## Letter from the President

---

*Dear Student,*

*Welcome to Trident Technical College! You have joined nearly 16,000 students who recognize the importance of education, training and the value that TTC delivers to the individuals and communities we serve. While we have become a very large college, I want to assure you we will behave like a small college in welcoming you.*

*With the essential support of municipalities, organizations, businesses and industries, we are increasing ways for students to access affordable, quality education. This fall we open our new Mount Pleasant Campus, providing students east of the Cooper River with a location close to their homes and work. Our other campuses include Main (North Charleston), Palmer (downtown Charleston) and Berkeley (Moncks Corner). Furthermore, TTC provides access to education and training at three sites: St. Paul's Parish (Hollywood), Dorchester County QuickJobs Training Center (St. George), and Dorchester County Career and Technology Center (Summerville).*

*Access encompasses more than physical locations. That's why we continue to increase our online and mixed mode offerings with a broad array of course topics and sections. Look for these areas to expand even more as we explore new technologies that allow us to further develop digital delivery of courses and programs.*

*Now, fast forward to the day you complete your program of study at TTC. You are poised to succeed in the next phase of life whether you transfer to a four-year institution or immediately enter the workforce. The instruction and support you received at TTC have equipped you with the knowledge and skills to face the future as a productive member of a global community and economy. And to think, it all started with your decision to enroll at TTC.*

*Best wishes for a successful academic year.*

*Sincerely,*

## Location

TTC serves Berkeley, Charleston and Dorchester counties with four campuses. Main Campus is located on Rivers Avenue, one mile north of Aviation Avenue in North Charleston. Berkeley Campus is in Berkeley County on Highway 17-A, south of Moncks Corner. Palmer Campus is located in downtown Charleston on Columbus Street. Mount Pleasant Campus is located on Hungryneck Boulevard.

## History

Since 1964 Trident Technical College has provided quality education and economic development in Berkeley, Charleston and Dorchester counties. The college has grown over the decades, evolving to meet the complex needs of the diverse communities TTC serves and opening new doors to educational opportunities for lifelong learning.

### 1960s

The Berkeley-Charleston-Dorchester Technical Education Center was founded in 1964 on a 25-acre site, as part of a statewide system established by Gov. Ernest F. Hollings to meet the educational and training needs of South Carolina. The center opened with two buildings, 226 students, and programs in industrial and engineering technology.

### 1970s

To accommodate its increasing growth, the center merged with Palmer College, a private business college in downtown Charleston, to form Trident Technical College. In addition to business, the newly formed college provided a wider variety of programs to the community, including allied health sciences, criminal justice and university transfer programs.

### 1980s

The 1980s saw additional changes that opened new opportunities to students. Palmer Campus moved to its current site in downtown Charleston, and the college built its Berkeley Campus near Moncks Corner. Technological advances during the decade increased accessibility with the introduction of academic computing, email, and televised courses, the first distance learning program.

### 1990s

The 1990s ushered in dramatic changes in instructional delivery, allowing the college to reach students who needed more flexibility. From courses on videotape to courses online, TTC was able to offer instruction to fit nearly every need. The first dual credit courses offered to Berkeley High School students marked the beginning of another rapidly growing delivery system: the dual credit program that allows students to begin earning TTC credit while they are still in high school.

In 1997, the first phase of the Complex for Economic Development opened on a newly purchased 30-acre site adjacent to Main Campus. The new building provided space and technology for TTC's Continuing Education Division to offer state-of-the-art training and teleconferencing, enriching once again the variety of services TTC could offer the tricounty area.

### 2000s

As distance learning options continued to grow, the college continued expansion of physical facilities. Phase two of the Complex for Economic Development, a 230,000-square-foot facility, allowed for the development of both new and redesigned academic services: the Culinary Institute of Charleston, the Information Technology Center, The Learning Center, the Trident Aeronautical Training Center, the Nursing Auditorium, the Industrial Maintenance Technology Center, science labs and general classrooms. Palmer Campus renovations and construction included library facilities, labs, classrooms and offices, allowing for expansion of the Culinary Institute of Charleston and the addition of cosmetology and allied health programs at Palmer.

In 2008 the college opened its St. Paul's Parish site to provide job training opportunities in the southern part of Charleston County; in 2009 TTC began offering courses at the Dorchester County Career and Technology Center in Summerville; and in 2010 TTC began initial program offerings at the Dorchester County QuickJobs Training Center in St. George. These new sites brought TTC's existing programs and courses closer to home for many. Also in 2010 TTC expanded program capacity with the renovation of Building 950 to accommodate additional aeronautical training, enabling more members of the community to access training and pursue higher education.

# Student Responsibilities

## General Responsibility

As a student, you are responsible for being informed of all policies and procedures required to attend TTC, most of which are found in this Catalog and the TTC Student Handbook/Planner. You may review all TTC policies and procedures in the offices of the Registrar, Student Activities, vice president for Student Services, and Counseling and Career Development Services. College regulations will not be waived because a student pleads ignorance of established policies and procedures. If you are unsure of any procedure, you should seek help or clarification from the assistant vice president of Student Services' office or an academic advisor.

Academic policies and procedures are subject to change. If changes occur, they will be published in the next Catalog, Student Handbook or Policies and Procedures manual, all of which can be accessed on TTC's website.

## Placement Testing Changes

Entry-level placement test score requirements are subject to change.

## Documents

As an applicant to TTC, you are responsible for making sure that all required documents are sent to the appropriate college office by the appropriate deadlines.

All documents submitted to the college become the permanent property of TTC. Therefore, the college will not copy documents for or distribute them to students.

## Student Debts

The S.C. Tax Commission supports TTC by collecting any delinquent accounts or debts owed by former or current students from students' tax refunds.

The Setoff Debt Collection Act of 1988 allows the S.C. Tax Commission to assist any state agency in the collection of any delinquent account or debt. For more information, call 843.574.6565.

## Returned Checks

If you give TTC a bad check to pay any fee, you will be assessed a service charge in accordance with current law and will be given 10 days to pay the fees and any penalty fee. During this 10-day period your classes may be canceled. If the check and service fee have not been paid within 10 days, TTC may take legal action to collect the check with court costs and fees added to the amount of the original check.

The Code of Laws of South Carolina provides for a fine of not less than \$50 or a term of imprisonment for drawing and uttering dishonored checks.

## Disabilities-Related Needs

The college complies with relevant provisions of SEC 504 of the Rehabilitation Act of 1973 and the 1990 Americans with Disabilities Act. Appropriate, reasonable accommodations based on current medical and/or psychological documentation can be provided. If you need and qualify for these services, contact Services for Students with Disabilities, prior to the beginning of the semester if possible, at 843.574.6131 or TTY hearing-impaired phone 843.574.6351 for more information and assistance. Details on policies and procedures are available at [www.tridenttech.edu](http://www.tridenttech.edu).

## Communication to Students

TTC corresponds with students through the college's official student e-mail system to confirm the student's identity and maintain the privacy and security of student records. College responses to student e-mail inquiries for personally identifiable student information occur only through the official student e-mail system to protect the student's confidential student records information. You are responsible for checking your TTC student e-mail and TTC Express accounts on a regular basis for important college information about financial aid, payment deadlines, registration, college events and announcements.

The college does not mail bills to students and expects students to access their TTC Express account each semester to determine the balance owed by the payment deadline.

# College Admission Procedures

## Your Checklist for Enrolling at Trident Technical College

Throughout this Catalog, you will find information, guidelines and policies about enrolling at TTC. Please review all information carefully. Use this simple checklist to ensure that you have completed the enrollment process:

1. If new to TTC, complete the admission application and submit it with the application fee prior to the application deadline for the semester in which you plan to enroll.
2. Apply for financial aid, starting with the Free Application for Federal Student Assistance (FAFSA). TTC also has a number of campus-based scholarships.
3. Within a few days of receiving your application, the Admissions Office will send you a letter with account information for my.tridenttech email and TTC Express. Be sure to log in, as updates and important announcements will only be available through these accounts.
4. Complete the application requirements based on your Admit Type (see page A-15–17). Proof of high school graduation is required for associate degree programs and most certificate or diploma programs. Check individual diploma and certificate program admission requirements listed under Programs of Study in this catalog. A copy of your high school or GED diploma, high school transcript, military record verifying completion of high school, and proof of an associate degree or higher are acceptable forms of proof of high school graduation. A high school certificate of completion is not acceptable proof. An applicant under 18 years of age must be a high school graduate or have a GED, or meet the college's early admit or dual credit requirements. You also must submit qualifying scores on the SAT (480 critical reading, 580 math), ACT (19 English, 22 math), transferrable course work in English and math OR you may take the TTC placement test. Proof of a bachelor's degree or higher is acceptable proof of English proficiency. You may provide unofficial college transcripts to

Admissions to exempt portions or all of the placement test, but official copies are required for transfer credit to be awarded. You also must provide proof of lawful presence in the United States. (See the Verification of Citizenship section of this catalog for more information).

5. Once admitted, complete the new student orientation process at the Main Campus, Palmer Campus, or Berkeley Campus or online at the Orientation Services Web page. Your academic advisor will be assigned to you after the orientation process is completed.
6. Contact your academic advisor to schedule an advising session and select your courses. Be sure to check the academic calendar for registration deadlines and advisor availability.
7. Purchase books for the courses for which you are enrolled.
8. Pay tuition and fees by the fee payment deadline at the Main Campus, Palmer Campus, or Berkeley Campus, or online via your TTC Express account.
9. Obtain a Student ID.
10. Read all emails from TTC and check your TTC Express account regularly.

## Verification of Citizenship

The South Carolina Illegal Immigration Reform Act of 2008 (S.C. Code Ann. 59-101-430) prohibits those unlawfully in the United States from attending a public institution of higher education in South Carolina and from receiving a public higher education benefit. The act requires all public institutions of higher education to verify that all students are lawfully present in the United States.

## Application Status

If you apply and are unable to enroll during the semester you indicated on your application and then decide to enroll in a future semester, you will need to complete an Admissions Update form within three semesters of applying and submit it to TTC's Admissions office to re-activate your application to the college. If you decide to enroll more than three semesters after submitting an application, you may be required to submit a new admission application.

## Program Admission Requirements

All students pursuing admission into a specific program should refer to the specific program area for admission requirements, in addition to meeting all college requirements.

## Categories of Admission

**Previous Applicant:** You are a *previous applicant* if you applied within the last three years.

**Returning Students:** You are a returning student if you have previously enrolled in courses at TTC. Returning students complete a Student Readmit Form, not an application for admission.

## Admit Types

**First-Time Freshman:** You are a first-time freshman if you have not attended any other approved, regionally accredited post-secondary institution.

**First-Time Transfer:** You are a first-time transfer student if you have previously taken courses from any other approved, regionally accredited post-secondary institution, and this is your first enrollment at TTC. (See Advanced Standing: College Transfer Credit for information on how to obtain credit for courses from prior colleges, pg. A-18)

**Readmit:** You are a readmit student if you have taken classes at TTC, but you have not attended in three semesters. If all courses were completed prior to 1985, you must complete an application.

International students need to apply at least two months before classes begin each term and must provide a current I-20 and a copy of their I-94 card. International students are required to submit a deposit in the amount of tuition and fees for two semesters. These funds remain on deposit with the college and cannot be used for tuition and fees until the second semester is completed. Additionally, international students must provide a signed Affidavit of Support indicating availability of adequate funds for tuition, fees,

other educational needs and living expenses for two terms. Deposit and support funds must be in U.S. dollars. TTC's international students come from more than 20 countries and participate in an active international student organization on campus. All questions about international student admission procedures and instructional fees should be addressed to the international student coordinator at the Main Campus Admissions office. Additional information about the admission requirements for international students is available on TTC's website, and also at [www.uscis.gov](http://www.uscis.gov). Trident Technical College is required by federal regulations to track and report changes in international students' enrollment or attendance during the semester.

Faculty are required to notify the Admissions office when an international student stops attending a traditional class or stops active involvement in a distance learning class for more than two weeks. The college's international student admissions coordinator will notify the Department of Homeland Security when an international student has ceased attendance or changed enrollment status during the semester.

You must complete the application process, either as non-degree seeking or one of the degree-seeking types including the Senior Citizen application in the Business office.

TTC determines in-county, out-of-county and out-of-state residency based on South Carolina law and South Carolina Commission on Higher Education regulations at [www.che.sc.gov](http://www.che.sc.gov). Documents may be required as proof of residency. Residency determination is made at the time of admission and may not be appealed after midterm of the semester in question.

## Placement Testing

If you are applying for admission to any of TTC's associate degree, diploma or certificate programs, or to enroll in developmental studies courses, you may be required to take TTC's placement test, which includes writing, reading and math components. The placement test helps ensure that you are academically prepared by determining which level of course work you can enter. Based on placement test scores, you may be placed in one or more developmental studies courses. To schedule a time for this test, contact Testing Services at 843.574.6410 at Main Campus, 843.722.5516 at Palmer Campus, 843.899.8079 at Berkeley Campus, 843.323.3800 at St. Paul's Parish or 843.574.2591 at Dorchester QuickJobs Training Center. If your reading score is below the minimum requirement, TTC will refer you to an adult education or literacy program. You may exempt comparable components of the placement test if you provide qualifying SAT or ACT scores. If you are exempting the placement test because you have qualifying SAT or ACT scores, you will be placed into appropriate math and English courses based on those scores. You may exempt the writing and reading components of the placement test with SAT critical reading scores of 480 or ACT English component score of 19. You may exempt the math component with SAT math scores of 580, or ACT math component score of 22. SAT and ACT scores are valid for five years. Scores on the writing and reading components of TTC's placement test are valid for five years, and scores on the math component are valid for two years from the date of testing. You may also exempt testing requirements if you submit college transcripts with equivalent English and math credits; you may exempt the reading and English portion of the placement test by providing evidence of a degree at the baccalaureate level or higher. Entry into TTC does not guarantee admission into specific programs or courses. Placement in a specific course is based on standards that will help ensure your academic success.

## Eligibility to Apply for Financial Aid Under Ability to Benefit Regulations

If you do not have a high school diploma or its recognized equivalent, you may be able to qualify for Title IV funds in TTC programs approved for federal financial aid that do not require high school graduation. To qualify you must take TTC's placement test as an Ability to Benefit test and achieve the minimum scores established by the U.S. Department of Education in reading, writing skills and pre-algebra. Testing Services administers the placement test on Main, Palmer and Berkeley campuses. The listing of approved programs for Title IV funding can be found at TTC's website in the Financial Aid/VA Link.

## Refresher Class

A refresher class can prepare you to do your best on TTC's placement test. Did you know that:

- Your placement test scores determine whether you should take curriculum college courses or developmental studies courses?
- It is to your advantage to be accurately placed in the highest level course possible?
- Many students fail to take the placement test seriously and actually place below their level of ability?

The refresher class is an orientation to TTC's placement test and a review of basic English, reading and mathematics. The purpose of this noncredit class is to prepare you to do your best work on the placement test and thereby ensure accurate placement in college course work. The class is especially suited to students who have not been in school recently, students who are unsure of their skills for college-level work in English, reading and mathematics, and students who have not previously taken a computerized test. The one-day class is offered through TTC's Division of Continuing Education and Economic Development on Main Campus. Please contact The Learning Center at 843.574.6378 for additional information. To register, call 843.574.6152.

