Type: Letter Grade
Division: Business Technology

CPT 209 - Computer Systems Management

Lec: 3.0  Lab: 0  Credit: 3.0
This course examines the methods and procedures used in maintaining microcomputer systems. Topics include hardware and software installation, configuration, operations and troubleshooting. This course will cover learning objectives associated with CompTIA A+ core certification test. Emphasis will be placed on individual hardware components, BIOS, firmware and troubleshooting.

Grade Type: Letter Grade
Division: Business Technology

CPT 210 - Computer Resource Management

Lec: 3.0  Lab: 0  Credit: 3.0
This course examines the interaction of people, systems and computers. Strategic management issues unique to the information technology environment are discussed. This course will cover learning objectives associated with CompTIA A+ core certification test. Specialties include remote support technician, help desk technician, call center technician specialist, representative, depot technician and bench technician. Emphasis will be placed on computer design, operating systems, internetworking of devices and general information security concepts.
CPT 237 - Advanced Java Programming

**Lec:** 3.0 **Lab:** 0 **Credit:** 3.0

This course is a study of advanced topics of the Java programming language by building on a basic knowledge of the Java language. Topics covered will include multi-threading, swing classes, swing event models, advanced layout managers, the JavaBean component model, network programming and server-side programming.

**Prerequisite**
CPT 187
with a minimum grade of C

CPT 238 - Internet Scripting

**Lec:** 3.0 **Lab:** 0 **Credit:** 3.0

This course is a study of Internet programming including the syntax of scripting languages and Internet programming concepts and examines topics related to client-side scripting language programming as well as introducing topics related to server-side scripting.

**Prerequisite**
IST 239

CPT 242 - Database

**Lec:** 3.0 **Lab:** 0 **Credit:** 3.0

This course introduces database models and the fundamentals of database design. Topics include database structure, database processing and application programs that access a database. Upon completion of this course the student will be able to
1) demonstrate the fundamental skills needed to successfully design and implement a database, 2) demonstrate a thorough understanding of database concepts and technologies, and 3) be able to use and understand SQL commands.

**Prerequisite**
CPT 114
or
CPT 167

Grade Type: Letter Grade
Division: Business Technology

CPT 244 - Data Structures

Lec: 3.0 Lab: 0 Credit: 3.0
This course examines data structures widely used in programming. Topics include linked lists, stacks, queues, trees, and sorting and searching techniques. Students use C++ to develop ideas about multidimensional tables of objects, variable record length files, pointers and complex programs that reuse functions.

Prerequisite
CPT 237
with a minimum grade of C

Grade Type: Letter Grade
Division: Business Technology

CPT 262 - Advanced Web Page Publishing

Lec: 3.0 Lab: 0 Credit: 3.0
This course is a study of advanced techniques in web page design and implementation.

Prerequisite
CPT 162
or
ARV 227
and
CPT 114
or

Corequisite
CPT 167

Grade Type: Letter Grade
Division: Business Technology
CPT 264 - Systems and Procedures

Lec: 3.0 Lab: 0 Credit: 3.0

This course covers system analysis, design, development and implementation.

Prerequisite
CPT 114
or
CPT 167
and
ENG 101

Grade Type: Letter Grade
Division: Business Technology

CPT 268 - Computer End-User Support

Lec: 3.0 Lab: 0 Credit: 3.0

This course prepares students to train and support end-users. Topics include end-user support functions, developing training modules, and strategies to provide ongoing technical support. Emphasis is on solving problems with users (needs analysis, troubleshooting and interaction with users).

Prerequisite
ENG 101

Grade Type: Letter Grade
Division: Business Technology

CPT 270 - Advanced Microcomputer Applications

Lec: 3.0 Lab: 0 Credit: 3.0

This course emphasizes the integration of popular microcomputer software packages using advanced concepts in microcomputer applications software. Students will be required to plan and present a business-oriented project. Integrating Microsoft Project, PowerPoint, Excel and Word will give students a thorough understanding of MS Project and other applications within the Microsoft Office suite. This course introduces the fundamentals of Project Management. Topics include project initiation, project team identification, project budget and scope estimation, and resource management.

Grade Type: Letter Grade
Division: Business Technology
CPT 275 - Computer Technology Senior Project

**Lec:** 3.0  **Lab:** 0  **Credit:** 3.0

This course includes the design, development, testing, and implementation of an instructor approved project. Students will work in teams to design and develop a project that incorporates the knowledge they have gained at TTC. Depending on the project, the areas of knowledge may include project management, web development, database design and implementation, file processing, backend server code, scripting and user interface creation.

**Prerequisite**

ENG 101  
and  
IST 239  
and  
CPT 202  
and  
CPT 187

**Grade Type:** Letter Grade  
**Division:** Business Technology

---

CPT 282 - Information Systems Security

**Lec:** 3.0  **Lab:** 0  **Credit:** 3.0

This course is the study of the protection of information and equipment in computer systems. Topics include all aspects of systems protection, including physical security, hardware, software and communications security. Students will learn about risk assessment, business continuity planning, privacy and regulatory compliance. Addresses technical, legal and ethical issues.

**Grade Type:** Letter Grade  
**Division:** Business Technology

---

CPT 283 - PHP Programming I

**Lec:** 3.0  **Lab:** 0  **Credit:** 3.0

This course is an introduction to the PHP programming language and will cover topics related to the syntax of PHP language and how PHP can be used to design and develop dynamic, database-driven web pages.

**Prerequisite**
CPT 162
and
CPT 114
or
Corequisite
CPT 167

Grade Type: Letter Grade
Division: Business Technology

CPT 290 - Microcomputer Multimedia Concepts and Applications

Lec: 3.0 Lab: 0 Credit: 3.0
This course will cover introductory microcomputer multimedia concepts and applications. The course will utilize text, graphics, animation, sound, video, and various multimedia applications in the design, development and creation of multimedia presentations.

Grade Type: Letter Grade
Division: Business Technology

CPT 295 - Desktop Publishing Applications

Lec: 3.0 Lab: 0 Credit: 3.0
This course is a study of application software used to design, edit, and produce a variety of documents for marketing purposes.

Prerequisite
CPT 179

Grade Type: Letter Grade
Division: Business Technology

CPT 297 - Big Data Analytics

Lec: 3.0 Lab: 0 Credit: 3.0
This course introduces big data concepts and the fundamentals of providing efficient analytics for extremely large datasets.

Prerequisite
CPT 174

Grade Type: Letter Grade
Division: Business Technology
or
Department Head approval.

**Grade Type:** Letter Grade
**Division:** Business Technology
