

2018-2019 TTC Catalog

Commercial Graphics - Animation

Commercial Graphics - Animation

Associate in Applied Science in Commercial Graphics

Animation Career Path

72 Credit Hours

The Animation program provides training in animation, modeling, character rigging, texture painting, camera tracking, compositing and other artistry skills necessary for working in the electronic arts industry. Students will build a knowledge base necessary for creating work for special effects productions within the defense, education, game, commercial and film industries.

Students can earn only one Commercial Graphics degree in a single career path.