## Retesting

If you are dissatisfied with your placement test results and believe they have placed you incorrectly, you may retake the placement test. For initial retesting, your test scores do not have to be in a specific retest range, and you do not need approval from Academic Affairs. There is, however, a \$25 retest fee. If you remain dissatisfied with your first

## College Admission Procedures

retest scores, you may retest a second time if your test scores are in a specific retest range and with approval from Academic Affairs. An additional \$25 retest fee applies. Testing Services, Orientation or Counseling can tell you more about the retest option and provide you with a Retest Approval/Payment Form for initial retesting. To retake the placement test a second time you must obtain a Retest Approval/Payment Form from Academic Affairs (e.g., advisor, department head or dean).

### New Student Orientation

Orientation is an important part of getting started at TTC. The orientation process is available in one-on-one or group sessions or online. Orientation provides answers to general questions you might have about the college and explains the different services at TTC. An Orientation staff member assigns your academic advisor after you complete the orientation process. Orientation is vital to your academic success, and TTC expects all new students to attend. You may attend orientation as soon as your application is processed and you have submitted qualifying test scores, taken the college placement test or had your test requirements waived. You may attend Orientation before acceptance to TTC. Registration for the next semester begins at midterm, so the earlier you attend Orientation, the better. You will need time to make an appointment with your academic advisor to register for courses. For your convenience, Orientation Centers are open on all three campuses Monday through Friday. No appointment is necessary; drop by when you are on campus.

#### Orientation Center Locations

Main Campus, Bldg. 420

Berkeley Campus, Student Success Center, Rm. 178

Palmer Campus, Student Success Center, Rm. 226

### Academic Advising

Your academic advisor guides you in scheduling an academic program to meet your educational goals. Appointments are required during the advisement/registration process. Office hours for academic advisors are posted on their office doors. You can reach your advisor by calling the phone numbers listed in the *On Course* schedule published each semester or by referring to the online faculty directory.

### Schedule of Classes

A schedule of classes for all campuses, titled *On Course*, is available each semester. The class

For updated catalog, visit [www.tridenttech.edu](http://www.tridenttech.edu).

schedule is also accessible on the website and can be accessed through TTC Express. The college reserves the right to adjust the published schedule, including the cancellation of any class, if TTC deems it necessary and appropriate.

### Registration

After meeting admission requirements and being accepted to the college, you will be eligible to register for the semester in which you plan to enroll. You must meet with your assigned advisor to register. Your enrollment is not official until you complete all the steps of registration, including payment of fees and receipt of a printed schedule.

### Catalog Applicability

To graduate, you must fulfill degree requirements as published in the applicable Catalog. If you have had continuous enrollment at TTC, you have two options:

- fulfill all the program curriculum requirements listed in the Catalog at the time of acceptance into the academic program, or
- fulfill all the program curriculum requirements listed in any subsequent Catalog in effect while you are enrolled.

If you discontinue enrollment for two consecutive semesters or longer, you must fulfill the program curriculum requirements listed in the Catalog in effect at the time of re-enrollment. The dean of the academic division offering your program must approve any exceptions.

### Advanced Standing

If you earned credit hours from other institutions or agencies, you may fulfill up to 75 percent of program requirements through advanced standing. TTC awards the following types of advanced standing credit:

**College Transfer Credit:** You may receive transfer credit for courses successfully completed at regionally accredited colleges and universities. TTC will consider credit for course work taken at non-regionally accredited institutions on a case-by-case basis. In awarding transfer credit, TTC considers equivalency of course content, quality, level, hours and program relevance. The American Association of Collegiate Registrars and Admissions Officers' "Transfer Credit Practices of Educational Institutions" serves as a guide for acceptance of transfer credit.

For TTC to consider your transfer credits, you must have official transcripts of previous college

work sent to TTC's Registrar's office, and you may be asked to provide additional documentation. TTC awards transfer credit only when the grade is C- or higher or when the sending institution confirms that the grade (P for example) is equivalent to a C- or higher. Transfer credit will not be included in the calculation of your GPA at TTC. For more information, see Transfer: State Policies and Procedures, p. A-41.

**Military:** You may receive credit for selected formal military course work and training. TTC uses the credit recommendations of the American Council on Education's Guide for the Evaluation of Educational Experiences in the Armed Services to evaluate military course work.

**Experiential Learning:** Students may receive experiential learning credit for selected courses. Credit may be awarded only for courses offered within the current curriculum and must be appropriately related to the student's educational program. Credit may be awarded only to students currently enrolled in credit courses. Credit may not be granted for a course in which the student has already earned a grade, including audit and withdrawal. Credit may be awarded only to students who have previously completed at least three hours of program-specific course work with a grade of C or better. Some formal business and industry training as well as military experience may be considered for experiential learning credit based on recommendations contained in the National Guide to Educational Credit for Training Programs. The American Council on Education's Program on Noncollegiate Sponsored Instruction (ACE/PONSI) produces this guide. No more than 25 percent of program completion requirements may be composed of experiential learning credit. Exceptions for up to 75 percent of the program requirements may be granted if credit has been previously earned and documented from organizations such as the National Center for Construction Education and Research (NCCER) or the National Institute for Automotive Service Excellence.

### Tests for Advanced Standing

**Limitations on Test Credit:** The awarding of advanced standing through testing is subject to the following:

- a. You may receive up to 16 semester credit hours in advanced standing but not more than one-fourth of the total curriculum hours required for program completion.

- b. You must verify that the Registrar's office has your official score reports prior to the beginning of the semester in which you seek advanced standing.
- c. You may not receive credit for a course you previously attempted, including withdrawals.
- d. You may retest six months after the original test date.
- e. Your GPA will not be affected by advanced standing credits.
- f. TTC does not guarantee that advanced standing credit awarded for TTC courses will transfer to other institutions.

**Advanced Placement:** You will receive college credit for a score of 3, 4 or 5 on selected Advanced Placement examinations.

**International Baccalaureate:** You may receive college credit for scores of 4 or greater on selected International Baccalaureate higher-level exams.

**Career and Technical Advanced Placement:** Certain courses taken in high schools in Berkeley, Charleston and Dorchester counties may qualify for advanced standing. See your advisor for details.

**Excelsior College Testing:** You may receive credit for selected college-level exams if your scores are satisfactory to the college. Official score reports must be on file in the Registrar's office prior to credit being awarded.

**CLEP:** You may receive credit for selected College Level Examination Program (CLEP) exams if your scores are satisfactory to the college. Contact Testing Services for a listing of accepted CLEP examinations. Official score reports must be on file in the Registrar's office prior to credit being awarded.

**DANTES DSSTs:** You may receive credit for selected Defense Activity for Nontraditional Education Support (DANTES) exams if your scores meet minimum score requirements for TTC. Contact Testing Services for a listing of accepted DANTES DSSTs examinations. Official score reports must be on file in the Registrar's office prior to credit being awarded.

### Home Program

The Home program is available for Associate in Arts and Associate in Science students who leave TTC before completing their degrees. Participants in the program can transfer selected, preapproved credits back to TTC to complete their associate degrees. See your advisor for details on eligibility.

## College Admission Procedures

### Grade Information/Transcripts/Privacy of Student Records

The Registrar's office issues transcripts in compliance with the Family Educational Rights and Privacy Act of 1974 (FERPA), known as the Buckley Amendment. FERPA regulations require that you sign individual release forms for each company, school or individual to whom you desire information released. Parents or guardians of a dependent student may access the dependent student's records by completing a request form and providing appropriate documentation to verify the dependent status of the student to the office of the vice president for Student Services. The college issues official transcripts only to outside agencies, not to the student. Students may request student copies of their transcripts, which the Registrar's office will stamp as Issued to Student.

In accordance with FERPA, the college may release student information known as public or directory information, including the student's name, address, telephone listing, email address, date and place of birth, major field of study, participation in officially recognized activities, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The college periodically updates student addresses for future contact purposes. Students who do not wish to be included in the directory or in the address updates must advise the Registrar.

*\*Defaults to F (or U for developmental courses and other courses graded SC/U) automatically after midterm of the next semester; unless work is completed and grade is assigned by the instructor.*

*\*\* Students in developmental (032) courses earn grades of SC or U.*

### Unit of Credit

The semester credit hour is the system of credit used by TTC.

## Fees

As a state-supported institution, TTC bases its tuition and fees on appropriations granted by the South Carolina General Assembly. The tuition and fees charged by the college are directly affected by the action of the legislature and are therefore subject to change without notice.

A schedule of tuition and fees is available at the Admissions office on each of TTC's campuses or by calling 843.574.6111. You also may obtain the current tuition rate by visiting the college's website.

TTC does not mail bills to students. Students should review outstanding balances in their TTC Express account and pay any balance due before the published payment deadline.

### Classification of Students

#### *Student Status*

**Full Time:** A student enrolled for a minimum of 12 semester credit hours

**Part Time:** A student enrolled for 11.5 or fewer credit hours

The normal credit load per semester is 15-18 semester credit hours. If you plan to enroll in courses totaling more than 18 semester credit hours, you must receive approval from your academic advisor, a department head or dean.

If you want a written statement verifying enrollment, contact the Registrar's office two working days after the end of the Drop/Add period.

### Financial Aid Student Classification

Full time	12 semester credit hours
3/4 time	9 semester credit hours
1/2 time	6 semester credit hours

Tuition and fees may be paid by cash, check, MasterCard, VISA, American Express or Discover.

### Residency

Tuition is based on residency. TTC determines residency based on South Carolina Law and Commission on Higher Education regulations. Documentation may be required for proof of residency.

### Senior Citizens

Legal residents of South Carolina age 60 or over who are not employed full time may enroll in a selected course the first day of classes on a space-available basis without paying tuition. Senior

citizens need to contact the Business office prior to registration.

### Student Insurance

The college provides student accident insurance for all curriculum students. Current information on coverage and claims processing is available through Public Safety.

All students in Allied Health Sciences and Nursing programs are required to carry professional liability and major medical insurance.

### Fee Changes

Fees are subject to change without notice by the TTC Area Commission.

### Refund Policy

Trident Technical College issues full or partial refunds according to the refund periods published each semester in the master schedule of classes and on public college calendars. The amount of the refund is based upon your official withdrawal from the college or reduction in enrolled hours below 12 credit hours. To officially withdraw from the college, you must submit a Drop/Add form to the Registrar's office or withdraw via TTC Express within the advertised withdrawal period.

Refunds will take approximately 3-4 weeks to process. Refunds are made according to the institutional refund schedule below.

Cancelled Courses	100%
Before the 1st day of the semester	100%
1st-7th calendar day of semester	100%
8th-14th calendar day of semester	50%
15th-19th calendar day of semester	25%
After 19th calendar day of semester	0%
Calendar days include Saturdays and Sundays.	

Refunds for summer semester or other terms that vary in length from Fall or Spring semester will be in proportion to the full semester term refund schedule with the exception of weekend courses. Weekend courses will be refunded 100 percent during the five calendar days after the first weekend session. No refunds for Weekend courses will be made after five days. Look at the refund section of the master schedule of classes or on the TTC website to determine the refund schedule for these terms.

Any fees you owe the college are deducted from your refund. **No refunds are given for complete withdrawal or course withdrawal after the official refund period each semester.**

### Repayment of Federal Financial Aid

If you are receiving financial aid from Title IV federal funds (Pell, SEOG, ACG, Direct Lending) and you totally withdraw from college or stop attending without officially withdrawing for any reason prior to attending 60 percent of the semester, TTC will determine if you are required to repay Title IV funds based on Title IV regulations. If payment is required, TTC will return funds to the federal government according to the federal guidelines.

The U.S. Department of Education instituted this repayment policy in the 2000-01 academic year for students receiving Title IV assistance (financial aid).

A portion of financial aid funds will be returned to the appropriate federal program upon a recipient's total withdrawal from college. The amount returned is based on the percentage of enrollment completed for that semester and the amount of financial aid assistance considered earned.

1. The number of calendar days in the enrollment period (semester) is divided into the number of calendar days the student completed for that semester.
2. The amount of financial aid earned is equal to the percentage of the semester that was completed (up to the 60 percent point). If the student withdraws after the 60 percent point of the semester, the student will have earned 100 percent of financial aid funds received for that semester.

### Veterans Tuition Payments

All students receiving Veterans' educational benefits, with the exception of the Post-911 (Chapter 33) Vocational Rehabilitation and Employment (Chapter 31) and state free tuition recipients, are required to pay their tuition and fees by the deadline date published in TTC's *On Course*. These payments are due without regard to your receiving benefits checks from the Department of Veterans Affairs. Contact the Veterans Assistance Center on the Main Campus in Bldg. 410 or call 843.574.6105 for additional information.

### Veterans Refund

TTC processes the applications of those veterans, and spouses and children of deceased or 100 percent disabled veterans, who are eligible according to the provisions established by the Department of Veterans Affairs and the State of South Carolina.

The Department of Veterans Affairs may require repayment of overpayment situations resulting from a student withdrawing from a class prior to course completion. The Department of Veterans Affairs may waive overpayment situations if there are mitigating circumstances involved. Students receiving benefits that are processed by the TTC Veterans Assistance office are required to keep this office informed of initial class registration and changes in their enrollment status immediately so that underpayment and overpayment situations can be avoided. Contact the Veterans Assistance office on the Main Campus (Bldg. 410) or call 843.574.6105 for additional information.

### Additional Fees and Charges

The fees listed below are not necessarily all inclusive and are subject to change without notice.

#### Fees

**Application Fee:** \$30 due with application

**Credit by Exam Fee:** \$45

**Re-enrollment Fee:** \$50 re-enrollment after financial purge

**Student ID Card Fee:** \$5 for replacement ID; first card no charge

**Student Transcript Fee:** \$5 per transcript

**Returned Checks:** A service fee is assessed in accordance with current law on all checks received in payment of books, fees, etc. that are returned by the bank for insufficient funds or closed accounts.

#### Debts Owed to the College

# Financial Aid

A variety of financial assistance is available at Trident Technical College to help you with the cost of attending college. TTC's Financial Aid office assists prospective and current students and their families by providing information about financial resources, assisting applicants with the application process for financial assistance, calculating an applicant's level of eligibility for financial assistance, awarding financial assistance based on an applicant's enrollment status, and monitoring students' satisfactory progress each semester for continued eligibility in financial assistance programs.

## Types of Financial Aid

Financial assistance programs offered at TTC include federal programs under Title IV funds, state grants and scholarships. Federal financial assistance includes the Pell Grant, Supplemental Educational Opportunity Grant (SEOG), federal college work-study, student loan and parent loan. State financial assistance programs include Lottery Tuition Assistance, the LIFE Scholarship and the South Carolina Need-Based Grant.

## Eligibility for Financial Aid

Eligibility for federal (and some state) financial assistance awards requires:

1. U.S. citizenship or permanent residency
2. A high school diploma, its equivalent or proof that you meet Ability to Benefit regulations
3. Evidence of need
4. Enrollment in an eligible program of study that meets federal requirements
5. No prior student loans are in default
6. The applicant is not in repayment on any federal Pell, SEOG and ACG grant
7. Satisfactory academic progress as defined by TTC once you enroll in credit courses
8. Selective Service match

## Eligibility for Financial Aid Under Ability to Benefit Regulations

If you do not have a high school diploma or its recognized equivalent, you may be able to qualify for Title IV funds in TTC programs approved for federal financial aid that do not require high school graduation. To qualify you must take TTC's placement test as an Ability to Benefit test and

achieve the minimum scores established by the U.S. Department of Education in reading, writing skills and pre-algebra. Testing Services administers the placement test on Main, Palmer and Berkeley campuses. The listing of approved programs for Title IV funding can be found at TTC's website in the Financial Aid/VA Link.

## Priority Dates

Priority dates for applying for financial aid are published for each semester. You should apply for financial aid by completing your FAFSA and having your Student Aid Report sent to TTC prior to the semester in which you plan to enroll. Any documents requested by the Financial Aid office should be submitted to TTC's Financial Aid office as soon as possible after the request. This will allow your financial aid to be processed so that any eligible financial aid will be available prior to the beginning of the semester when you plan to enroll. All documents become the property of TTC and will not be returned to or copied for the student. If you submit your FAFSA after the published priority date, you should be prepared to pay your tuition and fees and purchase books by the fee payment deadline for the semester. Your financial aid will be processed in the order in which your Student Aid Report is received. You will be reimbursed if you are eligible for any financial aid.

## Applying for Financial Aid

To apply for financial aid programs, fill out the Free Application for Federal Student Aid (FAFSA). A new or renewal FAFSA must be submitted for each academic year (fall through summer) and is available for the upcoming academic year after Jan. 1. The FAFSA is available online at [www.fafsa.gov](http://www.fafsa.gov). The results of your FAFSA can be submitted directly to TTC by placing TTC's school code (004920) in the Release and Signature section of the FAFSA.

Your financial aid eligibility is determined from the information provided on the FAFSA. To complete the application, you will need a copy of your most recent federal tax returns and copies of any untaxed income received by the student and/or family military untaxed incomes. A Student Aid Report (SAR) is generated and sent to you and also to TTC if you indicated this on your FAFSA. If corrections are required or additional information is requested, you submit it on the Web. Apply online at [www.fafsa.gov](http://www.fafsa.gov). Your SAR will be sent to you electronically. It is important to respond promptly

## Financial Aid

to any requests for corrections or additional information.

Federal regulations require that randomly selected financial aid applicants provide verification of all information documented on the FAFSA. If you are randomly selected for verification, you will be notified by TTC's Financial Aid office to submit a verification worksheet, federal income tax forms and other necessary documentation. Students must submit all copies of required documents to TTC's Financial Aid office. The documents become the property of TTC; the Financial Aid office cannot provide students with copies of submitted documents. Once all requirements are met, you will be sent an award letter, if eligible, specifying the amount of financial aid you are eligible to receive.

### Financial Aid and Withdrawing from Classes or School

If you have financial aid and withdraw from all your classes or stop attending all classes before the 60 percent completion period, you may have to repay a portion of your financial aid funds to the federal government. You may owe funds back to TTC.

The U.S. Department of Education requires students to attend classes for at least 60 percent of the semester in order to qualify for their full amount of aid. If you withdraw from all classes prior to the 60 percent completion period, you will have to repay the unearned funds to the federal government. You will also have to repay unearned funds to TTC. You will be ineligible to receive any future financial aid at any college or university until you repay the debt. You will not be able to continue attending TTC until you satisfy the debt owed to the college either by paying all of the funds or making arrangements to carry your balance forward into another term.

It is very important for you to consider the financial implications of withdrawing from all of your classes or not attending all of your classes prior to the 60 percent completion date. Withdrawing from classes could also affect your financial aid SAP (Standards of Progress) status. Contact the Financial Aid Office about SAP and financial aid eligibility.

### Cost of Attendance for Nine Months

TTC uses a budget to determine your financial aid package; it is based on your residency status, the number of terms you attend, and whether you are defined as a dependent or independent student on the FAFSA and living with parents or off

campus. Costs may vary according to individual circumstances.

The example below is based on a tricounty resident attending Fall and Spring Semesters (nine months). All items are subject to change, and actual costs will vary from person to person.

Tuition	\$3,430
Technology Fee	100
Room and Board	7,479
Books and Supplies	1,400
Transportation	1,440
Personal	1,550
<b>Total</b>	<b>\$15,399</b>

*Note: See academic year updates on TTC's website in the Financial Aid section.*

### The Pell Grant Program

The Pell Grant provides financial assistance to those who demonstrate financial need. The Pell Grant is intended to be the floor of a financial aid package and may be combined with other forms of aid to help you meet the costs of education. Any student working toward a degree/diploma/certificate may be eligible for the Pell Grant, which ranged in 2010-11 from \$1,176 to \$5,550, depending on the number of semesters attending, the number of credit hours enrolled each semester, and eligibility as calculated by the Department of Education based on your FAFSA.

### The Federal Supplemental Educational Opportunity Grant Program

The Federal Supplemental Educational Opportunity Grant (SEOG) program is designed to provide additional assistance for qualified students who demonstrate financial needs beyond those met by the Pell Grant. To qualify for SEOG you must be eligible for a Pell Grant. Awards are made based on need. Funds are limited and normally awarded by the priority dates.

### The South Carolina Need-Based Grant

The South Carolina Need-Based Grant is available to South Carolina residents in need who are seeking their first undergraduate degree. Students must maintain a 2.0 cumulative GPA to receive the grant during the Fall, Spring or Summer semesters of the academic year. Awards are made on a first-come, first-served basis. A South Carolina Need-Based Grant affidavit must be completed after

the award has been made before any funds can be placed in the student's account.

## **Federal Work-Study Program**

The Federal Work-Study (FWS) program uses federal funds to provide part-time employment opportunities to defray educational expenses. FWS jobs are assigned on a first-come, first-served basis. The number of hours assigned is determined by financial need as well as the student's ability to maintain a good academic standing. The number of jobs available is based upon the amount of funds allocated by the federal government for the year. To be eligible for FWS, you must be enrolled in at least six semester credit hours and maintain a 2.0 cumulative GPA and remain eligible for federal student aid for each semester that you participate in the program.

## **Institutional Work-Study**

A limited number of Institutional Work-Study (IWS) positions are also available. IWS applicants do not have to demonstrate financial need but must be enrolled in at least six semester credit hours and maintain a 2.0 cumulative GPA. If you are interested in applying for an IWS position, contact the Career Planning and Placement Office at Main Campus.

## **Student Loans**

Student loans are available to students enrolled at least half-time (six credit hours) in an eligible program and vary according to your program and unmet need. See TTC's website for additional information. The interest rate for loans certified on or after July 1, 2006 will be at a fixed rate of 6.8 percent. Students must sign a master promissory note to accept a student loan. You also must successfully complete an entrance loan counseling session before receiving your loan money. Repayment begins six months after you cease to be enrolled at least half-time (six credit hours). If you graduate, withdraw or drop to less than half-time (six credit hours), you must complete exit loan counseling regarding your loan obligation.

Loans may be subsidized or unsubsidized. To qualify for a subsidized loan, a student must demonstrate need according to federal guidelines. For any subsidized loan funds a student receives, the federal government pays the interest while the student is in college, a grace period or deferment. Unsubsidized loans are available to students who do not meet the need criteria for subsidized funds.

Interest begins to accrue immediately and is added to the principal while the student is in college. The principal and interest payments are still deferred.

The U.S. Department of Education requires students to complete exit student loan counseling when there is a change in enrollment status. If you have a student loan and withdraw from all your classes or withdraw from one or more courses, resulting in an enrollment status of less than six credit hours, you must complete the student loan exit counseling. Seniors graduating from any TTC academic program must complete exit counseling upon graduation. You can complete the student loan exit counseling at [www.studentloans.gov](http://www.studentloans.gov). You will receive a letter from your lending agency about repayment of your student loan.

## **Federal Parent Loan**

The Federal Parent Loan (PLUS) is a non-need-based loan available to the parents of a dependent student. This loan may not exceed the cost of attendance. The student is required to be enrolled in classes at least half-time (six credit hours) in an eligible program to be eligible for the PLUS. For loans certified on or after July 1, 2006, the interest rate will be fixed at 8.5 percent.

## **Scholarships**

College and TTC Foundation scholarships are available from industries, businesses, professional organizations, civic clubs and individuals. The scholarship recipient is selected by the donor or TTC's Scholarship Committee. Scholarships are usually awarded prior to the beginning of Fall Semester. Check with the Financial Aid office or at TTC's website for instructions and deadline dates.

## **LIFE Scholarship**

The LIFE scholarship is available for students who graduate from a South Carolina high school. You must be a full-time, degree-seeking student not taking developmental or bridge courses. You also must be a South Carolina resident for in-state tuition purposes at the time of enrollment and have no felony or alcohol/drug convictions. First-time entering freshmen must have graduated from high school with a minimum of a 3.0 cumulative grade point average on a 4.0 scale. Students must sign the LIFE Scholarship affidavit each academic year. Additional information and criteria are available at the Financial Aid offices at Main, Palmer or Berkeley campuses or at the South Carolina Commission on Higher Education's website.

### Lottery Tuition Assistance

Lottery Tuition Assistance (LTA) is not based on financial need. Students may be eligible for Lottery Tuition Assistance if they qualify for in-state tuition rates according to state law. Completion of the Free Application for Federal Student Aid (FAFSA) or LTA waiver form is required for each year. The LTA award is not retroactive and applies to either the current semester or future semesters. Assistance is paid to the college, not the student, and applies toward tuition. For up-to-date information on LTA, visit TTC's website and click on the Financial Aid/Veterans Assistance link, or call 843.574.6110.

### Tax Incentives for Education

Please note: This is a summary of basic information concerning these programs. For additional information on these tax incentives, call 1.800.4FED.AID or seek advice from your tax consultant or the IRS. You also may visit the IRS website and click on Tax Info For You at the bottom of the page.

#### Hope Scholarship Tax Credit (Federal Tax Forms)

Taxpayers may be eligible to claim a nonrefundable Hope Scholarship Credit against their federal income taxes. The Hope Scholarship Credit may be claimed for the qualified tuition and related expenses of each student in the taxpayer's family (i.e., the taxpayer, the taxpayer's spouse or an eligible dependent) who is enrolled at least half-time in one of the first two years of postsecondary education and who is enrolled in a program leading to a degree, certificate or other recognized educational credential. The maximum credit a taxpayer may claim for a taxable year is dependent on current IRS regulations.

#### Lifetime Learning Tax Credit (Federal Tax Forms)

Taxpayers may be eligible to claim a nonrefundable Lifetime Learning Credit against their federal income taxes. The Lifetime Learning Credit may be claimed for the qualified tuition and related expenses of the students in the taxpayer's family (i.e., the taxpayer, the taxpayer's spouse or an eligible dependent) who are enrolled in eligible educational institutions. The maximum credit a taxpayer may claim for each taxable year is dependent on current IRS regulations.

A taxpayer may not claim a Hope Scholarship Credit and a Lifetime Learning Credit for the same student in the same year. There is no limit to the number of years in which the Lifetime Learning Credit can be claimed for each student.

### Student Loan Interest Deductions

The new student loan interest deduction reduces the burden of the repayment obligation by allowing students or their families to take tax deductions for the interest paid in the first 60 months of repayment on student loans. The deduction is available even if an individual does not itemize other deductions.

### South Carolina Tuition Tax Credit (State Tax Forms)

Students who graduated from high school within the last 12 months and enrolled in a two-year college as in-state students are allowed a refundable individual tax credit of 25 percent on their total tuition cost with a maximum deduction of \$350 a year. Before calculating the credit, you must deduct any amounts received toward tuition payments from scholarships, grants or other tax-free educational assistance.

Tuition credits cannot be claimed for more than four consecutive years after the student enrolls. The student must have completed at least 15 credit hours per semester. The student must be classified as a degree-seeking undergraduate or enrolled in a certificate or diploma program of at least one year.

# **Veterans, Veterans Dependents and Service Personnel**

## **Veterans Upward Bound Program**

The Veterans Upward Bound (VUB) program helps eligible U.S. military veterans fully develop their personal potential and achieve their academic goals. The college's VUB staff and instructors assist eligible veterans by developing, improving and extending educational access and opportunities through academic needs assessment, instruction, enrichment and other academic support activities. The VUB program is designed to help veterans refresh their academic skills so that they can prepare for and successfully complete the postsecondary education program of their choice (university, technical/community college or vocational/technical program). VUB projects funding is provided by the U. S. Department of Education and serves eligible veterans across the nation.

## **Enrollment Opportunities for Veterans, Veterans Dependents and Service Personnel**

TTC is a fully accredited institution of higher learning certified to process claims for veterans and spouses and children of deceased or 100 percent disabled veterans, with the Department of Veterans Affairs and the state of South Carolina. TTC is also designated a Servicemembers Opportunity College (SOC) by the Department of Defense, the American Council on Education (ACE) and the American Association of Community Colleges. TTC is also a participating member of the SOCNV (Navy), SOCMAR (Marines) and SOCAD (Army) programs. Information about all SOC programs is available at your Military Education office. As an SOC institution, TTC is committed to assisting veterans, eligible spouses and dependent children, and active-duty personnel to meet their educational needs.

TTC has full-time Veterans Assistance offices (VA) located on Main and Palmer campuses. The TTC VA office is staffed with TTC employees who coordinate college services and provide information, referrals and assistance to veteran students, reservists, active-duty personnel and eligible dependents of veterans with admission, educational and vocational counseling, financial aid, and other needs that affect educational progress. The

telephone number at Main Campus is 843.574.6105; the telephone number at Palmer Campus is 843.722.5558.

If you feel that you may be eligible for VA or South Carolina state benefits, contact the Veterans Assistance office. The Veterans Assistance office will help you complete all of the necessary applications and will mail them to the appropriate approving agency for you. It could take between three to six months to apply, get approval and receive funds from the VA. You should be prepared to pay your tuition, fees, expenses and instructional fees for this period. You assume full responsibility for all fees at the time of registration. You are responsible for informing the Veterans Assistance office of changes in enrollment status or changes in dependency or marital status. You are responsible for keeping your address and phone numbers current with the Admissions office and Veterans Assistance office. Your benefits may be suspended or terminated if problems arise with your certification and we cannot contact you.

All veterans and eligible persons receiving VA educational benefits while enrolled at TTC are required to maintain class attendance. When a student's absences in a traditional class exceed two consecutive weeks of scheduled meetings after the Drop/Add period, the instructor will complete and submit an attendance/progress report to the TTC VA office. If a student ceases active involvement in online or other modes of distance learning courses for two consecutive weeks, the same procedure of reporting will apply. The TTC VA office will notify the Veterans Affairs Regional Office in Atlanta, G.A., or the Department of Veterans Affairs Vocational Rehabilitation and Employment Office in Charleston, S.C. of the change in enrollment. The respective offices will determine the necessary adjustment to a student's educational benefits. If you drop, withdraw or change your enrollment in a class or classes at the college, you are required to complete an official Drop/Add or withdrawal form. The form must be completed and then signed by your instructor. It must include your last date of attendance (LDA) in the class. You must deliver this form to the Registrar's office for processing as well as bring a copy of the form to the Veterans Assistance office.

Unless you can show the reason for withdrawal of a course or courses was due to mitigating circumstances, the VA must reduce or stop your benefits from the beginning date of the term. "Mitigating circumstances" are unavoidable and unexpected events that directly interfere with your

## Veterans, Veterans Dependents and Service Personnel

pursuit of a course and are beyond your control. The first time you drop up to six credit hours, the VA will excuse the drop and pay benefits for the period you attended. This is a one-time exclusion and you will not have to provide a reason to the VA. For more information, contact the TTC Veterans Assistance office.

Choose your major carefully. Changing your major slows down progress toward completion of your degree. It also unnecessarily uses up your benefits which are limited in amount. In addition, a program change may result in a delay in receiving benefits. This is particularly important if you are going on for advanced studies. If you change your major, you must complete a Student Major Update form in the Registrar's office and complete a program update form in the Veterans Assistance office. Vocational Rehabilitation students receiving Chapter 31 benefits are not permitted to change their majors without the permission of their VA case manager.

State Free Tuition Program. The program requires that the veteran served honorably in the armed forces of the United States during a period of war and either died while in service or as a direct result of service; or was a POW or MIA; or is totally or permanently disabled as determined by the Veterans Administration; or has been awarded the Congressional Medal of Honor. The veteran, if disabled, must still reside in South Carolina. These students are not eligible for VA work-study positions unless they also receive Chapter 35 benefits.

**Payment of Benefits:** Eligible students receive benefits based on their particular VA benefit program and training time while at TTC. The Veterans Administration processes benefit payments at the end of the month for that month's enrollment. Advance payment of the first partial month's benefit and second full month's benefit is available if you are entering college for the first time or you were previously enrolled but have a break of 30 days or more between sessions. The VA must receive advance pay request at least 60 days before and not more than 120 days before the beginning of each semester. Advance payment is not applicable to Chapter 33 students.

**REAP:** This program (Chapter 1607 of title 10, U.S. Code) provides educational assistance to members of the reserve components – Selected Reserve (Sel Res) and Individual Ready Reserve (IRR) – who are called or ordered to active service in response to a war or national emergency,

## Veterans, Veterans Dependents and Service Personnel

as declared by the President or Congress. Generally, a member of a reserve component who served on active duty on or after Sept. 11, 2001, under title 10, U.S.C., for at least 90 consecutive days under a contingency operation is eligible for REAP.

**Post-9/11 Veterans Educational Assistance Act of 2008:** This educational program (Chapter 33 of Title 38 U.S. Code) provides benefits for individuals who served on active duty on or after Sept. 11, 2001, for at least 30 continuous days and were honorably discharged due to a service-connected disability, or served for an aggregate period ranging from 90 days to 36 months. Additional information is available at [www.gibill.va.gov](http://www.gibill.va.gov).

### Chapter 33 Housing Allowance Payments

Credit hours applicable for VA pay purposes for Chapters 30, 31, 32, 35, 1606 and 1607:

### Fall and Spring Semesters

Full time	12 semester credit hours
3/4 time	9-11 semester credit hours
1/2 time	6-8 semester credit hours

### Summer Semester and Accelerated Terms

The Department of Veterans Affairs determines the payment of benefits for Summer Semester or any accelerated terms by calculating the number of whole weeks in the semester and the number of credit hours of enrollment for that semester/term. Contact the Department of Veterans Affairs if you have questions concerning your benefit calculation for accelerated terms.

Please visit the Veterans Assistance office for more information regarding benefits during the Summer Semester.

**Active-Duty Tuition Assistance:** This program pays all or part of tuition costs for college courses taken while on active duty. Each branch of the military administers it. Check with your Military Education office for program requirements. Tuition assistance forms should be processed through your Military Education Center and submitted to the TTC Business office well in advance of the start of the semester.

**Other Resources for Dependents:** Educational loans may be available through Army Relief, Navy Relief and Air Force Aid Societies for qualified children or spouses of active duty servicepersons, servicepersons who died while on active duty or retired status, or veterans on retired status.

**General Information:** The federal, state or private agency administering these educational assistance programs has sole responsibility for

determining eligibility and awarding benefits. Most federal VA educational benefits are payable for 10 years from the date of discharge or the date of eligibility. Generally, veterans with dishonorable discharge are not eligible. Federal or state legislation reserves the right to change, without notice, any programs and guidelines for eligibility.

### Tutorial Assistance

You may receive monetary assistance from the Department of Veterans Affairs to pay a tutor, if one is required. All chapters except Chapter 31 must pay the tutor directly and then submit a claim for reimbursement for tutorial assistance to the VA. Those students who receive benefits under the S.C. State Free Tuition program only are not eligible for tutorial reimbursement. Additional information is available at TTC's Veteran's Assistance office.

### Veterans Work-Study Program

There are a limited number of VA work-study positions for veterans attending college in the Charleston area. The Department of Veterans Affairs pays minimum wage for this work. These wages are tax-free.

### Receiving Benefits

As a student receiving VA educational benefits, you may receive benefits only for those courses that are required for graduation in your major and as approved by the South Carolina State Approving Agency. In addition, the VA will not pay for audited courses or courses for which you have already received transfer credit or received a passing grade. The VA pays benefits for courses that are repeated if the courses are within the program outline and were previously failed.

### Transfer Credit

The South Carolina State Approving Agency for VA requires the college to adhere to provisions set forth in accordance with Section 21.4253 b (3) and 21.4258 a (7) of Title 38, US code of Federal Regulations regarding prior credit evaluations. Students receiving VA benefits must submit their military and/or college transcripts to the TTC Admissions office no later than the end of the second semester of enrollment at TTC. TTC's VA office will process enrollment certifications for only two semesters pending prior credit evaluations.

### Repeat Course Policy

VA students receiving educational benefits payments will not be certified for a remedial course on a third attempt when the grade of “U” has been earned. Students receiving the S.C. State Free Tuition program will not have tuition waived for a remedial course on a third attempt when the grade of “U” has been earned.

### Veterans Attendance Policy

All veterans and eligible persons receiving VA educational benefits while enrolled at TTC are required to maintain class attendance. When a student’s absences in a traditional class exceed two consecutive weeks of scheduled meetings after the Drop/Add period, the instructor will complete and submit an attendance/progress report to TTC’s Veteran Assistance office. If a student ceases active involvement in online or other modes of distance learning courses for two consecutive weeks, the same procedure of reporting will apply. Attendance reports resulting in a reduction of credit hours enrolled have to be reported to the Department of Veterans Affairs and will result in an overpayment of benefits. The TTC VA office will submit the attendance reports to the Department of Veterans Affairs Regional Office in Atlanta or the Department of Veterans Affairs Vocational Rehabilitation and Employment Office in Charleston. The respective offices will determine the necessary adjustment to a student’s educational benefits and notify the student when an overpayment of benefits applies. Circumstances may occur that allow the student to have his/her benefits reinstated. Reinstatement can only occur within the semester in which the changes originated.

### Veterans Tuition Payments

All veteran students with the exception of Chapter 31, Vocational Rehabilitation and Employment or South Carolina state free tuition recipients are required to pay their tuition and fees by the deadline date published in TTC’s *On Course*. These payments are due without regard to your receiving benefits checks from the Department of Veterans Affairs. Contact the Veterans Assistance Center on the Main Campus in Building 410 or call 843.574.6105 for additional information.

### Veterans Refund

TTC processes the applications of eligible veterans, spouses and children of 100 percent disabled or deceased veterans, according to the provisions established by the Department of Veterans Affairs and the State of South Carolina. The Department of Veterans Affairs may require repayment of overpayment situations resulting from a student’s withdrawing from a class prior to course completion. The Department of Veterans Affairs may waive overpayment situations if there are mitigating circumstances involved. Students receiving benefits are required to keep TTC’s Veterans Assistance office informed of initial class registration and changes in enrollment status immediately. This will prevent underpayment or overpayment of VA benefits. Contact the Veterans Assistance office on the Main Campus for additional information.

### VA Certification for Online Courses

In order to meet VA certification requirements for off-campus courses such as practica, internships/externships and residencies, as well as courses offered via the Internet or other modes of distance learning, TTC acknowledges that these courses are part of the college’s approved curriculum, are directly supervised by the college, are measured in the same unit as other courses, are required for graduation, and are part of a program of study approved by the State Approving Agency. The college requires that the faculty teaching these courses use a grading system similar to the grading system used in resident courses and include statements in the course syllabus that indicate that appropriate assignments are needed for the completion of the course and that the student is expected to demonstrate, at least once a week, that he/she is actively involved in the class. Examples of activities that can be used to demonstrate this involvement include, but are not limited to, the following: posting/receiving emails, participating in online class discussions and class chat rooms, and completing and submitting course assignments. Further, TTC requires that these courses have schedules of time for training and instruction which demonstrate that students shall spend at least as much time in preparation, instruction and training as is normally required by the college for its resident courses.

## Adult Students Returning to School

TTC has a large population of students who have been out of school for many years and are returning to upgrade skills, retrain for new jobs or just take personal interest courses. If you are one of these students, keep reading. You'll find you have a lot in common with TTC students.

### *Will I be the oldest student in class?*

Nationwide, more than 6 million older adult students attend college each year; one-third of all college students now fall into this category. TTC's focus has traditionally been on the older student with class schedules and services directed to the working adult.

### *Will I be able to learn and compete with younger students?*

Faculty are appreciative of returning adult students because these students provide a different perspective in classes. Generally, older adult students also are self-motivated, self-directed and committed to their studies.

### *How can I get extra help with courses?*

You can find a variety of help in selected courses at The Learning Center. Tutors, audiovisual media and computer software are available for tutoring and practice. Check with each campus to find out what kind of help is available and what hours you can use these resources.

The division's instructors are recruited from industry, governmental agencies and higher education faculty to provide the optimum solutions to client training needs.

Utilizing various skills assessment programs TTC can assist companies in determining the skill level of both current and potential employees and together develop and implement a training program to increase employee performance and productivity. TTC established the Industrial Skills Training Center to address the need for well-trained maintenance operator technicians. The Center is located on the Main Campus in the Industrial Maintenance Technology Center and contains a Mechanical Skills Lab, an Electrical Skills Lab and a Predictive and Preventive Skills Lab. These labs provide state-of-the-art technology and training

for both large and small companies in areas such as hydraulics, pneumatics, vibration analysis, shaft alignment, pumps, pipefitting and power transmission. TTC encourages and facilitates partnerships among industries to provide the most efficient and economic training programs for both pre-employment and incumbent workers, including assembly, manufacturing and logistics.

In addition to the maintenance and apprenticeship programs, TTC also provides training in quality standards; welding; machining; PLCs; CNC; lean manufacturing; metrology; engineering; heating, ventilation and air conditioning; small appliance repair; small engine repair certification; and general and residential contracting.

The credit you receive depends on the number of hours you work per week. Credits appear on your transcripts and often substitute for elective credits.

You may combine co-op and class attendance in the same semester or alternate semesters of co-op with semesters of class attendance.

You must meet the following requirements for eligibility: have completed two full semesters of your program, have at least a 2.0 grade point average and have the approval of your advisor.

## Distance Learning Courses

Through the Distance Learning office, the college provides a number of online mixed-mode and video web courses. The Distance Learning office is constantly exploring new and more efficient ways to make courses available to more people – courses with instruction not limited to specific times or places. Courses offered through Distance Learning are identified in the *On Course* schedule of classes published each term and are listed on the college's website under the course search.

## Learning Resources (Libraries)

Learning Resources Centers (LRCs), or libraries, are located on each TTC campus. The library website is the gateway to library resources and services, making them accessible on or off campus. Through the homepage you can access the online library catalog, electronic databases, tutorials, course-related resources, reserve items, research tips and assistance. Computers are available at each campus library with the Acceptable Use Policy displayed by each workstation.

TTC's library collection supports all programs of study as well as the information needs of the college community. All three campus libraries share the collection, which includes books, periodicals, e-books, electronic resources, videos and DVDs. The library is a teaching library with reference and research assistance readily available. From the library homepage you may take an online tour and an orientation to become more familiar with your library.

TTC's library participates in several partnership agreements that increase the amount of resources available to faculty, staff and students.

The Charleston Area Library Consortium (CALC) includes TTC and other area Academic libraries. Through this consortium, TTC students, faculty and staff have physical access, and students have certain checkout privileges to the academic libraries of area colleges by presenting a current TTC identification card.

The Partnership among South Carolina Academic Libraries (PASCAL) includes South Carolina's academic libraries together with their parent institutions and state agency partners. PASCAL fosters cooperation on a broad range of issues including shared licensing of electronic resources, universal borrowing and Interlibrary Loan Services (ILS) hosting. Through this partnership, the LRC participates in PASCAL Delivers. PASCAL Delivers is a rapid, book-delivery service that allows faculty, staff and students to request books from any participating college library across South Carolina. Book requests can be made through the LRC's online catalog on campus or remotely from any computer with Internet access. Faculty, staff and students can select to which TTC campus the requested book should be sent. For S.C. academic institutions that are not a part of PASCAL, an additional special statewide borrowing card is available through the library to allow students to borrow materials from those libraries.

## College Services and Resources

---

The TTC library also has an agreement with the Charleston County Library System, a large library system with a main library and 15 regional and branch locations. This agreement allows current TTC students who live outside of Charleston County to obtain a free county library card while they are students. All libraries have circulation policies and charge fines for material returned after the due date.

# English Fluency Requirements for Faculty Employment

## I. General Information

### A. Purpose

These procedures were developed to comply with SBTCCE policy 8-2-109.1 and the English Fluency in Higher Education Act of 1991.

The purpose of these procedures is to define methods to ensure that all permanent and adjunct faculty whose first language is other than English and who teach one or more credit courses possess adequate proficiency in both the written and spoken English language and that an appropriate response be given to the student complaints regarding an instructor's English fluency.

### B. Exclusions

This policy does not apply to the following instructional settings: continuing education courses; student participatory and activity courses such as clinics, studio and seminars; special arrangement courses; courses designed to be taught predominantly in a foreign language; and courses taught by visiting instructors.

## II. Procedural Guidelines

- A. Applicants for permanent and adjunct faculty vacancies will proceed through the college's normal screening process with assessment based on standard job-related criteria to include perceived written and oral communication abilities.
- B. If an applicant becomes a finalist for a faculty position but his/her written or oral English proficiency is judged by the dean to require further evaluation, then the applicant will be referred to an English Fluency Evaluation Committee, hereafter referred to as the Committee. The Committee will ensure that an English fluency evaluation is made on the basis of the following criteria. The applicant will be evaluated by the Committee through the performance of the following minimum proficiency exercise:
  - 1. Writing an analysis of at least 350 words in English of a scholarly paper written in English and related to the subject area.
  - 2. Conducting an oral instructional presentation for a time period equivalent

to a class period and related to the subject area. At least half of the presentation should use the lecture method.

- C. The Committee will include representatives from the following:
    - One representative from the vice president for Academic Affairs office;
    - One representative from Developmental Studies Reading;
    - One representative from curriculum English;
    - One representative from Employee Relations.
- The Committee will ensure that appropriate procedures are used to provide a favorable environment for the exercises, as well as controls and security to ensure that the exercises completed by the applicants are independent and original work. Candidates must be judged by Committee consensus as proficient in both exercises described in Section II.
- D. Any grievances under this procedure are to be filed with the office of the vice president for Academic Affairs. When a student files a grievance regarding the English fluency of an instructor, the instructor will be referred within 10 working days to the English Fluency Evaluation Committee for a proficiency evaluation using procedures and methods described in Sections I and II.
  - E. An instructor who is judged proficient by the Committee will continue teaching assignments without any further action.
  - F. A permanent instructor judged deficient by the Committee will be given 120 calendar days to develop sufficient skill to be judged proficient by the Evaluation Committee. If during this time the instructor has not shown evidence of satisfactory progress in overcoming the deficiency, additional action up to and including termination may be taken. The process of notification of need for correction of the deficiency as well as the maximum time allowed for correction are defined specifically in TTC Policy 8-0-0, Faculty Performance Management System.
  - G. Any adjunct instructor judged deficient by the Committee may be immediately terminated.
  - H. The college's Human Resources office will annually report to SBTCCE a recap of grievances filed by students under the provisions of this policy and any invocation of the fluency proficiency guidelines herein.

# Confidentiality of Student Records

## Annual Notice to Students

Trident Technical College complies with the Family Educational Rights and Privacy Act (FERPA) of 1974. This act provides ways to protect the privacy of education records, and to establish the right of students to inspect and to review their education records. Parents or guardians of dependent students may access their dependent student's records by completing a request form and providing appropriate documentation to verify the dependent status of the student to the office of the vice president for Student Services. The act provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act office.

Under the Act, Trident Technical College is allowed to publish the following designated student directory information relating to individual students: the student's name, address, telephone listing, e-mail address, date and place of birth, major field of study, participation in officially recognized activities, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended by the student. The college periodically updates student addresses for future contact purposes. Students wishing to restrict publication of their student directory information or opt out of address updates must notify the Registrar's office in writing.

Procedures to be used for compliance with the provision of the Act can be found in the Registrar's office and the vice president for Student Services' office. Questions concerning the Family Educational Rights and Privacy Act may be referred to the Registrar's office and the vice president for Student Services office. Students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Ave. SW, Washington, DC 20202-5901.

# Transfer Policy for Public Two-Year and Four-Year Institutions in South Carolina

(Revised 12/2009)

The South Carolina Course Articulation and Transfer System serves as the primary tool and source of information for transfer of academic credit between and among institutions of higher education in the state. The system provides institutions with the software tools needed to update and maintain course articulation and transfer information easily. The student interface of this system is the South Carolina Transfer and Articulation Center (SCTRAC) web portal: [www.SCTRAC.org](http://www.SCTRAC.org). This web portal is an integrated solution to meet the needs of South Carolina's public colleges and universities and their students and is designed to help students make better choices and avoid taking courses which will not count toward their degree. Each institution's student information system interfaces with [www.SCTRAC.org](http://www.SCTRAC.org) to help students and institutions by saving time and effort while ensuring accuracy and timeliness of information.

## Admissions Criteria, Course Grades, GPA's, Validations

All four-year public institutions will issue a transfer guide annually in August or maintain such a guide online. Information published in transfer guides will cover at least the following items:

- A. The institution's definition of a transfer student.
- B. Requirements for admission both to the institution and, if more selective, requirements for admission to particular programs.
- C. Institutional and, if more selective, programmatic maximums of course credits allowable in transfer.
- D. Information about course equivalencies and transfer agreements.
- E. Limitations placed by the institution or its programs for acceptance of standardized examinations (e.g., SAT, ACT) taken more than a given time ago, for academic coursework taken elsewhere, for coursework repeated due to failure, for coursework taken at another institution while the student is

academically suspended at his/her home institution, and so forth.

- F. Information about institutional procedures used to calculate student applicants' GPAs for transfer admission. Such procedures will describe how nonstandard grades (withdrawal, withdrawal failing, repeated course, etc.) are evaluated; and they will also describe whether all coursework taken prior to transfer or only coursework deemed appropriate to the student's intended four-year program of study is calculated for purposes of admission to the institution and/or programmatic major.
- G. Institutional policies related to "academic bankruptcy" (i.e., removing an entire transcript or parts thereof from a failed or underachieving record after a period of years has passed) so that re-entry into the four-year institution with course credit earned in the interim elsewhere is done without regard to the student's earlier record.
- H. "Residency requirements" for the minimum number of hours required to be earned at the institution for the degree.

## South Carolina Transfer and Articulation Center (SCTRAC)

All two-and four-year public institutions will publish information related to course articulation and transfer, including but not limited to items A through D mentioned above, on the South Carolina Transfer and Articulation Center website ([www.SCTRAC.org](http://www.SCTRAC.org)). Course equivalency information listing all courses accepted from each institution in the state (including the 86 courses in the Statewide Articulation Agreement) and their respective course equivalencies (including courses in the "free elective" category) will be made available on [www.SCTRAC.org](http://www.SCTRAC.org). This course equivalency information will be updated as equivalencies are added or changed and will be reviewed annually for accuracy. Additionally, articulation agreements between public South Carolina institutions of higher education will be made available on [www.SCTRAC.org](http://www.SCTRAC.org), will be updated as articulation agreements are added or changed, and will be reviewed annually for accuracy. All other transfer information published on [www.SCTRAC.org](http://www.SCTRAC.org) will be reviewed at least annually and updated as needed.

## Transfer: State Policies and Procedures

---

### Statewide Articulation of 86 Courses

The Statewide Articulation Agreement of 86 courses approved by the South Carolina Commission on Higher Education for transfer from two- to four-year public institutions is applicable to all public institutions, including two-year institutions and institutions within the same system. In instances where an institution does not have courses synonymous to ones on this list, it will identify comparable courses or course categories for acceptance of general education courses on the statewide list. This list of courses is available online at [www.che.sc.gov](http://www.che.sc.gov) as well as on [www.SCTRAC.org](http://www.SCTRAC.org).

### Statewide Transfer Blocks

The Statewide Transfer Blocks established in 1996 will be accepted in their totality toward meeting baccalaureate degree requirements at all four-year public institutions in relevant four-year degree programs. Several Transfer Blocks were updated in March 2009: Arts, Humanities, and Social Sciences; Business; Engineering; and Science and Mathematics; the remaining Transfer Blocks, Teacher Education and Nursing, are currently being revised. The courses listed in each Transfer Block will be reviewed periodically by the Commission's Academic Affairs staff in consultation with the Advisory Committee on Academic Programs to ensure their accuracy, and the Transfer Blocks will be updated as needed.

For the Nursing Transfer Block, by statewide agreement, at least 60 semester hours will be accepted by any public four-year institution toward the baccalaureate completion program (BSN) from graduates of any South Carolina public associate degree program in nursing (ADN), provided that the program is accredited by the National League for Nursing Accrediting Commission or the Commission on Collegiate Nursing Education and that the graduate has successfully passed the National Licensure Examination (NCLEX) and is a currently licensed Registered Nurse.

Any student who has completed either an Associate of Arts or Associate of Science degree program at any public two-year South Carolina institution which contains the total coursework found in the Arts, Humanities, and Social Sciences or the Science and Mathematics Transfer Block will automatically be entitled to junior-level status or its equivalent at whatever public senior institution to which the student might have been admitted. However, as agreed by the Advisory Committee

on Academic Programs, junior status applies only to campus activities such as priority order for registration for courses, residence hall assignments, parking, athletic event tickets, etc. and not in calculating academic degree credits.

For a complete listing of all courses in each Transfer Block, see [www.che.sc.gov/AcademicAffairs/TRANSFER/Transfer.htm](http://www.che.sc.gov/AcademicAffairs/TRANSFER/Transfer.htm).

### Assurance of Transferability of Coursework Covered by the Transfer Policy

Coursework (i.e., individual courses, transfer blocks, and statewide agreements) covered within this transfer policy will be transferable if the student has completed the coursework with a "C" grade (2.0 on a 4.0 scale) or above. However, the transfer of grades does not relieve the student of the obligation to meet any GPA requirements or other admissions requirements of the institution or program to which application has been made. In addition, any four-year institution which has institutional or programmatic admissions requirements for transfer students with cumulative grade point averages (GPAs) higher than 2.0 on a 4.0 scale will apply such entrance requirements equally to transfer students from regionally accredited South Carolina public institutions regardless of whether students are transferring from a four-year or two-year institution.

Any coursework covered within this transfer policy will be transferable to any public institution without any additional fee and without any further encumbrance such as a "validation examination," "placement examination/instrument," "verification instrument," or any other stricture, notwithstanding any institutional or system policy, procedure, or regulation to the contrary.

### Assurance of Quality

All claims from any public two- or four-year institution challenging the effective preparation of any other public institution's coursework for transfer purposes will be evaluated by the staff of the Commission on Higher Education in consultation with the Advisory Committee on Academic Programs. After these claims are evaluated, appropriate measures will be taken to ensure that the quality of the coursework has been reviewed and approved on a timely basis by sending and receiving institutions alike.

## **Transfer Officers**

Each institution will provide the contact information for the institution's Transfer Office personnel, including telephone numbers, office address, and e-mail address, on its website and on [www.SCTRAC.org](http://www.SCTRAC.org). Transfer office personnel will:

- Provide information and other appropriate support for students considering transfer and recent transfers.
- Serve as a clearinghouse for information on issues of transfer in the state of South Carolina.
- Provide definitive institutional rulings on transfer questions for the institution's students under these procedures.
- Work closely with feeder institutions to assure ease in transfer for their students.

## **Statewide Publication and Distribution of Information on Transfer**

The staff of the Commission on Higher Education will place this document on the Commission's website under the title "Transfer Policies." In addition, information about transfer, including institutional policies, course equivalencies, and articulation agreements, will be published and distributed by all public institutions through transfer guides and be made available on [www.SCTRAC.org](http://www.SCTRAC.org). Furthermore, course catalogs for each public two-and four-year institution will contain a section entitled "Transfer: State Policies and Procedures." This section will:

- A.** Include the Transfer Policy for Public Two-Year and Four-Year Institutions in South Carolina.
- B.** Refer interested parties to [www.SCTRAC.org](http://www.SCTRAC.org) as well as to the institutional Transfer Guide and institutional and Commission on Higher Education's websites for further information regarding transfer.

For more information regarding transfer from TTC to four-year colleges and universities, contact Susan Norton, assistant vice president of academic programs, or visit TTC's website.

For information about transferring in South Carolina, visit [www.sctrac.org](http://www.sctrac.org).

## Public Safety Services

### Public Safety Officers

TTC employs state constables who are trained and certified police officers for the state of South Carolina. The Public Safety officers enforce all federal, state and local laws as well as the policies and procedures of the college.

### Public Safety Services

The Jeanne Clery Disclosure of Campus Security Policy and Campus Statistics Act requires TTC to collect and report crime statistics for crimes committed on campus. This federal law is codified at 20 USC 1092(f) and requires colleges and universities to disclose annual information about campus crime and security policies. These statistics are also required to be reported annually to the U.S. Department of Education, Office of Postsecondary Education (OPE) to assist students and their parents in researching criminal offenses on college campuses. Statistics for more than 6,000 colleges and universities in the United States can be accessed on OPE's Web site. The college policies and procedures relating to campus security and the annual crime statistics are published on TTC's website. Other websites containing crime information include:

- State of South Carolina Law Enforcement Division S.C. Sex Offenders Registry website
- Security on Campus website

While the college makes considerable efforts to ensure the safety and security of everyone on campus, it is your responsibility to take precautions to protect yourself. Whenever a threat to students is determined, timely notice will be made by college officials to help you become aware and protect yourself.

Law enforcement activities on campus are supplemented by mutual aid agreements with local police agencies. Think and practice crime prevention. Report any crimes or suspicious situations to Public Safety immediately by calling 843.574.6911 (6911 from a campus phone).

### Reporting Emergencies and Crimes

All members of the college community share the responsibility of preventing crime. Please report crimes, suspicious activities and emergencies occurring on campus to Public Safety immediately. The emergency number is 843.574.6911 (6911 on

campus), and it is posted throughout the college on telephones and in the college and Trident-area telephone directories. Emergency telephones are available in buildings and parking lots. If TTC telephone lines are out of service, please call Public Safety at 843.572.1642. If Public Safety cannot be reached, report crimes on campus to local police who will relay the information by radio to Public Safety. Also, report crimes related to college activities occurring off campus to local police and Public Safety immediately. Reports made to Public Safety are used for making timely warnings and preparing the annual disclosure of campus crime statistics.

When calling Public Safety, please make sure you provide as much information as possible:

- Your name
- Your exact location and the exact location of the incident
- The phone number from where you are calling
- Description of injuries, if any, and need for medical assistance
- Immediate details of the incident (where it occurred, how long ago)
- Information about the suspect (name, physical description, clothing description, direction of flight, description of vehicle, etc.)

### Motorist Assistance

For assistance with dead batteries, keys locked inside vehicles and flat tires, call the Public Safety office. You are required to sign a release before officers can provide assistance. For other mechanical problems, the Public Safety office will help you locate an appropriate service agency.

### Emergency Alert System

Upon the confirmation of a significant emergency or dangerous situation occurring on campus and involving an immediate threat to the health or safety of the campus community, TTC's Emergency Alert System (EAS) will be activated (unless issuing a notification will compromise efforts to contain the emergency).

The Emergency Alert System (EAS) includes the following notification components:

1. EAS Mobile: Text and/or voice messages sent to a student's mobile device/cell phone. Voice messages can also be sent to designated landline telephones. (Students must opt in to receive messages. Visit [www.tridenttech.edu/eas.htm](http://www.tridenttech.edu/eas.htm) to subscribe.)

2. EAS Email: Alerts sent to email accounts. (Students must opt in to receive emails.) Visit [www.tridenttech.edu/eas.htm](http://www.tridenttech.edu/eas.htm) to subscribe.
3. EAS Campus: Audible and/or text alerts sent to campus telephones located in classrooms, hallways and offices.
4. EAS Web: Alerts posted on TTC's website ([www.tridenttech.edu](http://www.tridenttech.edu)) and TTC's Facebook page.
5. EAS InfoLine: Recorded message alerts accessed by calling 843.574.6262, ext. 9091. A toll-free InfoLine, 877.869.7736, is activated when conditions warrant.
6. EAS Media: Alerts sent to local media outlets (radio, television, newspaper).

### Emergency Messages

If you need to be contacted because of a medical emergency or death in the family while you are on campus, your family can call the Public Safety office at 843.574.6053, and Public Safety will attempt to locate you in your class to relay the message. Please understand this service is only for major emergencies. The college is unable to relay messages for other problems.

### Emergency Telephones

The college has automatic dial emergency phones located in the parking lots of Main, Berkeley and Palmer campuses. These phones provide a direct connection to the college's Public Safety office. See campus maps for locations of emergency phones.

### Emergency Evacuation and Drills

In accordance with TTC Procedure 12-1-1, Public Safety conducts unannounced fire drills each semester and performs tests of the Emergency Alert System (EAS Campus and EAS Mobile/Email) at least once annually. Upon activation of a fire alarm, activation of the EAS or at the direction of Public Safety, all occupants within affected building(s) are required to quickly and quietly evacuate. You should take your purse, book bag and any other personal belongings without delay when evacuating, in case return to the building is not possible. You are to assemble at least 150 feet from buildings and are not to reenter buildings unless instructed by Public Safety or other college officials.

### Emergency or Unscheduled Closures

In accordance with TTC Procedure 5-0-5, if classes must be cancelled due to an emergency, inclement weather or other unscheduled closure of the college, students will be notified through TTC's Emergency Alert System (EAS). Announcements through local media (radio, television and newspaper) will be made through EAS Media. Information will be posted on TTC's website ([www.tridenttech.edu](http://www.tridenttech.edu)). In addition, you may call the EAS InfoLine to hear recorded message alerts and to obtain additional information on the current operating status of the college. The EAS InfoLine can be accessed by calling 843.574.6262, ext. 9091. Also, a toll-free InfoLine, 877.869.7736 is activated when conditions warrant.

### Bicycles

Bicycle racks are provided on Main Campus at: Student Center (Bldg. 410, north side), Industrial and Engineering Technology building (Bldg. 700, front), Health Sciences building (Bldg. 630, front), breezeway between the General Education and Math and Science buildings (Bldgs. 100/300), General Education building (Bldg. 100, outside Public Safety), and Math and Science building (Bldg. 300, rear), near the Learning Resources Center (Bldg. 510) and at Palmer Campus.

Bikes may not be taken into buildings or parked where they may become a safety hazard. Please use the bicycle racks and lock your bike.

### Theft of Personal Property

Any article left unattended in a public place is subject to theft. Any article of value should be kept with you or secured in your vehicle out of plain view. Book theft is a common problem on all college campuses. Mark your books with some form of identification. Keep books with you, and do not leave them unattended in public places. If you do have a book stolen, report it to Public Safety immediately.

### First Aid

Public Safety provides First Aid for you while on campus. All injuries should be reported to Public Safety immediately. If further medical assistance is needed, Public Safety will notify EMS.

### Special Medical Attention

If you want to notify the college about any special medical conditions or important information in a medical emergency, you can fill out a Special Medical Attention form available in the Public Safety office. This information is kept confidential to Public Safety, EMS and medical personnel.

### Environmental Health and Safety Emergencies

Public Safety staff includes an Environmental Health and Safety manager who can respond to and mitigate environmental and safety hazards. If you observe the following emergencies, please contact Public Safety immediately at 843.574.6911 (6911 on campus):

- Chemical spills
- Biohazard/blood spills
- Spills of unknown origin
- Illegal dumping into storm drains
- Unknown odors
- Natural gas odors
- Safety hazards in classrooms, labs, offices, or elsewhere on campus

### Disruption of Academic Process

Any disturbance that may hinder the educational programs provided by TTC is in violation of South Carolina law (Statute 16-17-420).

### Lost and Found

If you find any items that have been misplaced or forgotten, bring them to the Public Safety office. If you have lost any books or personal belongings, check with Public Safety to see if they have been found. Items will be held for 90 days.

### Personal Attitudes and Behavior

You are expected to behave in ways that do not infringe upon the rights of others. This includes showing responsibility and respect regarding eating, electronic devices and dress. TTC students and visitors are expected to dress in a manner appropriate to the academic and business functions in which the TTC community is engaged. It is a violation of the student code of conduct to do otherwise, and you are expected to adhere to the TTC Creed and guidelines for campus behavior.

### Alcohol and Drugs

The sale, possession or consumption of controlled substances is specifically prohibited. For details read the Student Code in the college's *Student Handbook*

and *Planner*. Violators are subject to arrest and college disciplinary action.

### Classroom Policies

To minimize classroom disruptions and protect the integrity of test-taking situations, activated electronic communications devices such as pagers and telephones generally are not permitted in TTC classrooms. The only exception to this policy will be for on-call emergency personnel (police, fire, EMS) who are required to notify their classroom instructor of their need for such devices at the beginning of the semester and provide documentation verifying their occupation. However, on-call emergency personnel may not leave a testing situation, communicate by electronic means and return to complete an examination. In these cases, instructors should make arrangements for retesting. Eating in classrooms and labs is not permitted. Students may bring drinks into classrooms (not labs) as long as they are in containers with secure lids, such as screw tops or stopper tops.

### Smoking

TTC promotes a safe, healthy environment on all its campuses and prohibits smoking inside and at all entrances to all college facilities. Smokers are expected to smoke in designated areas and discard cigarettes in ash urns provided at each building on campus.

### Restricted Areas

Smoking is prohibited at the entrances to and inside all college buildings.

### College/State Vehicles

Smoking is prohibited in college state vehicles.

### Monitoring No-Smoking Regulations

Public Safety will advise individuals who are not in compliance with the college's no-smoking procedure of the outdoor smoking areas.

Any disruptions related to the smoking regulations should be reported immediately to Public Safety. If student disruptions warrant further investigation, Public Safety will report these disruptions to the vice president for Student Services for possible disciplinary action.

In addition, South Carolina's Clean Indoor Air Act of 1990 cites violation of the act as a misdemeanor that, upon conviction, results in a fine of not less than \$10 nor more than \$25 (plus court costs). The issuance of a citation is at the discretion of the Public Safety office.

## **Firearms Prohibited**

In an effort to ensure a safe and secure environment for all members of the campus community, firearms are not allowed in any building, premises or property owned, operated or controlled by TTC except where allowed by law for law enforcement or military purposes. Under state law, a person may transport firearms in his/her vehicles only if secured in a closed glove compartment, closed console or closed trunk. The college prohibits the removal of these firearms from the vehicle and the carrying of such firearms into any building or area adjacent thereto such as a parking lot on campus. This includes persons holding concealed weapon permits under the Law Abiding Citizens Self Defense Act of 1996. This applies to any firearm or replica of a firearm in an assembled or unassembled condition. Anyone who violates this policy is in violation of Section 16-23-420 of the S.C. Code of Laws as amended and is subject to arrest and criminal prosecution with a minimum penalty of a \$5,000 fine or five years imprisonment or both.

## **Motor Vehicle Registration and Traffic Regulations**

You are required to obey all South Carolina traffic and seat belt laws while operating a vehicle on campus. The speed limit on all campuses is 15 miles per hour. Parking violations can result in the issuance of a parking citation. S.C. Uniform Traffic citations also may be issued for traffic and vehicle violations. All traffic accidents should be reported to Public Safety immediately.

## **Parking Decals for Persons with Disabilities**

To legally park in a TTC disabled parking space, a vehicle must properly display a S.C. disabled parking placard and must be used in the transport of the permit holder. Faculty, staff and students with temporary disabilities, requiring the use of a TTC disabled parking space, should contact Services for Students with Disabilities through Counseling and Career Development Services at Main Campus or the Student Success Centers at Berkeley and Palmer campuses. A temporary TTC decal allowing temporary disabled parking privileges on TTC campuses may be obtained with proper documentation. When specific spaces for disabled parking are all occupied, parking in the nearest available space is authorized to include faculty/staff parking.

## **Children**

To meet its mission of providing quality education, it is essential that the college maintain an environment that is conducive to student learning and employee productivity. For this reason, children should not be left unattended on campus. Unattended children should be reported to Public Safety immediately. As prescribed in the Student Handbook students should not bring children to class or leave them unattended on campus. Students whose children are with them or who are left unattended on campus should not be admitted to class. Children cannot be taken to Testing Services while a parent/guardian takes a test. They cannot be taken to The Learning Center while a parent/guardian has a tutoring session or uses The Center's media. Children may not be taken into any TTC library while the parent/guardian is studying or using library resources.

## **Animals**

Animals are not allowed on the premises or property of TTC except for animals trained to assist the disabled, police dogs or police horses, or animals used for educational purposes in academic programs. The feeding of animals (feral, domestic or wildlife) on campus is prohibited with the exception of those animals treated by the Veterinary Technology Program or animals trained to assist persons with disabilities.

## **Preventing or Reporting Sexual Assaults**

Sexual assault is strictly prohibited by the college. The college's Sexual Assault Policy complies with S.C. Code Ann. § 59-105-10 et seq. (Supp. 2002), commonly known as the "South Carolina Campus Sexual Assault Information Act." "Sexual assault" is defined as rape or any actual or attempted nonconsensual or forcible sexual touching, including fondling, kissing, groping, attempted intercourse (whether oral, anal or vaginal), penetration or attempted penetration with a digit or any other object. Nonconsensual sexual assault includes those situations in which the victim is unable to consent. "Rape" is defined as vaginal, anal or oral intercourse without consent, whether the victim is overcome by force, fear, intimidation resulting from threat of force, or by drugs administered without consent, or when the victim is otherwise unable to consent. Consent requires speech or conduct indicating a freely given agreement to have intercourse or participate

in sexual activities. Previous sexual relationships, current relationships with the perpetrator or the use of alcohol and/or drugs may not be taken as an indication of consent. Use of alcohol and/or drugs by the perpetrator is not an excuse for violation of the sexual assault policy.

The term “unable to consent” means:

- unable to understand the circumstances and implications of the sexual advances;
- unable to make a reasoned decision concerning the sexual advances; or
- unable to communicate that decision in an unambiguous manner. Such a situation can result from illness, the influence of alcohol or some other substance, physical or psychological disabilities, unconsciousness or some other cause.

The college will impose sanctions on individuals who commit sexual assault. In cases involving a student, an interim (immediate) suspension may be imposed, which means the accused cannot attend classes or be on campus until an administrative hearing is held (within 10 days). In other cases, the accused may be permitted to attend classes pending a final decision from the vice president for Student Services. If that recommendation is suspension (from the college) or expulsion (from the college), a hearing will also be held. Among the other disciplinary sanctions that may be imposed are the following:

- admonition, censure, probation and the restriction of privileges.

Harassment is a pattern of intentional, substantial and unreasonable intrusion into the private life of a targeted person that causes the person (and would cause a reasonable person) to suffer mental distress. Stalking is a pattern of words or conduct that is intended to and that does cause a targeted person (and would cause a reasonable person) to fear death, assault, criminal sexual contact, kidnapping (either the targeted person or a member of his/her family), or damage to his/her property or a family member's property. The TTC Public Safety Department takes all complaints of harassment and stalking seriously and actively assists students, faculty and staff in dealing with matters of this type through civil and criminal means. The college's Sexual Harassment Policy and Procedure can be found at Sexual Harassment Policy and Sexual Harassment Procedure.

## Sexual Assault Prevention

1. Use the campus escort and transit services.
2. Be aware of the emergency telephones and their locations.
3. Avoid being in classrooms or office buildings alone at night. If you must be there, let the campus police know where you are and how long you will be there. Stay near a telephone.
4. Report any suspicious person or activity to the Public Safety Department, whatever the time, day or night.
5. Know who is at your door before opening it.
6. Vary your routine. Do not walk the same route night after night.
7. When walking at night, be alert. Listen for footsteps and voices to be sure no one is following you.
8. Avoid unlit areas. Whenever possible, walk and park in well-lit public areas.
9. Always lock the doors in your car, room, apartment or house. Keep the car doors locked even when you are driving.
10. Never pick up hitchhikers.
11. When driving, always make sure you have enough gas to reach your destination.
12. When walking to your car at night, have your car keys in your hand before leaving the building.
13. When walking from your car to your residence, have your door key in hand before you leave your car. If you are being dropped off, ask the driver of the car to wait until you are safely in your residence.
14. Take advantage of the rape awareness and rape defense training offered by the college and community groups.
15. If you drink alcoholic beverages, drink responsibly.

## Public Safety Department Programs

The Public Safety Department offers educational and personal safety programs for students, faculty and staff. Among these programs is the women's Rape Aggression Defense (R.A.D.) course which is offered free of charge several times each year.

Course offerings are announced on Public Safety's Web site and through the college's official e-mail system.

## Crime Prevention

The college actively promotes campus security by providing services to prevent criminal activities, enhance personal safety and protect property.

## Escorts to Your Vehicle

College Public Safety officers are available to escort faculty, staff, students and visitors to their vehicles and as otherwise requested. To request an escort, contact the Public Safety Department at 843.574.6053. Please realize that other priorities may prevent an officer from escorting you at a specified time.

## S.C. Sex Offenders Registry

Information on all registered adult sex offenders (age 17 and older) is available from the S.C. Sex Offenders Registry website. Information is also available on registered sex offenders (ages 12-16) who have committed the following offenses: criminal sexual conduct in the first degree; criminal sexual conduct in the second degree; criminal sexual conduct with minors, first degree; criminal sexual conduct with minors, second degree; engaging a child for sexual performance; producing, directing or promoting sexual performance by a child; or kidnapping.

An evaluation must be made on any other requests for information on registered offenders under age 17 who are victims of or witnesses to an offense at public or private schools, child day care centers, family day care centers, or businesses and organizations that primarily serve children, women or vulnerable adults. Evaluations are also required on information requests for offenders who are age 11 or younger who may have a prior conviction or adjudication of delinquency.

Those who request the information must complete and submit a written request form at SLED or at a sheriff's office. A copy of the request form is available online, and it may be mailed or faxed to Sex Offenders Registry, SLED, P.O. Box 21398, Columbia, SC 29221. The fax number is 803.896.7022

## If you are sexually assaulted:

- Memorize as much detail as possible about the attacker.
- On campus call the college's Public Safety Department at 843.574.6053 immediately. Off campus call local emergency medical service immediately by dialing "911" or their local number. This does not obligate you to file charges or testify in court.
- If you prefer not to call the police, but you want to make it known that a rape occurred, you may contact the vice president for Student Services or any member of the Counseling and

Career Development Department.

- Do not bathe, shower, douche or urinate.
- Do not change clothes, if it can be avoided. If changing clothes is necessary, secure your changed clothes inside a paper bag, not plastic.
- Do not eat, drink, smoke, rinse your mouth or brush your teeth. These actions may destroy evidence.
- Do not disturb the crime scene(s).
- You may call and request medical transportation without divulging that you have been raped. Even if you choose not to become involved with the police, you should seek medical assistance.
- You are strongly encouraged to go through the rape protocol exam for medical attention and for the purpose of preserving important physical evidence of the assault. The rape protocol exam should be done as soon as possible. Physical evidence can be obtained up to 72 hours after the assault. However, as time passes, the quality of the evidence diminishes.
- Contact a friend or family member to be with you.

## What Happens When a Rape Is Reported to the Public Safety Department?

When you notify Trident Technical College Public Safety officers of a rape, the following will occur:

- Public Safety will respond to your location on campus, ensure that you are safe and provide you with emergency medical assistance.
- Public Safety will ask you questions about the assault (location and time of the assault, a description of the accused, etc.). If you request to speak to a male or female officer, Public Safety will make every reasonable effort to accommodate your request, to include contacting another law enforcement agency having concurrent jurisdiction. Local law enforcement may become involved depending on the circumstances surrounding the incident. A family member, friend or counselor may be with you during the interview.
- Public Safety will protect the crime scene, contact local law enforcement as may become necessary and assist in the collection and preservation of evidence.
- Public Safety will make contact with and escort you to an appropriate medical facility.
- Public Safety and TTC's Counseling Services will contact other assistance agencies

(People Against Rape, Solicitor's Office Victims/Witness Program, etc.) on your behalf. The Victims/Witness coordinator from the Solicitor's Office will help you file any documents related to the S.C. Victim's Compensation Fund.

- Public Safety will treat you and your case with sensitivity, understanding, and professionalism regardless of your gender or the gender of the accused. Public Safety officers will not prejudice you or blame you for what occurred.
- Public Safety will NOT release your name to the public or the press.
- Public Safety will continue to be available to you, answer your questions, and explain the system and processes involved (solicitor, courts, etc.).
- Public Safety will professionally investigate your case, which may lead to the arrest and prosecution of the accused. You will be kept up-to-date on the progress of the investigation and/or prosecution.

### What Happens When a Rape Is Reported to the Vice President for Student Services?

- Upon learning of a rape, the vice president for Student Services (or designee) will contact you to offer the services of several Student Services departments. Any information you provide will be kept in the strictest of confidence.
- In the event you want the college to pursue disciplinary action, you will be asked to provide a written report of the incident. That information will be forwarded to the vice president for Student Services, who will start college disciplinary processes. You will be invited, but not required, to meet with the vice president for Student Services in order to discuss college's disciplinary procedures further. Please remember that information regarding student discipline is maintained as a confidential record.
- When available information has been reviewed by the vice president for Student Services, sanctions may be imposed. If the vice president for Student Services recommends a temporary suspension, suspension (from the college), or expulsion (from the college), an administrative hearing may be scheduled.

- You will have the option to attend the administrative hearing and provide testimony regarding the attack. The vice president for Student Services will attempt to make special accommodations for testifying if you are not able to face the accused. You will be listened to and treated with respect. You may have a friend, counselor, or support person present during the hearing. All hearings are closed to the public and are confidential.

When you report a rape to the vice president for Student Services, he/she is required by law to inform the Trident Technical College Public Safety Department. However, reporting this crime to the TTC Public Safety Department in no way obligates you to press charges or testify in court. Even if you do not want to press charges, we strongly encourage you to contact the police for immediate help. You may discontinue the involvement of vice president for Student Services and any other police or legal services at any point.

### Victim's Rights

- The alleged victim has the right to be informed of the process prior to any disciplinary action involving the incident and has the option of discontinuing the process if he or she is the only witness.
- The alleged victim has the right to attend the hearing that involves the accused student. The alleged victim has the option of providing testimony regarding the incident. The vice president for Student Services will attempt to make special accommodations for testifying if you are not able to face the accused.
- The alleged victim is entitled to bring an adviser, friend, counselor or parent during testimony at the hearing. All hearings are closed to the public and are confidential.
- The alleged victim shall be informed of the outcome of the disciplinary hearing. In the event the accused student appeals the decision, the vice president for Student Services will keep the victim informed of the status of those appeals.
- The alleged victim may request changes in his/her academic situation. The college will accommodate such changes if reasonably possible.

## Rights of the Referred Student

The college's "Rules for Student Disciplinary Procedure and Sanctions" can be found in the "Student Code and Academic Issues" section of the TTC Student Handbook or on the college's website at Disciplinary Process.

## How the College Can Help

- The college's Counseling Office will offer emotional support and refer you to community resources for victims of sexual assault.
- The college will also change your academic situation if changes are requested and reasonably available.

# Associate Degree Competencies/Core Curriculum

## Associate Degree Requirements

Every associate degree at Trident Technical College is designed to promote the success of our graduates, whether in their careers or in their next academic programs. In support of that goal, associate degree programs include general education courses, major courses and courses that give students training in technology.

## Technology Requirement

Associate degree programs will include at least one course that ensures that each graduate has had access to and training in computer technology appropriate to his or her career field.

## General Education Core Curriculum Requirements

### Rationale

TTC's general education core curriculum is derived from the belief that effective communication and critical thinking are essential competencies of the workplace and provide the necessary foundation for lifelong learning. To foster development of these essential competencies, the core curriculum provides associate degree students with a broad base of knowledge and exposure to the perspectives and methodologies of various disciplines.

## University Transfer Programs

Trident Technical College provides many opportunities for students who plan to transfer to four-year colleges or universities. TTC students can transfer successfully to public and private institutions both within South Carolina and across the United States if they choose courses carefully.

Transfer students can tailor their TTC course work to the requirements of the four-year college or university they have chosen. Those requirements vary considerably from college to college and even among majors at a single college. Planning an effective sequence of classes requires careful consideration of points such as these:

- Only the college to which the student is transferring can determine which credits will be accepted to meet specific requirements. Students should consult a catalog or website from their prospective four-year college and, if possible, consult someone at the four-year college for specific transfer advice before meeting with a TTC advisor.
- All public and many private four-year institutions in South Carolina maintain transfer agreements with TTC, which can serve as a guide for selecting courses. In addition, transfer advisors can help students choose appropriate transfer courses.
- Most courses with a final grade of less than C will not transfer to four-year colleges.
- The GPA required for transfer admission varies from college to college.

- Not all colleges calculate GPA by the same method.
- For more information on transfer policies and GPA, see Transfer Policy for Public Two-year and Four-year Institutions in South Carolina.

For information about TTC’s transfer programs call the following offices or see transfer information in the appropriate divisional section.

Note: These specialty transfer programs may not result in an associate degree. In some cases, the programs require more hours for graduation than financial aid will cover. See an advisor as early as possible for details. For more information regarding transfer to four-year colleges and universities, contact Susan Norton, assistant vice president of academic programs, or visit TTC’s website. See the Commission on Higher Education document Transfer: State Policies and Procedures or visit [www.sctrac.org](http://www.sctrac.org).

# **AERONAUTICAL STUDIES**

## **Overview**

TTC’s Division of Aeronautical Studies is designed to satisfy the need for trained aerospace workers in the fields of aircraft maintenance, aircraft avionics and aircraft manufacturing.

Classes for the Aircraft Maintenance and Avionics Maintenance programs are offered only at the Berkeley Campus. The Aircraft Maintenance program is designed to lead toward Federal Aviation Administration (FAA) licensing or certification for airframe and powerplant while the Avionics Maintenance program is designed to lead toward Federal Communications Commission (FCC) and NCATT certification. Both programs offer either an associate degree or certificates that will lead toward certification by their respective certifying agencies. Classes for the Aircraft Assembly program are offered at the Main Campus as a two-semester certificate program. Students may enter any program at the start of any semester upon approval of an academic advisor.

## **General Information**

As with all TTC programs, students interested in Aeronautical Studies programs should consult with a faculty advisor to discuss program requirements, class times and frequency of offerings. For more information, call 843.574.6796.

## **Cancellation Policy**

TTC reserves the right to cancel courses due to inadequate enrollment.

# ALLIED HEALTH SCIENCES

## Overview

To meet the ever-expanding demand for qualified allied health professionals, TTC's Division of Allied Health Sciences offers a wide array of associate degree, diploma and certificate programs.

These programs combine classroom instruction, laboratory experience and clinical practice to assure that students obtain the most current and the highest-level skills in their chosen health profession.

Students interested in Allied Health Sciences programs may obtain admission requirements information from the Admissions office. Additional information about the sequence of course offerings, class schedules, program costs and job opportunities is available by consulting a faculty advisor or by attending a program advising session. Contact your assigned academic advisor for an appointment. Academic advisors are assigned as part of the college orientation process conducted in the Orientation Centers on each campus through a walk-in service. See the Orientation section for more details.

## General Information

Professional courses for Allied Health Sciences associate degree programs are offered in sequence and require two years for completion. The exceptions are the Occupational Therapy Assistant and the Physical Therapist Assistant programs, in which the professional courses take one year to complete. However, all general education courses, other required courses and a humanities elective must be completed as a condition of admission to the Occupational Therapy Assistant and Physical Therapist Assistant programs.

Prior to beginning clinical training or enrolling in courses requiring personal protective equipment, students must have current CPR certification, medical professional liability (which is included in the college tuition) and major medical insurance, a physical examination, all required immunizations and current TB (PPD) tests.

Allied Health Sciences students are required to follow stringent safety procedures, including, but not limited to, OSHA's Standard Precautions for handling potentially infectious materials.

Students are required to purchase uniforms in most programs and to purchase laboratory supplies and materials in some programs.

Students will be assigned to off-campus clinics and must have reliable transportation.

## Course Progression

For all Allied Health Sciences programs, students must earn a C or better in all required courses.

## Criminal Background Checks/ Drug Screening

All students enrolled in an Allied Health Sciences program will be required to complete a criminal background check and will be subjected to random drug screening. Results of the criminal background check and/or drug screening could affect the student's ability to complete required clinical rotations and/or become credentialed. (Conviction of a felony could make a student ineligible to take the licensing exam(s) required by the profession upon graduation. Early notification to the appropriate board is required. Faculty advisors will provide information about this procedure). Only criminal background checks and drug screenings conducted through the college-approved agency will be accepted. Faculty advisors will provide information about the criminal background check and drug screening procedure at the program open advisement session. Criminal background checks must be completed prior to the first day of the entering semester. Drug screenings will be conducted randomly but prior to a clinical rotation.

## Cancellation Policy

TTC reserves the right to cancel courses due to inadequate enrollment.

## Occupational Therapy Assistant

### Associate in Applied Science

#### Credit Requirements: 71 Semester Credit Hours

Occupational Therapy is an allied health specialty that employs the use of purposeful activity for individuals who are limited by physical injury or illness, psychosocial dysfunction, developmental or learning disabilities, or the aging process, in order to maximize independence, prevent disability and maintain health. Practice encompasses evaluation, treatment and consultation.

The Occupational Therapy Assistant program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, P.O. Box 31220, Bethesda, MD 20824-1220. AOTA's telephone number is 301.652.2682. Graduates of the program will be able to sit for the national certification examination for occupational therapy assistants administered by the National Board for Certification in Occupational Therapy Inc. (NBCOT). Successful completion of this exam entitles the individual to practice as a Certified Occupational Therapy Assistant (COTA) under the supervision of a registered occupational therapist. Most states require licensure in order to practice; however, state licenses are usually based on the results of the NBCOT Certification Examination.

# COMMUNITY, FAMILY AND CHILD STUDIES

## Overview

Community, Family and Child Studies is a division dedicated to meeting local, regional and national needs of the community for quality training in human services, as well as child and youth services. It is designed to equip students with the skills necessary to meet the increased demands for qualified professionals. These programs combine classroom instruction, field experience and interdisciplinary skills.

Students interested in Community, Family and Child Studies may obtain requirement information from the Admissions office. Additional information about the sequence of course offerings, class schedule, program costs and job opportunities can be obtained by consulting a faculty advisor or by attending a program advising session. To schedule a faculty advising appointment, contact the Division of Community, Family and Child Studies on Main Campus in Bldg. 200, Room 150, or call 843.574.6529.

## General Information

The division offers programs that prepare students to enter some of the nation's fastest-growing occupations. These programs include Early Care and Education, Early Childhood Development, Child Care Management, School-Age and Youth Development, Special Education, and Infant and Toddler Development. Within the Human Services field, a growing body of data supports the need for practitioners trained and skilled in the specific areas of family intervention studies, human services generalist and addictions/substance abuse. In the Tricounty there has also been a significant increase in the number of retirees, indicating a need for professionals skilled in gerontology.

Prior to enrolling in the Community, Family and Child Studies programs, students must have a high school diploma or a GED and take the college's placement test or possess qualifying SAT or ACT scores for all programs. Students who have transfer credits of C or better from an approved, regionally accredited postsecondary institution may not need to take the placement test.

The Early Childhood Development diploma and certificate programs, Child Care Management certificate, Infant and Toddler Development certificate, School-Age and Youth Development certificate, and associate degree in Early Care and Education programs require the following additional admission requirements: a health assessment denoting good health and a negative tuberculosis skin test and compliance with technical standards as prerequisites to labs in licensed child care centers. A clear criminal background check by the South Carolina Law Enforcement Division (SLED) also is required. In addition to SLED background checks, some child development centers and schools may require fingerprinting. Students entering these laboratory courses may opt to be fingerprinted. Fingerprinting and a SLED background check are required for the Early Care and Education workforce. A clear criminal background check by the South Carolina Law Enforcement Division (SLED) is also required for students entering the Human Services, Addictions/Substance Abuse, Family Intervention Studies and Gerontology programs.

# **ENGINEERING TECHNOLOGY**

## **Overview**

TTC's Division of Industrial and Engineering Technology offers a wide array of associate degrees and certificates designed to provide excellent career opportunities in the highly technical and rapidly expanding area of engineering technology.

Courses offered within the department of Engineering Technology are designed to develop critical thinking and broad technical knowledge. The engineering technology principles learned are applied to practical engineering problems. Classroom study is related to shop, laboratory and field experience.

The associate degree programs require two years of study. The certificate programs require two to four semesters of study and are offered when sufficient interest is generated to support class-size groups. All have requirements for admission. Students interested in any of these programs should call the Department of Engineering Technology at 843.574.6156 for additional information on programs, scheduling and admission requirements. Any of the programs may be completed on a part-time basis, though it will require a longer period of time to do so.

## **General Information**

As with all TTC programs, students interested in Engineering Technology programs should consult with a faculty advisor to discuss program requirements, class times and frequency of offerings. For more information, call 843.574.6156.

# **HUMANITIES AND SOCIAL SCIENCES**

## **Overview**

The Humanities and Social Sciences (HSS) Division offers the Associate in Arts (AA) degree and the certificate in Professional Writing and provides general education and support courses for most other programs at TTC. The AA degree, while emphasizing communication, social sciences and humanities, can provide students with the first two years of baccalaureate course work. The AA program is designed to prepare students for four-year (baccalaureate) majors in fields such as:

- Business Administration
- Accounting
- Communication
- Management
- English
- Foreign Language
- Education
- Music
- Political Science
- Psychology
- History
- Pre-Law
- Sociology
- Other Humanities, Fine Arts and Social Sciences

AA students should consult with their academic advisors to discuss program requirements. Academic advisors are assigned through the college orientation process conducted in the Orientation Centers on each campus. Your AA advisor will work closely with you to pick courses that not only fulfill curriculum requirements for the AA degree but also, in most cases, fulfill the general education requirements at the four-year institution (if you plan to transfer).

The certificate in Professional Writing provides students with fundamental writing skills for use in a variety of disciplines, including business writing, creative writing, journalism, technical writing and writing for electronic media.

--------	--	---

*\*Hours vary.*

### Associate in Arts Electives

These electives are for the Associate in Arts program only.

Select up to nine hours of college-level credit from the current Catalog. Hours beyond the number required in Oral Communication, Social Science, Mathematics, History, Natural Sciences, Literature and Humanities categories will count toward the nine elective hours. Up to nine hours of nonequivalent transfer credit also may be used.

**Strongly Recommended:** Students should choose courses that transfer to their chosen four-year college or university. See your transfer advisor for help in selecting appropriate electives.

**Exceptions:** These courses cannot be counted toward the nine hours of electives: MAT 155, IDS 101, COL 104, ENG 100, ENG 150 and any course listed in the Catalog as a nondegree course.

No more than 15 hours of courses with the same prefix may apply toward the AA degree.

No course can count more than once.

# INDUSTRIAL TECHNOLOGY

## Overview

Rapid advancements in the Industrial Technology areas make the need for up-to-date education and training essential. TTC's Industrial Technology programs combine classroom study and hands-on training emphasizing skill development, related technical knowledge and general education.

TTC offers a wide array of associate degrees, diplomas and certificates. The associate degree programs require two years of study. The certificate programs require two to four semesters of study and are offered when sufficient interest is generated to support class-size groups. Any of the programs may be completed on a part-time basis, though it will require more time to do so.

## General Information

As with all TTC programs, students interested in Industrial Technology programs should consult with a faculty advisor to discuss program requirements, class times and frequency of offerings. For more information, call 843.574.6156.

## Cancellation Policy

TTC reserves the right to cancel courses due to inadequate enrollment.

## General Technology

### Associate in Applied Science

The General Technology major allows students to select course work necessary to become multiskilled technicians. In addition to completing the college's core curriculum, students also complete course work in at least two technical areas. The following is an example of a career path available. The secondary paths may be substituted for courses in other programs' primary path. Interested students should talk with their advisors.

For entry into this program the student must be a high school graduate or possess a GED and take the college's placement test or meet the college's SAT or ACT requirements. Automotive Technology students must have a valid driver's license.

## Golf Course Maintenance

**Certificate in Applied Science**

**Credit Requirements: 23 Semester Credit Hours**

The Golf Course Maintenance certificate program provides short-term training for individuals employed in golf course maintenance and those wishing to enter the field. The program is structured so that novice students can develop basic skills, and those individuals currently employed at golf courses can upgrade their skills through formal course work combined with on-the-job training. This on-the-job

training consists of supervised work experience in which students are placed at a golf course for hands-on practice with chemical and fertilizer application equipment as well as training in routine maintenance practices. Students must see the Horticulture faculty for more information.

Admission into this program requires qualifying scores on SAT, ACT or TTC’s placement test. High school graduation is not required if you are at least 18 years old.

## LAW-RELATED STUDIES

### Overview

The Division of Law-Related Studies offers students the education needed to enter the law enforcement and paralegal professions.

The Criminal Justice associate degree program is for students who desire to begin careers in law enforcement, upgrade their skills, or transfer to a four-year institution to obtain a bachelor's degree in criminal justice, criminology or sociology. Some courses offered in the training curriculum at the S.C. Criminal Justice Academy may be eligible for credit toward the Criminal Justice associate degree at TTC. Courses taken at TTC may be transferable to the S.C. Criminal Justice Academy for recertification credit for certified police and detention officers. Some credit may transfer to public and private colleges as well. Contact your advisor for more information about transfer options in criminal justice. The college also offers four Criminal Justice certificates: Law Enforcement, Corrections, Crime Scene Investigation, and Emergency Management and Protection. These certificates are designed for students who are not seeking an associate degree but need course work in criminal justice to help them gain employment or advance in their respective fields of employment.

TTC's Paralegal associate degree program is designed for students who want a career as a paralegal. The college also offers a Paralegal certificate program for students who already have some college credit. To enter the certificate program students must have at least 49.5 quarter or 33 semester credit hours, at a C or better, from an approved, accredited postsecondary institution. Of these hours, three hours must be CPT 101 or a comparable computer course, and 18 hours must be general education courses spread across three disciplines, with six of those 18 hours being comprised of ENG 101 and SPC 205 or SPC 209. Contact your advisor for further details. The Paralegal certificate program and the Paralegal associate degree program have received the approval of the American Bar Association.

### General Information

Through internships, work-study positions or the college's cooperative education program, Criminal Justice and Paralegal students are provided the opportunity to receive on-the-job training in a variety of settings.

Students interested in Law-Related Studies programs should consult with a faculty advisor to discuss program requirements, class times and frequency of offerings. Seating is limited, so early registration is recommended. For more information call 843.574.6890.

### Cancellation Policy

TTC reserves the right to cancel courses due to inadequate enrollment.

# THE LEARNING CENTER

## Overview

The Learning Center Division provides instruction in developmental studies English, reading, math and critical reading (RDG 100) and offers academic support and tutoring through Learning Assistance. It also offers IDS 101 Human Thought and Learning and courses in English as a Second Language. All of these components provide services that enable students to be successful in college courses and to meet their academic goals.

## General Information

The purpose of developmental studies courses is to assist students in acquiring the skills and knowledge necessary for their success in curriculum courses. Many students who wish to continue their education beyond the high school level lack essential competencies in reading, writing and/or mathematics. Courses in developmental studies help prepare students for programs of study leading to certificates, diplomas and degrees that will afford them opportunities for successful careers and lifelong learning.

Scores on entrance placement test(s) determine whether a student must enroll in one or more developmental studies courses before taking college credit courses. Your advisor or a college counselor can provide you with specific information about your scores and registration for courses. Please see the Course Description section of this Catalog for details about the courses.

Students enrolled in ENG 032, MAT 031, MAT 032, RDG 032 and RDG 100 will find that learning takes place in a technology-enhanced environment. Each student will have an Individualized Study Plan (ISP) or set of assignments based on the results of diagnostic testing or assessment. The ISP may include computer tutorials, guided instruction, and self-paced lessons using a variety of media learning lab activities. Instructors will work with you to help you pace your individualized assignments so that you can complete your ISP as quickly as you can master the course objectives.

You must show satisfactory academic progress while in developmental studies courses. You can take and repeat developmental studies courses (those with a 0 prefix in mathematics, reading and English) up to a maximum total of 36 semester credit hours, the equivalent of three semesters of full-time enrollment. Exceptions will be granted

only if you meet the college's Standards of Academic Progress and if you have the approval of the department head and/or dean.

Students enrolled in developmental studies courses are also encouraged to enroll in COL 103 College Skills to gain strategies that will facilitate success in all college courses. Another option is IDS 101 Human Thought and Learning, a course that includes topics such as information processing, problem solving, memory and cognitive awareness. Students who need to develop study skills may choose to enroll in a one-credit hour course, COL 104 Study Skills.

## Cancellation Policy

TTC reserves the right to cancel courses due to inadequate enrollment.

## English as a Second Language (ESL)

The college offers English as a Second Language courses to non-native English speaking students who need assistance with speaking, listening, reading and writing in the English language to be successful in college credit courses. Students interested in ESL classes should call 843.574.6378 for more information.

Courses in ESL provide classes and laboratories that focus on the specific needs of non-native speakers of English. These needs include grammar, pronunciation, writing, vocabulary, reading skills and communication. Please see the Course Description section in this Catalog for details about the ESL courses.

## Learning Assistance

Learning Assistance at TTC is provided through The Learning Center Division. The Center provides one-to-one tutoring, videos, computer tutorials, reference materials, informational handouts, and small group workshops to supplement learning needs in English, mathematics, and some other subjects. Students should contact The Learning Center on Main Campus at 843.574.6409, on Palmer Campus at 843.722.5516 or on Berkeley Campus at 843.899.8079 for additional information or to schedule an appointment for assistance. Tutoring and resources in Learning Assistance are provided free of charge to TTC students.

# NURSING

## Overview

TTC's Division of Nursing offers a curriculum with multiple entry and exit points with options for students to earn a certificate, diploma and associate degree. The Nursing curriculum incorporates course requirements for all Nursing programs into three levels. The sequential program levels prepare students for progressive roles of nursing practice: the nursing assistant, the practical nurse and the registered nurse. Students may successfully complete requirements for each program level and exit, or progress, to the next level. Requirements for each program level of the curriculum are progressive and must be met before entering courses in the next program level.

All qualified students may enter the first program level, the Nursing Assistant certificate. Students who successfully complete the course requirements of the first program level (Nursing Assistant) may exit with the Certificate in Applied Science or meet the progression requirements for the next program level and continue in the curriculum. Students who successfully complete the requirements for the second program level (Practical Nursing) may exit with a Diploma in Applied Science or meet the progression requirements for the third program level and continue in the curriculum. Students who successfully complete the required courses of the third program level (Associate Degree Nursing) exit with an Associate in Applied Science degree.

Qualified students who are Certified Nursing Assistants may enter the second program level of the curriculum and follow the CNA-to-PN Option. Students successfully completing the CNA-to-PN Option may exit with a Diploma in Applied Science or meet the progression requirements for the third program level and continue in the curriculum. Qualified students who are Licensed Practical Nurses may enter the third program level of the curriculum and follow the LPN-to-ADN Option. The LPN students who successfully complete the third and final program level exit with an Associate in Applied Science degree.

The Nursing curriculum combines general education courses and clinical nursing courses and incorporates classroom instruction, laboratory simulation and clinical practice to ensure students obtain the most current knowledge and high-level skills available in the nursing profession.

## General Information

TTC's Associate Degree and Practical Nursing programs are accredited by the National League for Nursing Accrediting Commission (NLNAC, 3343 Peachtree Rd., NE, Suite 850, Atlanta, GA, 30326, 866.747.9965) and approved by the South Carolina Department of Labor, Licensing and Regulation Board of Nursing (P.O. Box 12367, Columbia, SC 29211, 803.896.4550). The Nursing Assistant program is approved by the Department of Health and Human Services. All clinical Nursing courses are FastForward sessions. Professional courses for the Associate Degree Nursing level are offered in sequence and require two years for completion with the exception of the Accelerated Option. Professional courses for the Practical Nursing level are offered in sequence and require three-and-a-half semesters for completion. The course for the Nursing Assistant level requires one-half semester for completion.

Prior to beginning clinical experiences in the Nursing programs, students must have current CPR certification, medical professional liability insurance (included in tuition), major medical insurance, a physical examination, and all required immunizations (see information in Open Advising Session) and tests. In these programs students are required to purchase uniforms, laboratory supplies and other course materials. Since students will be assigned to clinical sites off campus, they must have reliable transportation. In order to be in compliance with affiliation agreements between Trident Technical College and clinical facilities, all students entering Nursing programs are required to have a completed drug screen and criminal background check within six months prior to starting the Nursing program. Background checks for students will include, at a minimum, the following:

- Social Security number verification
- Criminal search
- Employment verification to include reason for separation and eligibility for re-employment
- Violent Sexual Offender and Predator Registry search
- HHS/OIG List of Excluded Individuals/Entities
- GSA List of Parties Excluded from Federal Programs
- U.S. Treasury, Office of Foreign Assets Control, List of Specially Designated Nationals
- Applicable State Exclusion List

Only drug screens and background checks conducted through the agency designated by the college within six months prior to admission to the Nursing programs are acceptable. Students will be assessed processing fees.

Results of the drug screen will be made available to the dean. Students with positive drug screens will not be permitted to enroll in clinical nursing courses. Results of the criminal background check will be made available to the dean, who will forward any adverse findings to the clinical agency. The clinical agency will review all adverse findings and determine whether or not the findings disqualify the student from clinical practice. Should a student be disqualified from clinical practice in a clinical agency, the student must meet with the dean to review potential options. To be eligible for graduation, the student must be able to complete all clinical rotations.

Conviction of a crime (other than a minor traffic violation) could make the student ineligible to take the licensing exam required by the profession upon graduation. Early notification to the appropriate board is suggested.

Admission requirements for the nursing program are subject to change. Students should visit [www.tridenttech.edu/nursing.htm](http://www.tridenttech.edu/nursing.htm) at the beginning of each semester for changes in admission requirements.

2. Meet the Nursing program's admission requirements.
3. Submit a letter from the dean or director of the former nursing program that addresses the student's
  - a. theoretical standing
  - b. clinical standing
  - c. eligibility for readmission to that program

NOTE: Only students who have no more than one unsuccessful attempt (W, D, F or U) in a clinical nursing course are considered for admission.

4. Meet the college's requirements for 25 percent of the curriculum credit hours to be taken at TTC.
5. Meet all prerequisite and corequisite courses applicable to the semester for which the student is seeking entry. Laboratory sciences must be taken within five years of the date of entry into the program.

## Course Sequence and Progression

To progress in the program, the student must achieve a minimum grade of C in all courses. These courses must be successfully completed before or during the term in which they appear as a corequisite in the recommended sequence of courses for the program and semester of entry.

## Repeat Policy and Termination

Nursing Assistant students may have no more than one unsuccessful attempt in Basic Nursing Skills (NUR 102). Practical Nursing and Associate Degree Nursing students may have no more than two unsuccessful attempts in clinical nursing courses. LPN-ADN students may have no more

An unsuccessful attempt is defined as receiving a W, D, F or U.

## Readmission

Students enrolled in any Nursing program who do not progress in the curriculum sequence for any reason (academic or personal) must seek readmission to progress to another clinical course. Readmission is not automatic. Criteria for readmission are outlined in the *Student Nurses Handbook*.

## Nursing Assistant

### Certificate in Applied Science

#### Credit Requirements: 8 Semester Credit Hours

The Nursing Assistant program is a curriculum program that offers eight hours of college credit. It prepares students to assist in patient care and function as effective members of the nursing team, under the supervision of a Registered Nurse or a Licensed Practical Nurse. Graduates of the Nursing Assistant program are eligible to take the Nurse Aide Certification exam administered by

the Department of Health and Human Services (DHHS). Upon satisfactory completion of the exam, graduates are Certified Nursing Assistants. Nursing Assistants work in hospitals, nursing homes and home health agencies.

The curriculum incorporates classroom instruction, laboratory simulation and clinical practice.

Prior to beginning clinical training, students must have a current CPR certification, medical professional liability insurance (included in tuition), major medical insurance, a physical examination and all required immunizations/testing.

Applicants who are Certified Nursing Assistants from another program or who have been out of TTC's Nursing Assistant certificate program two or more years are eligible to be considered for admission to the CNA-to-PN Option.

Applicants who have graduated from TTC's NA program less than two years before application must meet Practical Nursing Admission Requirements.

### Admission Requirements

In addition to meeting the Program-Specific Admission Requirements below, applicants must also meet the General College Admission Requirements and General Nursing Program Admission Requirements. *Note:* Completion of the Pre-Nursing certificate alone does not meet the Pre-Nursing Certificate option for admission to the Nursing program. Students using the Pre-Nursing Certificate as their admission option must complete all courses in the Pre-Nursing Certificate with a grade of C or better and minimum cumulative GPA of 2.75. No more than four of the eight required courses required for the Pre-Nursing Certificate may be repeated to meet this admission option.

## Pre-Nursing

**Certificate in Applied Science****Credit Requirements: 26 Semester Credit Hours**

The Pre-Nursing Certificate is a curriculum program, which offers 26 hours of college credit. Pending admission to one of the Nursing programs, students may complete the certificate program. While completion of this certificate may not be an admission requirement, it will provide the student with skills and knowledge prior to entering one of the Nursing programs.
